This morning a collision occurred on the K. & P. R. track near the Montreal road. The early morning train, delayed, ran into a passenger coach and van which were being backed to the car works. The Farming Interests.

Yesterday a meeting of the agricultural members of the Ontario legislature was held, at which Henry Bawden made interesting remarks, declaring that organization among the farmers was most desirable. Mr. Wil-mot also made an address, urging more unity among the farmers irrespective of party politics.

Looking After the Gamins.

A young man who began work in connection with Savage's band, in Sydenham Street Methodist church, said he was converted at Waterloo, Ont., and, returning to London, took an interest in the city boot-blacks. From a start with two boys the class increased to four hundred, and included all the gamins of the city.

He Would Like to Have All.

The officers of the 16th battalion, Picton, want a hand in the military spectacle in Kingston in June. Lieut.-Col. Villiers was asked why he had not sought a turnout of all the troops in his district and his reply was that he only asked for those regiments that would be in commission, so that the expense would not so great that the government would not disallow it.

Confirming the Assessments.

A court of revision was held yesterday afternoon to hear complaints against the assessment of small properties on streets on which local improvements (drains) were being made. The assessments for the Colborne and Earl street drains were confirmed, as no appeals were filed. The assessment of George McCullough, for the Alfred street drain, will be considered on April 7th.

Remanded For a Week.

Herstine, the Belleville defaulter, has been remanded for a week. He had \$676 worth of goods belonging to Messrs. Vermilyea, Retailack and others. When arrested his stock was valued at \$33. He went off peddling with one Duoinsey who told him that so long as he kept away from Belleville his creditors could not touch him. The smuggled goods, horse, rig and stock, are in the possession of the customs officials awaiting departmental orders from Ottawa.

The Bolivia Shoal.

A survey of the shoal where the "Bolivia" was wrecked was made last week by some cadets of the R.M.C. It lies in a straight line joining the south west end of Cedar Island with the lighthouse at Knapp's point, and is about a mile from the latter. Like the Myles shoal it is from a top of a rounded rocky hill, rising in the flat muddy bottom. The shallowest water was 12 feet. The space within which the depth is less than 15 feet is about 80 feet across. The lee over the shoal was very thin.

The thieves who stole D. Doolittle's bicycle trophies from his Toronto residence have been run down.

The following officers were elected by ballot for the ensuing year: President—Mrs. Donald Ross. First Vice President—Mrs. Byers, Gananoque. Second Vice President—Mrs. Tannahill, Belleville. Third Vice President—Mrs. Coulthard, Picton. Secretary—Mrs. Dickson. Treasurer—Mrs. C. Hamilton.

Mrs. C. Hamilton moved, Mrs. McLean seconded, a vote of thanks to Mrs. Dickson and Mrs. Mowat for the very efficient manner in which they, though prostrated by illness, have discharged their respective duties of president and secretary throughout the past year. An earnest and solemn prayer was then offered up by Mr. Northrup, imploring the divine blessing on the newly-appointed office-bearers and their work. At the afternoon session the reports of the various societies were read by the following: Presbyterian society, Miss Fowler; Amherst Island auxiliary, Mrs. Hamilton; St. Andrew's auxiliary, Belleville, Mrs. McLean; John street, Belleville, Mrs. Northrup; Labourers of Love, Belleville, Miss Cook; Deseronto auxiliary, Miss Davis; Gananoque auxiliary, Mrs. Matthew; T. The evening meeting, held in Chalmers' church, was addressed by the Rev. Mr. Gracey, Rev. Mr. McLean and Rev. Mr. Young, of Napanee. These gentlemen expressed their sympathy with the work of the W.P.M.S., and, while extolling what had been done, urged the society to still greater efforts in the future. The report was presented but could not be read. The choir of the church rendered very efficient service during the evening.

LODGE OF INSTRUCTION.

A Great Company of Masons in the City Exemplifying Degrees.

According to notice given to all the lodges in the Fourteenth district a lodge of instruction was opened Thursday afternoon in the Masonic hall, under the direction of R. W. Bro. F. Welch, D.D.G.M., for the purpose of securing uniformity in the manner of conferring the three degrees and the general work of the lodges. Over fifty brethren were present. The work of the first degree was well performed by W. Bro. J. M. Smith, Master of Lorne Lodge, No. 404, Tamworth, (the youngest lodge in the district), ally assisted by Bro. George Richardson, of Lorne lodge, as S.W., and Bro. H. Mowat, of Minden lodge, as J.W. The second degree was exemplified by W. Bro. E. H. Smythe, W.M., of Ancient St. John's Lodge, No. 3, Kingston, (the oldest lodge in the district), in which he was assisted by Bro. George Summerville, of Cataragui lodge as S.W., and Bro. Mowat as J.W.

