Sir Morton Peto.—Sir Morton Peto had gone before his constituents at Bristol and given explanation in reference to his connection with the London, Chatham and Dover Railway. He says he may have been foolish in endeavoring to support the company, but he has not been dishonest. The meeting which he addressed unanimously passed a resolution declaring his explanations to be satisfactory.

## NEWS OF THE DAY.

Royal Birth Day.—To-day, the 9th of November, is the twenty-fifth birth-day of of H. R. H. the Prince of Wales. The heir to the British throne may be said to have fully attained the age of discretion.

Common School Board.—The Board of Common School Trustees held no Regular Meeting on Wednesday evening, owing to the lack of a quorum, only seven having collected as late as eight o'clock. No business of importance, however, was to be brought under their notice.

☞ The Indian Summer.—Now is the season of our great enjoyment, not discontent, for the charming Indian Summer is upon us, and every one is enjoying himself and the delightful weather. Such weather as we Canadians now enjoy is worth living in Canada for, despite its burning summers and frigid winters.

A Smart Boy.—The lessee of the market tolls yesterday, when he was making the rounds of the farmers' waggons to collect his dues, found that some kind friend had relieved him of that duty, and immediately detected a boy, a son of a Royal Canadian Rifleman, who, it appears, had visited nearly all the waggons in the square, received the tolls, and chalked the boxes in the usual way, so as to excite no suspicion. When charged with the offence, he acknowledged his guilt, and forthwith handed over a handful of silver. He was brought before the Police Magistrate, who remanded him to the cells until this morning. The only excuse he gave for his conduct, was that he saw that others were doing the same thing, and thought he might come in for his share of the spoils.

Fire at Oswego.—Mr. James Swift, of this city, had a cargo of Barley, shipped from this port on Monday last, stored in the North Western Elevator at Oswego, owned by Irwin and Sloan, which was totally destroyed by fire on Wednesday last. He will be at no loss, however, as all the grain in the building was fully insured.

The Grain Market.—Small quantities of grain were brought to market yesterday. Buyers were paying 56 to 57c per bushel for Barley ; 60 to 61c for Rye ; and 70c for Peas, being a slight rise in the price of Rye, and a fall in that of Peas.

Not True.—During the recent prolonged sittings of the Executive Council at Ottawa, a rumor was started that a determined and persistent effort was made to induce Mr. Howland to give up the Finance department, and allow Mr. Galt to return to it. The Montreal Gazette was then informed upon the best authority that this was untrue. During the more recent session of the Executive Council there, the rumor had been again revived in a very positive form, and it has again the best authority for denying it. Nothing of the sort has occurred. Mr. Galt has neither the desire nor intention to resume his functions as a Minister until Confederation has been settled upon a satisfactory basis.

The Hercules.—The Prescott 'Telegraph' says the gunboat 'Hercules' is under orders for Montreal, where she will be handed over to her private owners, Messrs. Calvin and Breck, after she is disarmed. It was generally understood that she was purchased and not chartered by the government. The gunboat 'Royal,' at Cornwall, is also to be recalled.

The 100th Regiment.—One hundred and sixty men of the 100th Royal Canadian Regiment arrived in Ottawa on Tuesday by boat from Montreal. As soon as the new barracks can be completed, the right wing and the band will be forwarded.

### LATE FROM MONTREAL.

Montreal, Nov. 7.

It is generally reported that our Government, at the late Cabinet meeting, resolved to commute the sentences of Lynch and McMahon.

Archibald Glen Hall, of Hall, Kay & Co., having suddenly disappeared, search was made, and his hat and coat were found in the canal, and his body in the river below the city. The verdict at an inquest was 'found drowned.' He was aged 28 years.

All Ministers left here except Mr. Cockburn, detained by illness, and Mr. McGee.

Mr. Chaveau, Superintendent of Education in Lower Canada, has obtained six months' leave of absence to go to Europe for the purpose of studying the organization of different systems of instruction on that continent. Mr. Gerard takes his place in the meantime.

Lieut. Casault, of the 100th regiment, it is said, has been appointed Assistant Adjutant-General in the place of the late Colonel Suzor.

### LATER BY ATLANIC CABLE.

London, Nov. 7.

Great Britain has withdrawn her legation from Saxony, thereby recognizing the incorporation of Saxony with the kingdom of Prussia.

It is said that preparations are quietly in progress in Ireland to meet a possible rising.

St. Petersburg, Nov. 7.

The Czar of Russia has formally recognized the Hospodar.

Vienna, Nov. 7.

It is reported that the Emperor of Austria has resolved to appoint a Hungarian ministry.

London, Nov. 7.

It is stated that the insurrection in Candia has ended.

