

MEDICINES.

"It Saved My Life"

Is a common expression, often heard from those who have realized, by personal use, the curative powers of Ayer's Cherry Pectoral. "I cannot say enough in praise of Ayer's Cherry Pectoral, believing as I do that, but for its use, I should long since have died from lung troubles."—E. Bragdon, Palestine, Tex.

About six months ago I had a severe Hemorrhage of the Lungs, brought on by a distressing Cough, which deprived me of sleep and rest. I had used various cough balsams and expectorants, without obtaining relief. A friend advised me to try

Ayer's Cherry Pectoral.

I did so, and am happy to say that it helped me to cure. By continued use this medicine cured my cough, and, I am satisfied, saved my life.—Mrs. E. Coburn, 18 Second St., Lowell, Mass.

I have used Ayer's Cherry Pectoral for over year, and sincerely believe I should have been in my grave, had it not been for this medicine. It has cured me of a dangerous affection of the lungs, for which I had almost despaired of ever finding a remedy.—D. A. McMullen, Windsor, Province of Ontario.

Ayer's Cherry Pectoral saved my life. Two years ago I took a very severe cold which settled on my lungs. I consulted physicians, and took the remedies they prescribed, but failed to obtain relief until I began using Ayer's Cherry Pectoral. Two bottles of this medicine completely restored my health.—Lizzie M. Allen, West Lancaster, Ohio.

Ayer's Cherry Pectoral.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all druggists. Price \$1; six bottles, \$5.

PRESERVE YOUR SIGHT

I CURE FITS!

When I say cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I want my remedy to cure the worst cases. Because others have failed to do so means for me now requires a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give Express and Post Office. It costs you nothing for a trial, and I will cure you. Address Dr. H. G. ROGEE.

Branch Office, 37 Yonge St., Toronto.

CURE FOR THE DEAF

Peck's Patent Improved Cushioned Ear Drums PERFECTLY RESTORE THE HEARING, no matter whether deafness is caused by colds, fevers, or injuries to the natural drums. Always a positive, but invisible to others and comfortable to wear. Music, conversation, even whispers heard distinctly. We refer to those using them. Send for illustrated book of proofs free. Address F. HISCOX, 863 Broadway, N.Y.

PENNYROYAL WAFERS

Prescription of a physician who has had a lifelong experience in treating female diseases. Is used monthly with perfect success by over 100,000 ladies. Pleasant, safe, effectual. Ladies, ask your druggist for Pennyroyal Wafers, and take no substitute, or enclose postage for sealed particulars. Sold by all druggists \$1 per box. Address THE EUREKA CHEMICAL Co., Detroit, Mich. Sold in Kingston at H. WADE'S drug store and by W. J. WILSON.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c. I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. FRISMAN, Station D, New York City.

THE CURIOSITY SHOP.

Scraps of Information on Many Different Familiar Subjects.

The Dead sea is a salt lake of Palestine, about eighteen miles east of Jerusalem. Even in the time of Sodom and Gomorrah, which were situated in this district, it was probably of a peculiar geological character, the vale of Siddim being described as full of slime pits. The destruction of the cities and the formation of the sea is computed to have occurred about 1,900 years before the Christian era. An earthquake accompanied by volcanic action appears to have sunk the valley to a great depth, and the waters of the river Jordan flowing in produced this sea, which was made very salt by the saline strata exposed to their action. From a mountain on the southwest retaining the name of Sodom stands a lofty pillar of salt, which travelers have spoken of as Lot's wife. Bitumen is ejected from the bottom of the sea, oozes from crevices in the rocks and is deposited on the beach. These facts and frequent changes of the bottom indicate volcanic agency.

Must Priests Testify?

It has long been a mooted question whether the English law requires priests, especially Roman Catholics, to disclose secrets on the witness stand which have been imparted to them at the confessional. Sir James Stephen, in a note to his "Digest of the Law of Evidence," says: "The question whether clergymen, and particularly whether Roman Catholic priests, can be compelled to disclose confessions made to them professionally has never been solemnly decided in England, though it is stated by the text writers that they can. A pamphlet was written to maintain the existence of the privilege by Mr. Baddeley in 1805. Mr. Baddeley's argument is, in a few words, that the privilege must have been recognized when the Roman Catholic religion was established by law, and that it has never been taken away. I think the modern law of evidence is not so old as the reformation, but has grown up by the practice of the courts and by decisions in the course of the last two centuries. It came into existence at a time when exceptions in favor of auricular confessions to Roman Catholic priests were not likely to be made. The general rule is that every person must testify to what he knows."

First Guns.

The first gun fired during the civil war in America was discharged by Franklin J. Moses at the steamer Star of the West, sent to supply Fort Sumter in 1861. Edmund Ruffin, an old Virginian, fired the first gun at Sumter. It is said that Moses is now a convict in the Massachusetts penitentiary, and it was stated in southern papers after the war that Ruffin had committed suicide soon after the surrender of Fort Sumter.

