COMMERCIAL MATTERS.

NEW YORK STOCK MARKET.

Doran & Wright Company. NEW YORK, April 12.—The professional traders were generally bullish last night, and said that the success of Reading reor-ganization plan would be a further stimulus to a rising market. The confident buying of the stock by London operators during the past fourteen days had been on the inside, assurance that everything would come out all right. The arbitrage brokers started yesterday's rise and were expressing the opinion that the demand for London account owing to the economy practised by the Austin Corbin management would cause the stock to sellinigher. The S. V. White foll lowing bullish on all coal properties and was buying J. C. D. L. & W. & D. H. on a 1 per cent. sale. Mr. Gould, it is generally known, favours a higher range of prices. - DORAN & WRIGHT Co.

GREAT LABOR MOVEMENT.

Strikes Gaining in Magnitude-The Stovemen Now Going Into Hostility.

London, April 12.—War has been declared between the Stove Founders' Defence association and the Moulders' National union. Probably every stove foundry in the United States will soon be closed.

At a meeting of the Master Carpenters' association to night a resolution reiterating a refusal to recognize any union of em ployees was adopted, and the men were notified to return to work on Monday morning or the Masters' association would at once proceed to inaugurate a systematic importation of workmen from other cities.

NEW YORK, April 9. - The strike of the plumbers, for the enforcement of the apprentice shop system, has been declared off. The struggle was begun Sept. 1, 1886, and has proved one of the hardest fought and most expensive in the history of the labor movements. During the fight the journey men paid out over \$100,000 in strike bene

Enjoy Life.

What a truly beautiful world we live in ! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flow. er will make them as tree from disease as when born. Dyspepsia and liver complaint are the direct causes of seventy-five per cent, of such maladies as biliousness, indigestion, sick headache, costiveness, nervous prostration, dizziness of the head, palpitation of the heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.

Opera House.

"Old Harry" as he is familiarly known, appeared last evening in the "Galley Slave, with a strong company, and gave a performance which was stronger and more brilliant that the usual run of travelling companies. In his ladies the management has chosen wisely. The leading lady, Miss Laura Booth, is of the celebrated family which in America is the synonym for genius, and she does not disgrace the name. Her rendition of "Francesca" awoke a glorious reception, and Miss Stevenson, as "Cicely," won, as should be, the sympathy of the house. To-night "Flirtation" is announced, its first production in this city. Mr. Lindley has exclusive right of the play and has created the part of an irascible lawyer. Miss Booth dresses the part with some of the most elegant toilettes on the stage, and Mr. Macdonald shines as a journalist.

Police Court Events.

Drunks-Anderson, E. O'Neil, J. Ryan and John Macdonald, fined \$1 and costs each. One of the young men interrested in the recent quarrel, in the artillery park, was fined \$10 and costs. His opponent on the occasion will be tried to-morrow. Violating the city by laws-John McCumisky, James Reid and H. Brame. The last named gentleman did not appear. His case will be heard to-morrow. The others paid \$3.35 each into court.

Working Up Lumber Extensively.

It is said that Edwards & Co., who have purchased the McLaren limits, intend to prosecute the timber business with great vigor. The desire is to call out all the material fit for shipment in nine years. As much work will be prosecuted in one year as McLaren formerly accomplished in three. McLaren purchased the property for \$30, 000, and sold it for \$900,000.

Portsmouth Council, A regular meeting of the Portsmouth coun-

cil was held last evening. A petition was read from John Culcheth, respecting the opening of a drain across main street. Petition granted. The assessment roll was sub mitted, and showed that taxpayers are fewer in number than in 1886. The council on 19th will open tenders for the repairing of plankwalks.

The Scott Act. The village council of Campbellford has passed a resolution condemning the Scots act and asking for its repeal.

From March 11th to April 4th, fines for \$1,900 have been imposed at Peterboro for violation for the act-\$1,450 from the town and \$450 from the country. The costs make another \$200.

A Fine Display.

Z. Prevost has in his window a fine display of Scotch tweeds for suitings. An attractive feature is the buttons for the coat and vest, which are of the same material as each piece of goods. These look well as they are now shown on each piece. He guarantees an A l fit.

Art School Medals, The medals for the Art school students,

who exhibited their work at the Colonial Exhibition London, England have arrived and will be given out by Dr. S. P. May, at the Art school to-morrow at 4 p. m. These medals are for the excellent work shown by the school.