Constantinople, Nov. 7.

Another insurrection has commenced in Candia, and it is officially stated that three fights had occurred at Galeads, in which the insurgents lost 112 killed. All the Sphapiot chiefs, thirty in number, have submitted.—Aleli Pasha will be governor of the island.—A further concession for the christians from the Sultan is expected.

### VERY LATEST BY ATLANTIC CABLE

London, Nov. 7.

The Bank of England has received into its vaults, during the month ending on Friday, gold to the value of £940,960 sterling.

London, Nov. 6, evening.

American bonds ruled this morning at 68 to 68¼ ; Erie ½ per cent. lower.

Liverpool, Nov. 6, evening.

The petroleum market is quiet. Cotton opened at rates of last evening, Orleans middling 15¼d.

### THE CABINET.

Ottawa, Nov. 7.

Ministers have been all day engaged on department work. Messrs. Macdonald, Cartier, Campbell and Blair are here ; the latter arrived this morning. Messrs. Cartier and Macdonald expect to leave for home to-morrow.

### VOLUNTEERS RECALLED.

Cornwall, Nov. 7.

The volunteer companies stationed here received orders from the Adjutant General, to leave here for their homes on Friday, and are struck off the service roll. The gunboat Royal stationed here, leaves on Friday.

### THE LATEST RETURNS FROM THE STATE ELECTIONS.

New York, Nov. 8.

The World gives Fenton 8,187 majority.—The Herald gives him about 8,000. The Times about 12,000, and the Tribune 12,846.

San Francisco, Nov. 7.

The Union party carried the Nevada State election yesterday by about 1,000 majority.

St. Louis, Nov. 6.

Nearly complete returns give the Radical ticket in this county about 3,000 majority.

The appointment of M. Langevin to the office of Postmaster-General negatives the pretence that he had fallen into disgrace with the Governor-General, on account of the part he was alleged to have taken in the Lamirande case. We believe we are correct in saying His Excellency has neither thrown blame nor responsibility upon the law officers of the Crown for his own personal act in that case.

Fenianism.—The Judge of the Ferry-bridge Court has made a good hit. It is a pity it was not carried out. When Priest McMahon was found guilty, of course everybody believed that the Minister would have to join his Catholic comprere and have been found guilty also, it not likewise. The learned Judge of the Ferry-bridge Court suggested that the present Chaplains of the Penitentiary might be relieved of their arduous duties, and that the two Fenian Priests should do their work, free of charge, and thereby save the Province $3,200 a year. Capital of the Judge, is it not ?

Police Court.—Three drunken cases were brought up yesterday. One of them, a vagrant woman, was discharged, and the others were fined $2 each. Biddy Donnelly and Biddy Keys were charged with vagrancy. The former was furnished with money enough to take her out of the city, and the latter as committed to gaol for thirty days.

### AN ANTIDOTE FOR POISON.

THE PAIN KILLER.—Rev. T. Allen, writing from Tavoy, Burmah, says :—'Within the past four years I have used and disposed of about five hundred bottles, but am now out. Please send me a fresh supply as soon as you can—say two hundred bottles. I dare not be without it myself and there are endless calls for it both by Burmans and Karens. I always take it with me into the jungles, and have frequent occasion to use it both on myself and others. One night while sleeping in an open Zayats, I was awoke by a most excruciating pain in my foot. On examination, I found I had been bitten by a centipede. I immediately applied the Pain Killer, and found instant relief.'

Rev. Mr. Hibbard, writing from Burmah to his father, says :—'I have used Davis' Pain Killer for coughs, colds, summer complaints, burns, and for the sting of scorpions, with uniform success. We always keep it where we can lay our hands on it in the dark, if need be.'

Old Friends are best.—Rev. D. R. Clendenin, Chicago, Ill., says in a letter—'I can add my testimony to the efficacy of Mr. S. A. Allen's World's Hair Restorer and Zylobalsamum, and say that I have great confidence in them, and would recommend them to my friends and the public.' Sold by all druggists. The Oldest Medical Preparation is that of the family. Long before doctors were known the head of the family examined and prescribed for the members. From the necessity of the case the first and most important stage of every disease is treated by the patient's parents or nurse. This being so, how important that the means on hand, should be simple, ample, and efficient. Humphreys' Homœopathic Specifics (advertised in another column,) perfectly meet this want, and should be in the hands of every intelligent family.

269 662 Broadway, N.Y.

