

MEDICINES.

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula, Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Ross Rash, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-Joint Disease, White Swellings, Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large treatise, with colored plates, on Skin Diseases, or the same amount for a treatise on Scrofulous Affections. "THE BLOOD IS THE LIFE." Thoroughly cleanse it by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, vital strength, and soundness of constitution, will be established.

**CONSUMPTION,** which is Scrofulous Disease of the Lungs, is promptly and certainly arrested and cured by this God-given remedy, if taken before the last stages of the disease are reached. From its wonderful power over this terribly fatal disease, when first offering this now celebrated remedy to the public, Dr. Pierce thought seriously of calling it his "Consumption Cure," but abandoned that name as too limited for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled, not only as a remedy for consumption of the lungs, but for all

**CHRONIC DISEASES OF THE Liver, Blood, and Lungs.**

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish-brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills, alternating with hot flashes, low spirits and gloomy forebodings, irregular appetite, and coated tongue, you are suffering from Indigestion, Dyspepsia, and Torpid Liver, or "Biliousness." In many cases only part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Bronchitis, Severe Coughs, Consumption, and kindred affections, it is a sovereign remedy. Send ten cents in stamps for Dr. Pierce's book on Consumption. Sold by Druggists.

PRICE \$1.00, OR 6 BOTTLES FOR \$3.00.

Thousands of cases terminate in consumption. Dr. Sage's CATARRH REMEDY cures the worst cases of Catarrh, "Cold in the Head," and Catarrhal Headache. 50 cents.

**Your Children**

Are constantly exposed to danger from Colds, Whooping Cough, Croup, and diseases peculiar to the throat and lungs. For such ailments, Ayer's Cherry Pectoral, promptly administered, affords speedy relief and cure. As a remedy for Whooping Cough, with which many of our children were afflicted, we used, during the past winter, with much satisfaction, Ayer's Cherry Pectoral. For this affection, we consider this preparation the most efficacious of all the medicines which have come to our knowledge.—Mary Parkhurst, Preceptress, Home for Little Wanderers, Doncaster, Md.

My children have been peculiarly subject to attacks of Croup, and I failed to find any effective remedy, until I commenced administering Ayer's Cherry Pectoral. This preparation relieves the difficulty of breathing and invariably cures the complaint.—David G. Starks, Chatham, Columbia Co., N. Y.

I have used Ayer's Cherry Pectoral in my family for many years, and have found it especially valuable in Whooping Cough. This medicine allays all irritation, prevents inflammation from extending to the lungs, and quickly subdues any tendency to Lung Complaint.—J. B. Wellington, Plainville, Mich.

I find no medicine so effective, for Croup and Whooping Cough, as Ayer's Cherry Pectoral. It was the means of saving the life of my little boy, only six months old, carrying him safely through the worst case of Whooping Cough I ever saw.—Jane Malone, Piney Flats, Tenn.

ALL AROUND THE HOUSE.

**Up Stairs, Down Stairs, in Kitchen and in the Lady's Parlor.**

The carpet beetle, often though improperly called "buffalo carpet moth," is an enemy greatly feared by all housewives. The small size, fearful destructiveness and its power to resist usual insecticides make it a terrible pest. Experience has proven that it first attacks carpets, and there is where we may look for an assault. Like the common carpet moth it works first at the corners of the carpet. Professor Cook, of Michigan, who has investigated the subject of these pests most thoroughly, recommends the following remedies:

First, iron wet cloths placed over the affected part of the carpet, using flat irons that are very hot. The cloths may be two or more thicknesses of common toweling; wring out the water and then iron dry. The heated steam penetrating every fiber of the carpet and crevice of the floor, destroys the larva. To be successful the work must be thorough; a full head of steam is needed.

Another remedy is to brush the floor underneath the carpet with a strong solution of corrosive sublimate, the bi-chloride of mercury. This should be made as follows: Four parts (by weight) bi-chloride of mercury, one of chloride of ammonia (sal ammoniac) and fifty parts of water. This is surely fatal to bed bugs, and carpet beetles can hardly be possessed of more lives than are the bed bugs. The objection to this remedy is the virulence of the poison. Of course with care there is no danger.

Naphthaline, the crystals of naphtha, kerosene oil or gasoline would each and all kill the insects if freely used under the carpets. There are two objections to their use. They are all more or less offensive as to odor, while the last two, from their inflammable nature, might do great harm in careless hands. In case furniture is infested, the free use of gasoline would be the safest and surest remedy. In this case the articles to be treated could be removed to an outbuilding, and should not be returned to the house till the liquid had thoroughly evaporated. Woolen garments not in use may be protected by putting them in perfectly close boxes. Those lined with tarred paper are excellent for the purpose.

**Ceiling Decoration.**  
The custom of papering ceilings has gone out of fashion in some sections of the country and in its place has come unobtrusive but artistic stencil ornamentation. The deep frieze will always be popular, although it has in part been displaced by a narrow border. The selection of either is a matter of taste. It is well, whatever may be the scheme of decoration, to have the ceiling relieved from the intense white.