In the evening over seventy-five masons were present and the third degree was conferred by R.W. Bro. Robert Longmore, P.D.D.G.M., of Prince of Wales Lodge, No. 146, Newburg, ably seconded by Bros. J. B. Aylesworth and C. H. Finkle, both of Newburg lodge, as S.W. and J.W. respectively. Right well they all did their duty, showing themselves to be bright masons. In addition to the regular work a conversational half hour was given both afternoon and evening in asking and answering questions by many of the brethren present, and altogether a very pleasant and instructive time was spent. Great credit is due R.W. Bro. Welch for the pains he took in getting up the lodge, and also to the many brethren who came from all parts of the district to take part.

At the close of the lodge the visitors were entertained by the city lodges to refreshments in the chapter hall, where some time was spent in enjoying the good things of the table, and where toasts, songs and short speeches were in order.

'T WAS JUST LIKE SAM.

Credited to the Member for East Hastings By an Eastern Paper.

The Cornwall Freeholder is responsible for this: Blundering deputies spoiled enough ballots in East Hastings to give John White an apparent majority. These mistakes excited the local Tories with the prospect of counting out the victorious Samuel B. Burdett. But Samuel, who is learned in the law, was unwilling to rest while the returning officer escorted his political influence to an untimely grave. The fight in East Hastings hasn't been going on for sixteen years for nothing: "we've been fighting to win; we're not going to sit down while you win; us out. The government will have something worse than the north-west rebellion if this plan goes on. And as for you fellows in the ring, you count me out and I'll fill the goal so full of you that your feet will stick out of the windows."

CONCERT AT THE ASYLUM.

An Entertainment that Made the Patients Scream With Delight.

The annual concert for the inmates of the asylum by Chalmers' church choir, assisted by a number of young ladies, took place last night, and was, as usual when this choir goes out there, a grand success. Nothing that would contribute to the success of the entertainment was omitted. The result was a concert that the asylum authorities do not as a rule get, and one that proved of incalculable interest to the inmates themselves. The trip was made in good time, and the programme begun about 7 o'clock. A very attractive number, which added much to the entertainment, was the appearance of a fan brigade for the first time in any programme rendered in the institution, and all expressed themselves as very much pleased with the precision shown in carrying out the commands. There were several new features that no other fan brigade ever performed, which gave a new interest to the scene. The brigade were dressed in five different colors, red, white, blue, pink and cream, and the blending of these colors when the different figures were being executed was very pretty. One figure in particular, a hollow square, was formed to resist attack, and Capt. Galloway, who commanded the brigade, stood in the centre of the square with crossed union jacks floating over his head. This was especially admired, in fact the whole performance was so well appreciated that an encore was insisted on and responded to. The ladies sang as they marched off the following chorus, arranged for the occasion: Mark time, march in our uniforms so bright; The drums and trumpets play and fills us with delight. When we meet on our parade We take the lead, we do indeed. The Kingston fan brigade.

The following is the programme: Overture—"March of the Men of Harlech." Band. Quartette—"Bring back my Bonnie to me." Mrs. and Miss Galloway, Messrs. Macalister and Middleton. Piano Solo—"Scotch airs," Mrs. McClymont. Chorus—"Brannigan's band," Company. Solo selected—Mrs. Galloway. Solo and chorus—"Band," Mr. Macalister, solo. Solo—"Mrs. Winslow's Soothing Syrup," Mr. E. Crumley. Piano solo—Mrs. Carnovsky. Chorus—"The McIntyres," Company. Fan Brigade—Sixteen Ladies. Soldiers chorus—Company. Solo and chorus—"Band," Mr. E. Crumley, solo. Solo—"They all Love Jack," Mr. A. Middleton. Duet (by request)—"Bobanukus," Messrs. Middleton and Crumley. Piano solo—Mrs. McClymont. Chorus—"When we're on Parade," Company. Solo—"Paddy Duffy's Cart," Mr. T. Macalister. Solo and chorus—"Band," Mr. W. Middleton, solo. Solo—"Old England and the New," Mr. Galloway. Chorus—"Johanne Schmokey," Company. Solo and chorus—"Band," Mr. Galloway, solo. "Auld Land Syne." "God Save the Queen."

CONCERT AT SMITH'S FALLS.

A 17th of March Event and how it Succeeded—The Proceeds Realized.