'Is its Reputation Established ?'—You have a right to ask that question. Not only have you the right, but it is unquestionably your duty to yourself and to your family to do so. Downs' Vegetable Balsamic Elixir has been a standard medicine for more than thirty two years. Henry's Vermont Liniment has been winning its away to public favor for the last ten years, and the Odous Kalluxterios has received the unqualified sanction of all the leading dentists in Montreal. 257

### INSTANTANEOUS MEDICATION.

Sudden Death.—The fierce diseases of the tropics give no time for parley. Conquer the first paroxysm with Radway's Ready Relief. All acute maladies of an epidemic nature, all congestive disorders, and in fact all diseases fraught with immediate danger, yield to this commanding curative. Yellow Fever, Asiatic Cholera and Small Pox, are terrible scourges, but their life-destroying symptoms may be suspended with a single dose of the Relief. Applied with brisk friction to the spine, and taken inwardly as an antidote, it inspires the collapsing system with new vitality. Keep it always at hand. No one can tell at what moment it may be needed, and nothing else will supply its place. 260

Sickness is an affliction that waits on us all. None are exempt and there are none but need relief from attacks. Whoever can furnish this becomes our benefactor. A conviction prevails that Dr. Ayer does it. Disorders of the blood have been healed by his Sarsaparilla, and affections of the lungs by his Cherry Pectoral, too frequently and too distinctly to be disputed. His Ague Cure is said, by those who use it, to never fail. Reader, if you must have medical aid, take the best of medicine. Poor remedies are dear as good are cheap, at any price you have to pay for them.—[Charleston Courier. 260

### AGUA DE MAGNOLIA.

A toilet delight. Superior to any Cologne, used to bathe the face and person, to render the skin soft and fresh, to allay inflammation, to perfume clothing, for headache, &c. It is sold by all dealers, at $1,00 in large bottles, and by Demas Barnes & Co., New York, Wholesale Agents.

"Jes' so !"—"Exactly !"—Solon Shingle said they were there 'every time.' If he felt "owley" in the morning, he took Plantation Bitters ; if he felt weary at night, he took Plantation Bitters ; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters ; and they never failed to set him on his pins square and firm.

Few persons want any better authority ; but as some may, just read the following :

" * * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGONER, Mod'd, N.Y."

" * * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. C. A. MILLWOOD, New York City.

" * * * I had lost all appetite—was so weak and enervated I could hardly walk, and had a perfect dread of society. * * * The Plantation Bitters have set me all right.

JAMES HERMINWAY, St. Louis, Mo.

" * * * The Plantation Bitters have cured me of a derangement of the kidneys and Urinary Organs, that distressed me for years. They act like a charm.

C. C. MOORE, 254 Broadway, N.Y."

Mrs. O. M. DEVOE, manager of the Union Home School for Soldiers' Children, says she "has given it to the weak and invalid children under her charge with the most happy and gratifying results." We have received over a hundred reams of such certificates, but no advertisement is so effective as what people themselves say of a good article. Our fortune and our reputation is at stake. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

### OVER A MILLION DOLLARS SAVED !

Gentlemen :—"I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic."

J. W. HEWITT,

Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

Gloucester, Mass., Aug. 1, 1865. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the private U.S. stamp of Demas Barnes & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. Look closely.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

Who would not be beautiful ? Who would not add to their beauty ? What gives that marble purity and distingue appearance we observe upon the stage, and in the city belle ? It is no longer a secret. They use Hagan's Magnolia Balm. Its continued use removes tan, freckles, pimples and roughness, from the face and hands, and leaves the complexion smooth, transparent, blooming and ravishing. Unlike many cosmetics, it contains no material injurious to the skin. Any druggist will order it for you, if not on hand, at 50 cts. per bottle.

Heimstreet's inimitable Hair Coloring is not a dye. All instantaneous dyes are composed of lunar caustic, and more or less destroy the vitality and beauty of the hair. It is also a beautiful hair dressing. Sold in two sizes—50 cents and $1—by all dealers.

DYSPEPSIA ! DYSPEPSIA !

WHAT IS IT ? HOW CURED ?

Dyspepsia is our National Disease—weak stomach, feeble digestion, distress after eating, costive habit, bilious condition. How many suffer with it and its attendant symptoms of low spirits, bad taste, coated tongue, obstupified head, and attacks of headache ! Yet how few know how to cure it ! Generally, because the bowels are constipated, resort is had to cathartics or laxatives. But such a condition was never cured by cathartics, whose only office is to weaken the digestion, and impair the integrity of the entire assimilative system.

But HUMPHREYS' HOMEOPATHIC DYSPEPSIA PILLS—a simple medicated sugar pill—have cured hundreds of the worst and most obstinate cases. This is done simply by improving the tone, and restoring the integrity of the digestive organs, from which result good appetite, regular habits, a clear head, and buoyant spirits. Such a medicine is a gem, and only requires to be known to be appreciated.

Price 25 cents per box, with directions. Six boxes, $1.25.