**DESIGN FOR CHEAP STENCIL CEILING.**  
The design here given for a cheap but attractive stencil ceiling is original and new and may be of use to many of our readers who are interested in decorative matters. As a color scheme for this design The Decorator and Furnisher, from which it is taken, suggests a grain of pale yellow (Naples) border in light blue, with lines and leaves in copper and gold.

**A Comfortable Cup of Tea.**  
"A comfortable cup of tea," says Marion Harland, "never comes amiss to a fagged housewife, be it served at breakfast, luncheon or dinner. The best way to insure its goodness—that is, that it be hot, strong and fresh—is to have your own tea urn or kettle on the table, with a spirit lamp burning under it. Scald the teapot, put in the tea; cover it with boiling water; put a 'cosy' or a thick napkin about it, and let it stand five minutes before filling with more boiling water. Wait a minute longer and pour out."

**A Good Potato Soup.**  
Put into a stewpan three pints of white stock; take six large mealy potatoes, boil them until they are nearly done, cut them in slices until they are sufficiently tender to pulp through a sieve, with an onion boiled soft enough for the same purpose. Thicken with flour and butter, and season with white pepper, cayenne and salt. To enhance the flavor cream should be added, half a teaspoonful, previous to serving, but must not be permitted to boil after adding.

**A Bag for the Dusting Cloth.**  
A bag for holding the dusting cloth is a great convenience, and may be made ornamental as well. Take a strip of butcher's linen 18 inches long for the back of the bag. Cut the front 5 or 6 inches shorter and both 6½ inches wide. Sew together and bind with ribbon. The extra length in the back is pointed and fastens over on the front with a button and loops. It is swung by ribbons. The front may be embroidered before making up.

**Cocoanut Cake.**  
The ingredients for cocoanut cake are: Two cups of sugar, three cups of flour, two-thirds of a cup of butter, one cup of sweet milk, the whites of five eggs, two teaspoonfuls of baking powder. Bake in layers. To make a filling for the cake take one pint of sweet milk, half a cup of sugar, one egg, three teaspoonfuls of corn starch, and cook thoroughly. Stir in this one grated cocoanut, and spread between the cakes.

**How to Bake Eggs.**  
Salt the whites of the eggs while beating to a stiff froth, then spread on a platter. Place the yolks at regular distances apart in cavities made in the beaten whites and bake till brown.

Another way to bake eggs is to break them carefully on a buttered dish that has been seasoned with rolled cracker; cover with seasoned cracker crumbs and bake until the cracker is browned.

**Broiling Chops.**  
If cooks would only quickly sear chops, steaks or cutlets by first holding them close to a clear, hot fire, then move away, turning them every instant, the result would be a vast improvement over the usual mode of cooking.

**Household Hints.**  
A piece of soft flannel is better than a brush for removing dust from silk dresses.  
In washing cotton goods with a satin finish, use borax water to restore the gloss.  
Canton flannel makes excellent dish cloths. Keep flour and meal in a dry place.  
The only real remedy for obnoxious odors from cooking is through ventilation over the range or stove, carrying fumes into the chimney.  
If the outer membrane from mutton chops be carefully pulled off previous to broiling the chops, there will be no stringy, woolly flavor.

**With Spring**  
Comes to many a feeling of lassitude and weakness, the appetite grows fitful and exacting, and, in consequence, the nutritive balance is ill-preserved. Neglect only increases the trouble, weakness grows apace, and with the advent of the hot season the system, impoverished and debilitated, affords but slight protection against the inroads of more serious diseases. The tonic and nutritive properties of Wine, Beef and Iron, and Quinine, makes it of great value in all forms of debility, loss of appetite, lassitude, weakness, etc. Wine, Beef, Iron and Quinine sold at Polson's drug store. 50c and \$1 per bottle.

**Sure to Satisfy.**  
There are many remedies for coughs and colds, but there are few that prove so satisfactory as Hagar's Pectoral Balm, which is a pleasant and reliable cure for all throat and lung troubles, including bronchitis, asthma, croup, whooping cough and the pulmonary complaints of young or old.

**Special Attention**  
Should always be given to the hair and scalp. Dr. Dorenwend's "Hair Magic," used once in a while, will keep the hair and scalp in a clean, healthy condition. In cases of baldness where the roots are not gone, it will produce a good head of hair. It will restore gray hair to its original color, prevent all falling of the hair, and remove all traces of dandruff. A. Dorenwend, sole manufacturer, Toronto. J. G. King and A. P. Chow, druggists, agents for Kingston.

**Overworked**  
"My husband strained himself with overwork, causing a large swelling in the groin. He suffered great agony, which doctors failed to relieve; he could not eat nor sleep. R.B.R. quickly cured him. He says he never had such quick relief in his life." Extract from a letter from Mrs. George Bosk, Cookville, Ont.

Those who have experienced the benefits we offer rejoice in them because they buy California hams at 10c per lb; roll bacon, 10c, and remember those meats are of the finest quality. Jas. Crawford.
