FLAX IN IRELAND.

Another of Dr. Neilson Hancock's very ful statistical reports have appeared; the subject being flax culture in Connaught and Munster The inquiry was ordered by the Lord-Lieuwould be politic to continue the grant £6,000 made by Parliament in 1864 and 1865 to promote the growth of flax in those provinces. In order to obtain a standard to esconsider what took place in Ulster, the seat of the linen trade of Ireland, were nine-tenths of the flax is produced, and where no Government encouragement was given. From 186 to 1865 there was in that province an increas of over 90,000 acres of flax, or 63 per cen In the province of Connaught the growth flax decreased in 1862, but more than reco ered in 1863 without any government en couragement at all. The increase from 186 to 1865 was 254 per cent. If it decreased 13 ed 16 per cent, the same year in Ulster. Munster the total increase from 1861 to was 225 per cent.

THE THOUSAND BARREL WELL

Wyoming, Feb. 20. A splendid well was struck on Monday belonging to A. Hendricks, Esq. It will vield over 1000 barrels per day; it was nad to-day's report puts it down as a 1500 253 The volume of oil proceeding from the

of in Canada for some years. The well was struck on Saturday last, and the pump applied on Monday. After exhausting the surface water, a new tank was placed i barrels of oil, and it was filled in fifty minutes! Then another capable of holding 36 barrels was filled in 25 minutes. The yield is clear oil.

Property in the vicinity has risen rapidly since the news got abroad, and the wildest enthusiasm prevails among the knowing

ANOTHER STRIKE

Well, on a lot south of the east gumbeds, in struck on Saturday, and was pumping this morning about 40 bbls. per day, mixed with very little water.