Few residents of Smith's Falls remember the beautiful church of Saint Francis de Sales to be so filled as for the oratorio and lecture on the evening of St. Patrick's day. They came not only to honor that saint day but from a generous spirit, to assist the loved pastor towards the liquidation of debt on the church and presbytery. Father Stanton spared no labor to make the event a great financial success, a musical and literary treat such as is seldom enjoyed. Father Donoghue, of Carleton Place, occupied nearly an hour in showing some of the high characters of the Irish race, going back to the first period of Irish history, that generous character that despised the base or ignoble, shone conspicuous in every great movement religious and political in Ireland. The choir of St. John's church Perth, (under Miss J. E. O'Brien as organist and the Rev. T. P. O'Connor as musical director,) in their rendition of beautiful but difficult selections displayed careful training and from harmony of the parts, good cultivation. Miss Minnie and Emma Dougherty, Perth, sang in excellent voice, with great taste and sweetness the beautiful duet of the "Lauda Sion." Miss Maggie O'Loughlin of Perth, in the chief and trying solo of the "Grand Magnificat" showed to advantage her powerful and well cultivated soprano; Edward Connelly, of Perth, surpassed himself in Berge's magnificent "Tantum Ergo;" Miss Shanks, of Smith's Falls, added to her reputation as a singer, in her solo in the "Quid Retribuam." The choir was supported by a full orchestra from Ottawa, accompanied by Mr. Beaudry, baritone singer. Professor Duquett proved his high reputation as a violinist and the singing of Mr. Beaudry was exceptionally fine. The Benediction of the Holy Sacrament, during which the grand altar was beautifully illuminated, brought the evening to a close. The proceeds of this most successful of all Smith's Falls entertainments were \$310.

WANTS ITS FULL SHARE.

THE PETITION JUST LAID BEFORE THE LOCAL HOUSE.

Reasons Why Government Aid Should be Given to Queen's, if Any is Going—All Eastern Ontario Interested in the University—The Document Speaks for Itself.

To the Honourable the Legislative Assembly of the Province of Ontario:

The petition of Queen's university endowment association humbly sheweth:

That his honor the lieutenant-governor, in his speech at the opening of the legislature on the 10th of February last, made special reference to the universities of the province, and gave expression to the intention of the government to submit a measure for extending their usefulness;

That your petitioners are deeply interested in the maintenance and prosperity of Queen's university, Kingston;

That Queen's university, under the royal charter granted by Queen Victoria, in the early years of her majesty's reign, provides for and embraces a complete course of literary and scientific education;

That the founders of Queen's university, at a period in the history of Canada when there was a perfectly free choice of localities selected Kingston on account of its central and salubrious position;

That two years ago, on all the constituents of Queen's university being specially and individually consulted, they unanimously determined that Queen's should remain permanently at Kingston carrying on university work;

That the charter of Queen's is older than any other existing provincial university charter;

That for nearly half a century this institution at Kingston has taught general literature and science to all on equal terms;

That in an early address of its founders, issued to the public in 1839, the doors of Queen's were opened to all the youth of the country without distinction of creed or class or race; that from the first day of the establishment of Queen's, this broad principle has never been departed from, and that at the present time the arts, science and medical classes alike rank among their students in attendance Anglicans, Romanists, Methodists, Baptists, Congregationalists and Presbyterians;

That the whole of Eastern Ontario is deeply concerned in the prosperity of Queen's university;

That a large and valuable property has been acquired at Kingston; that new, commodious and permanent buildings have been erected, with funds furnished by the citizens of Kingston for the university; that the municipality of the city of Kingston, together with twelve county councils, have unanimously passed resolutions in its support;

That Queen's university counts among its friends the great mass of the population from which the students are chiefly drawn;

That your petitioners learn with great satisfaction that the extension of university education is engaging the attention of the government, and it is their earnest desire that the public importance of Queen's should be well known and duly considered;

That it has been publicly announced that additional revenues are required from the province for carrying on university work in Toronto; that while your petitioners entertain the most friendly feeling towards Toronto university as a sister institution and sincerely wish it every possible prosperity, they trust they may point out that so far as Queen's is doing the same kind of work as Toronto university, and doing it equally as well, she establishes the strongest claim to receive recognition in some form;

That the work done of purely public character by both institutions may be fairly measured by the number of students in the arts classes where general literature and science are taught;

That during the session of 1885-86 the under-graduates and other students attending arts classes in Queen's and University college, Toronto, were respectively as follows:

Table with 2 columns: Institution, Under-grads, Arts classes. Queen's College, Kingston: 141, 107. University College, Toronto: 321, 141.

That your petitioners have been unable to obtain the number of students attending Toronto university during the present session; that the returns when made out will in all probability show an increase; that in the case of Queen's the increase this session is marked; that the number of under-graduates attending has risen from 160 to 181, and that the total number of students enrolled 367;

That since the first establishment of University college, Toronto, the total number of students who have graduated in arts (B.A. and M.A.) is 909, and that since the first establishment of Queen's university the total number of students who have graduated in arts (B.A. and M.A.) is 498;

That according to the calendars for the present session, issued by the authorities of both institutions, the total numbers of graduates of all kinds, from first to last, are as follows, viz:

Table with 2 columns: Institution, Graduated at Toronto University, Graduated at Queen's University. 1,041, 887.

