Few Think Of the wonderful processes constantly being conducted within the human body, and all are prone to forget that new blood must be supplied to replace the effete and disintegrating atoms, which, if allowed to remain within the body, do so at the peril of health if not of life itself. Nature sometimes fails to eliminate as rapidly as necessary the waste material of the organism, and it is then that Hamilton's Pills of Mandrake and Butternut prove of the greatest value. They speedily harmonize every irregularity of action and restore, as if by magic, the wanted measure of health and strength. Hamilton's Pills are entirely vegetable in composition, and are safe to employ under the circumstances. Sold by druggists and dealers in medicine.