The Pitycane.

It was a Spanish coin, worth about six and a quarter cents. It was also called a penny bit (probably a contraction of five penny). There were a number of Spanish coins circulating in the country, which made their final disappearance at the beginning of the war of the rebellion, when coin was at a premium, and have never returned.

United States and Canadian Territory.

The relative area of the United States and Canada is seldom understood by those who are not especially versed in geographical facts. Many people are surprised at learning that the area of the United States only exceeds that of Canada by about 30,000 square miles. The United States has 3,501,404 square miles; Canada, 3,470,322.

Pig Iron.

When being smelted iron flows in a molten state through a main channel scraped in the floor, called a sow. On each side of the main stem are shallow ditches or molds to receive the metal. These molds are called pigs, and the iron molded in them is called pig iron.

Fitz John Porter.

Gen. Fitz John Porter was not, as some suppose, restored to the army with arrears of pay since his dismissal. He was restored to his rank at the time of the court martial, and placed on the retired list with a pension to take effect from the time of such restoration.

The Poets Laureate.

The poets laureate of England since 1670 are John Dryden, Nahum Tate, Nicholas Rowe, Lawrence Easden, Colley Cibber, William Whitehead, Thomas Wharton, Henry James Pye, Robert Southey, William Wordsworth and Alfred Tennyson.

The Schooner Vega.

The schooner Vega, under command of Capt. Nordenskjold, is the only vessel that has passed to the north of any continent. In 1850 she succeeded in passing eastward along the eastern coast of Europe and Asia.

Butter and Oleomargarine.

To detect the difference is a problem which it is said experts have failed to solve. Even by chemical analysis the processes are very complicated and their reliability is doubtful.

"The Last Rose of Summer."

The song, written by Thomas Moore, was adapted to an old Sicilian melody, and was used by Donizetti in the opera of "Martha."

Mediterranean.

The name Mediterranean is a composition of two Latin words, media and terra, meaning the middle of the earth. In ancient times the sea of that name was the center of the known world.

Brief History of the Ball.

The ball has given rise to so many popular games that we feel convinced our young readers will like to hear something of its history. Herodotus attributes the invention of the ball to the Lydians, but succeeding writers have affirmed that Anagalla, a princess of Coreyra, was the first who made a ball for the purpose of pastime. The most ancient game with the ball is known to us as handball, a pastime which consists in two or more players beating a ball from one to another with the open palm; if Homer may be accredited, this game is coeval at least with the destruction of Troy. It is altogether uncertain at what period the ball was introduced into England, but it is well known that many of the games which are now played were popular in this country in the Thirteenth and Fourteenth centuries.

Cutting Glass by Electricity.

Mr. Estero says that glass tubes of wide diameter may be cut by means of electricity; the tube is surrounded with a fine wire, and the extremities of the latter are put in communication with a source of electricity. It is necessary to see that the wire adheres closely to the glass. When a current is passed through the wire the latter becomes red hot and heats the glass beneath it. A simple drop of water deposited upon the heated place will cause a clean breakage of the glass at that point. Contrary to what happens with the usual processes, the thicker the sides of the tubes are the better the experiment succeeds. It is unnecessary to say that this process is perfectly applicable likewise to laboratory bottles.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to the taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Efficient Mild and Vegetable.

In all diseases in which a purgative medicine is called for, Hamilton's Pills may be used with safety and satisfaction. They can be taken alike by the most delicate person or child or by the strong, as they contain neither minerals nor crude or deleterious substances; their use may be long continued without the possibility of salivation or any of the ill results so frequently attending the use of pills containing those substances. Hamilton's Pills are safe, sure, and mild, yet prompt. Sold by druggists and dealers in medicine.

A Cure for Drunkenness.

Opium, morphine, chloral, tobacco, and kindred habits. The medicine may be given in tea or coffee without the knowledge of the person taking it if so desired. Send 6c in stamps, for book and testimonials from those who have been cured. Address M. V. Lubon, 46 Wellington St. East, Toronto, Ont. Cut this out for future reference. When writing mention this paper.

A Hamilton Item.

"My wife has been a sufferer from liver complaint for many years. I am glad to be able to testify to the benefit received from Burdock Blood Bitters, as well as in the case of my little boy, who had glandular swellings." J. S. Miller, 77 Victoria Ave. North, Hamilton, Ont. B.B.B. regulates the entire glandular system.

Try and be Cured.

Lame back and nervous debility, associated with rheumatism, is sometimes met with in every day life, but as a rule we find not more than two of these complaints in the same party. Be this as it may. The only sure and perfect cure is electricity and the best form of administering it is by Norman's electric belts and insoles. W. J. Wilson is agent, and from him you can procure testimonials and circulars relating to any of your complaints.

Shiloh's Vitalizer is what you need for constipation, loss of appetite, dizziness, and all symptoms of dyspepsia. Price 10 and 75 cents per bottle. W. J. Wilson, agent.
