

MEDICINES.

A Sluggish Liver

Causes the Stomach and Bowels to become disordered, and the whole System to suffer from debility. In all such cases Ayer's Pills give prompt relief.

After much suffering from Liver and Stomach troubles, I have finally been cured by taking Ayer's Cathartic Pills. I always find them prompt and thorough in their action, and their occasional use keeps me in a perfectly healthy condition.—Ralph Weeman, Annapolis, Md.

Twenty-five years ago I suffered from torpid liver, which was restored to healthy action by taking Ayer's Pills. Since that time I have never been without them. They regulate the bowels, assist digestion, and increase the appetite, more surely than any other medicine.—Paul Churchill, Haverhill, Mass.

INVIGORATED.

I know of no remedy equal to Ayer's Pills for Stomach and Liver Disorders. I suffered from a Torpid Liver and Dyspepsia, for eighteen months. My skin was yellow, and my tongue coated. I had no appetite, suffered from Headache, was pale and emaciated. A few boxes of Ayer's Pills, taken in moderate doses, restored me to perfect health.—Waldo Miles, Oberlin Ohio.

Ayer's Pills are a superior family medicine. They strengthen and invigorate the digestive organs, create an appetite, and remove the horrible depression and despondency resulting from Liver Complaint. I have used these Pills, in my family, for years, and they never fail to give entire satisfaction.—Otto Montgomery, Oshkosh Wis.

Ayer's Pills,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all druggists. Price \$1; six bottles, \$5.

BAD BLOOD.

SYMPTOMS. Blistches, Pimples, Boils, Abscesses, Bad Complexion, Low Vitality, Poor Circulation, etc. An Impure Blood and Poor Circulation is sufficient to cause nearly every disease. The Symptoms must vary according to the Organs most affected.

CAUSE. Scrofulous Constitution or Hereditary Taint in the system, Bad Air, Improper Diet and Manner of Living, Bad Drainage, Inactive Bowels and Kidneys, Weak Lungs, Torpid Liver, and many other obvious causes, including want of Cleanliness. An imperfect organic action makes Bad Blood, so too Bad Blood in turn makes imperfect action of every bodily Organ.

CURE. Observe strictly all the Laws of Health, Keep the Skin Clean, the Bowels and Kidneys in perfect working order to carry off poisonous matter, Avoid High Living, Have Access to Pure Air and Healthful Exercise, Eat Plain Nourishing Food and take

BURDOCK BLOOD BITTERS,

The Great Key to Health, which unlocks all the Secretions by Acting upon the Four Cardinal Points of Health—the Stomach, Liver, Bowels and Blood. In this manner BURDOCK BLOOD BITTERS makes Pure Blood.

PENNYROYAL WAFERS

Prescription of a physician who has had a lifelong experience in treating female diseases. It is used monthly with perfect success by over 100,000 ladies. Pleasant, safe, effectual. Ladies, ask your druggist for Pennyroyal Wafers, and take no substitute, or expose your name for sale. Each box contains 100 wafers, all druggists, \$1 per box. Address THE KUREKA CHEMICAL CO., Detroit, Mich. Sold in Kingston, Ont. at H. WALKER'S drug store and by W. J. WILSON.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c. I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, Station D New York City.

Now when the buds begin to show, 'Tis time for young and old to know that Fever, Lungs and all the signs of Indigestion call for a remedy. With every trouble, ache, pain, or fever in the throat, will soothe like the silver of light before a drop of silver bright.

NEWS OF THE VICINITY.

PASSING EVENTS AS RECORDED BY OUR CORRESPONDENTS.

Movements of Ruralists—Doings and Sayings in Neighboring Villages—Spley Bits of Country Gossip—Resuming Spring Work.

CATARAQUI.