That these statistics, obtained from official sources in both cases, will convey to your honourable house a correct idea of the important work being done for the community by the two universities at Toronto and Kingston;

That however, the two institutions are doing their work under entirely different circumstances; forasmuch as the university at Toronto is and has always been wholly supported by public funds, the university at Kingston has had to depend on local aid and the generous support of its numerous friends;

That while your petitioners fully recognize the high value of Toronto university, they claim that Queen's university occupies a scarcely less important place in the intellectual and moral development of the community; that, therefore, while your petitioners would deeply regret to see Toronto university crippled in her noble work for want of sufficient revenue, they would equally deplore to see Queen's university left wholly unrecognized in the opinion of your petitioners it is of the highest importance to the whole community that so marked an instance of local and private effort should be fostered and recognized;

That as the arts teaching at Kingston is identical in character with the university teaching at Toronto, it would be wise, reasonable and just, when further public assistance is granted for the extension of Toronto university, in some way to aid in extending the teaching of science and arts at Kingston, and that the amount of aid so granted should bear such an equitable proportion to the additional expenditure at Toronto as the number of arts students at the one university bears to the number of arts students at the other;

Wherefore your petitioners humbly pray that in any measure relating to the univer-

sities, justice may be done to Eastern Ontario and to the many thousands of people whose private means go to the support of Queen's university, and that in the event of the endowment of Toronto university being increased, a proportionate expenditure be made, in connection with Queen's university at Kingston;

And as in duty bound your petitioners will ever pray;

On behalf of Queen's university endowment association.

S. FLEMING, R. V. ROGERS, President, Honorary Secretary. March 1st, 1887.

LETTERS TO THE EDITOR.

Encourage the Volunteers.

OTTAWA, March 24.—(To the Editor): As the season for annual drill is near at hand I trust I may be permitted to address a few remarks to the merchants of Kingston, and to all who take an interest in the volunteer movement.

A few years ago it was the custom of certain hypercritical people to make fun of the militia, but recent Canadian history has proved that our boys are something better than sham soldiers and able to hold their own under circumstances of serious difficulty. Those who witnessed the cheerful and devoted bearing of our men, during the campaign of 1885, have no reason to be ashamed of the military spirit of Canadians, nor will the volunteers readily forget the warm and generous welcome of their countrymen and countrywomen, so vigorously accorded on their return from the North-West.

For the men of the battalion under my command, I crave the kindly indulgence of their employers in civil life. Like nearly all the city corps the 14th enjoy no pecuniary benefit from their drill. The pay of officers and men is funded for the good of the battalion, and is used for the purpose of procuring certain articles of uniform and regimental equipment not supplied by the government and such other expenses as may be necessary for sustaining a properly equipped regiment. Under such circumstances I do not think it unreasonable to expect from the good citizens of Kingston some kindly encouragement to our local volunteers. In Toronto and Montreal the local corps are regarded with natural pride by the people, and surely there is no reason why a similar spirit should not prevail here, nor why Kingston should not supply a battalion equal in drill and discipline to any of those in the big cities I have named.

Let me ask my fellow citizens, then, to encourage by every means in their power the military education of the young men of Kingston.

We do not ask anything more than kind words and good wishes and I appeal more particularly in this regard to those who are the employers of our volunteers in whose power it is to render much valuable assistance to a service which requires, and in my opinion deserves, warm encouragement. Your obedient servant, HENRY R. SMITH, Lieut.-Colonel, commanding the 14th P.W. O. Rifles.

THROTTLE CONFEDERATION.

A Combination Needed that the Government Cannot Withstand.

"Centralization or de-centralization is the question that the government will have decided in the Ontario legislature at this session," said a member of the city deputation on his return from Toronto yesterday. "And I don't hardly know what will be the result, for at present the members are running wild on the question. Too many places are after schools of science, and my impression is all of them will be left unless a combination is formed. As I said at first the question is whether we shall have one great college in Toronto, or a number of colleges in Ontario. Everybody knows that Queen's university was the first to kick against the federation scheme, and it is conceded that she has the strongest claims to support. Her demands are indeed formidable. Now the opponents of confederation should drop local schemes and combine on Queen's, demand a school of science here and aid for the college if aid is to be granted to Toronto university, and the pet confederation scheme of Torontonians will be killed. The Baptists, who seek a university charter for Woodstock, will fall into the "combine," and the country saved from centralization and greedy demands of the high-jinks of Toronto. It is de-centralization that the outsiders want, the privilege to have universities wherever they can be made successful, and this is the fight to face. Queen's is the strongest competitor of Toronto, hence here the school of science would be made a success, and that having been accomplished it would be an easy thing to get schools in other places when they were ready for them. But in the first place kill confederation."
