#### BATTERSEA.

Jan 5.—The holiday season is past and with it the festive occasions. The elections are over and although disappointment reigns in the breast of many over the result yet the storm is followed by a calm.-We are glad, though we have not a representative on the ministerial side, that the defender of Ontario's rights has been upheld by such a sweeping majority. -- At the annual school meeting Mr. Hughes, the retiring trustee, was re-elected. He is well-deserving of the confidence of the section, having always been a strong advocate of reforms in school work, and a firm friend to the children.—The 27th annual tea-meeting was held on Monday evening and was a success, nearly \$70 being realized. Dr. Anglin filled the chair, and rousing addresses were given by Revs. Henderson and Olivant, and Mr. Williams, of Seeley's Bay. ### CALABOGIE.

Jan. 3.—The syndicate mining company is making extensive trestle work at what is known as the Campbell mine on Bluff point. The work is progressing very favorably un der the superintendence of J. H. Herd, who has already proved himself an experienced miner. The company will drive a drift in the old shaft and sink a new shaft some 300 feet east of the old shaft. The K. & P. company is going to put a switch to the mine in the spring. It is currently reported here that Mr. McRossie, lumberman, of Kingston, is about to build a large mill on the Madawaska river near this place. - The snow is very deep here. - Matthew Richards arrived from Marquette on Lake Superior last week to take charge of the mine at this place. Mr. Richard comes here recommended as an experienced miner. -The people find it very convenient to cross the lake on the ice. They think the government ought to build them a substantial summer bridge over the Madawaskariver. In order to communicate with the village it requires a team to travel a distance of ten miles down one side of the river and up the other. -A gentleman from Perth is trying to get a site for a small mill which he intends erecting in the spring. -Mr. Wilson's boarding house is overflowing with boarders. - There is to be a small steamer placed on the lake here in the spring for the purpose of towing logs and running moonlight excursions. -The Methodists are going to have a concert in their new church on the 4th of January.

JONES' FALLS.

Jan. 3.—The oyster supper in behalf of the Presbyterian church proved to be a success. -We regret to chro icle the death of Mrs. Morahan, of this place, she had been a sufferer for upward of 13 years from a tomor, and at last death claimed her. McGhie, of Elgin, was chairman, and some kind friend placed a beautiful pair of driving gloves on the tree for him. Music furnished by Sabbath school pupils and Elgin

### FIRST VICE-PRESIDENT

S. H. H. Clark of the Missouri Pacific

System. S. H. H. Clark, who has been chosen to succeed the late Mr. Hoxie as first vice-president of the Missouri Pacific system, hails from Omaha. He is a tall, raw boned, light complexioned man and will no doubt be one of the busiest men in the country for some months to come. He seems to appreciate this, and, since his appointment, has trimmed his beard, which he had been in the habit of wearing long and bushy.

[Photo by Cronyn, Omaha.] Mr. Clark was born in New York state and did his first railroad work as brakeman on a gravel train on the Central Railroad of New Jersey. Then he was conductor on the Pennsylvania road and after that became freight agent on the Long Island road when that line of rail extended only from Flushing to Long Island City. Sidney Dillon, who was one of the contractors at work upon the extension of the road, liked Clark, and when the contractor became interested in the Union Pacific he made his friend general freight agent. Mr. Clark was afterward made general manager of the road, which position be resigned to take charge of Mr. Gould's interest in Omaha, which included a street railroad system. This is the position he has resigned to take charge of the Missouri Pacific system.