May 11.—John Findley spends his summer at Pembroke again.—Mr. H. Barry does not improve much.—Mr. Henry Harpell has bought the McKeon estate and will open a sand pit.—Mr. W. Brokenshire preached for Rev. Mr. Simpson on Sunday morning.—Two quiet weddings at the parsonage lately, Mr. D. McDonald to Miss Smith, and Mr. Cousens to Miss Ward.—Mrs. George Walker has arrived from Kansas and is visiting her daughter at Verona.—The farmers say the land works splendid this spring, and are having a fine time to put in their crops.

MILFORD AND SOUTH BAY.

May 9.—The concert at the stone school house took place on the 30th ult., and has proved quite a success, the proceeds being \$7.—David Thompson, South Bay, is improving his house.—Miss Melissa Jenkins, of South Bay, is visiting friends on Royal street.—On Sunday, 30th ult., four young ladies and a gentleman from Hill Top started to row across South Bay in a small boat. The frail craft began to dip water, which frightened one of the occupants so badly that she jumped out of the boat, capsizing it. They all happened to be expert swimmers.

MILLHAVEN.

May 11.—Inspector Burrows visited our school on Monday and delivered a lecture in the evening on education. He also presented the school with a diploma and medal from the Colonial Exhibition, London, England, for work done by the scholars. He spoke highly of the school and its management.—W. Clement and family moved to Belleville on Tuesday by str. Hero.—Mrs. Parks and W. Emberly have sold their house and lot to George D. Rickey and moved to Odessa.—The ice shove almost destroyed G. N. Fraser's wharf this spring; it will cause him much labour and expense to get it ready for shipping grain this fall. We want two buyers in the place and hope he will persevere.

ROCKPORT.

May 10.—The proprietor of the Island View hotel expects a full house this season. He is building an addition to the hotel, while the sound from the hammer of the building of Z. Truesdale's house, on Star island, re-echoes through the many islands.—Very little fall sowing done here. Farmers have all their planting done and spring sowing finished.—Corn and potatoes are growing nicely, and there are prospects of a very hot summer.—S. Pattison, fishery officer, took a twelve mile pull in a skiff to Jones' creek to capture parties fishing with nets. He got one hoop net and one of the participants.—H. F. Inglehart, Westminster hotel, has arrived at the park to fit up the hotel to receive his guests.—George White has gone in for a good supply of damaged wheat, shipped from Kingston.—W. T. Hodge has ninety-three varieties of flowers growing in his garden.

ARDEN.

May 9.—We are having splendid spring weather and the farmers are busy sowing.—The lakes and streams are alive with river drivers floating on the logs.—The funerals of the boys (Walker struck about 11 o'clock Wednesday morning) struck by the express, took place on Thursday. The body of McConnell was taken to Moscow and laid beside that of his father, who died last fall. Walker was buried in the new burial ground, near Arden. This sad event has cast a deep gloom over the whole neighborhood. McConnell was the only surviving son of his widowed mother.—Lawrence Price and Mary Rogers, of Olden, were married by Rev. H. F. Bland, at Perth, on Wednesday; on Thursday a reception was given by Mr. and Mrs. Nicholas Price to welcome their son and his bride to their future home.—A severe accident befell Wilton Williams, eldest son of James Williams. While attending the circular at the saw mill, cutting pike poles, his right hand was jerked against the saw cutting it badly, severing the little finger, which had to be removed. It is hoped nothing more serious will result.

BATTERSEA.

May 11.—On Monday morning the villagers were aroused from their slumbers by the collapse of the upper mill. This building, which was in a dilapidated condition, has been used for a shingle mill by J. Thorne. The dam gave way above the mill and the rush of water caused its destruction.—George Moore and sister were visiting friends last week. He left for Winnipeg on Tuesday, 10th inst., there to fill a lucrative position in the office of the Watson manufacturing company.—George Arthurs and family left on the 2nd inst., for Lowell, Mass.—S. Arthurs has purchased the farm lately occupied by Mr. Murphy and owned by T. Howland, of Kingston.—Mrs. G. Pixley has been with her mother during the past week. She is in delicate health.—William Arthurs had a narrow escape while driving on the Perth road, north of Inverary, on Friday last week.—The choir has reorganized and will greatly aid the Sunday services.—Arbor day was not observed by the schools in this vicinity.—Work on the new hotel is being pushed forward. It will be ready about June 15th.

