My wife was athleted with Consumption and died; I was also fillicted with the same disease, and after her death I continued sinking just as she had done. I had very severe Night Sweats; caughed nearly all night and very night; could not sleep unless a little owards morning; I raised over a quart matter every twenty four hours; had severe pain in the left lung, &c., &c., and was greatly debilitated. In fact I was going as fast as I could. I was taking medicine from a regular physician, but it did not ven relieve my cough. I went to the village one day, about a quarter of a mil which took me to go and come about two hours. While there I saw Esq. Wellington, and happened to say to him, I wish you could give me something to relieve my cough, 'He said, There is a Great Indian Remedy just introduced; Dr. Barker has it for sale, and I believe it will cure you. took his a wice, and brought a pottle home with me; took a tea poonful at once which I fell through my whole system. At night I took a tablespoonful and rested well. all night, and continued to rest well every night. The Cough, Night Sweats, Raising of Matter, Pain in the Lung, &c., gradualleft me, and I got hearty and strong. took only three bottles. I am not taking it now, and I am as hearty and well as ever I was in my life. My sister-in-law was with me for a while, who was affected She has taken the remedy, and is well.