BATH ROAD.

May 11.—Edward Baker having spent the winter in British Columbia has returned home to work with his brother on the farm.—A. Ashley made a visit to friends in Toronto last week previous to his departure for Dakota.—On Tuesday, May 3rd, a fire was observed in Mr. Ward's farm yard, Frontroad. It might have resulted seriously, but plenty of help being on hand it was extinguished. It was probably started by a spark from the engine which they were using in cracking grain for feed.—Miss Leonard, of Westbrook, is meeting with success in getting up a music class in this neighbourhood, and Miss Frank Parry, of the city, proposes to start a painting class. May success attend them all, teachers and pupils.—Our school was closed on Friday and on the following Monday owing to the teacher being indisposed.—Mrs. Calvin Day is under the doctor's care still.—A lady farmer of the Bath road sold 100 dozens of eggs before Easter this spring.—Farmers will about finish sowing this week. Cattle have been turned out to pasture and will likely do well as the grass is a good length.—Miss Annie Aykroyd and Harvey Beck, of Ralton, spent a few hours on Sunday with her brother.—Mrs. Rockwell and sister, Miss Minnie Baker, are home from Winnipeg, Man. They will spend the summer here.—J. Brokenshire officiated in the Bath road church on Sunday evening to a large congregation. Shiloh's catarrh remedy—a positive cure for catarrh, diphtheria, and canker mouth

PHYSIOLOGY AND HYGIENE.

Eating Before Retiring—Preserving a Good Complexion—Disinfectants.

Edward Everett Hale says: "Never go to bed in any danger of being hungry. People are kept awake by hunger quite as much as by a bad conscience. Remembering that sleep is the essential force which starts the whole system, decline tea or coffee within the last six hours of going to bed. Avoid all mathematics or intricate study of any kind in the last six hours. This is the stuff dreams are made of, and hot heads and the nuisance of waking hours. Keep your conscience clear. Remember that because the work of life is infinite you cannot do the whole of it in any limited period of time, and therefore you may just as well leave off in one place as another."

Beauty of Complexion.

Wines and liquors of all kinds are to be severely let alone, advises W. Pitt Mayer, in pointing out how to acquire or preserve a beautiful complexion. There can be nothing more detrimental to the tint than this fluid fire that fills the blood with heat and drives its impurities to the surface, producing that copper complexion so commonly seen in the ladies who visit Wiesbaden, Carlsbad, Ems and other European watering places. No additions of sugar or other sweetening substances have the slightest effect in allaying this pernicious property in wine.

Furthermore, excessive quantities of heated drinks, such as chocolate, coffee and tea, produce the same effect, according to Mr. Mayer. Tea both weakens the digestive organs and produces congestions in the face. If the tea is strong, its acidity soon indicates itself on the skin of the imbiber. If too weak, it is simply so much warm water acting on the stomach, when that organ is occupied with the preparation of food for absorption. The complexion may not be ruined immediately by tea, but sooner or later this will follow.

How to Make a Good Disinfectant.

In making a good disinfectant the preference is given by Dr. W. Domest Stone to chlorine. This may be evolved by mixing in a bottle two tablespoonfuls of red lead, two of common salt and half a wineglassful of strong oil of vitriol in a quart of water. The bottle should be kept cool and tightly corked and in a dark place. A little of this fluid exposed in a saucer, sprinkled on the floor or soaked in sheets of old linen and hung about the room, rapidly destroys effluvia.

Plants in Sleeping Rooms.

That plants in living or sleeping rooms are not in any way injurious unless their number is so great as to keep the air of the apartment damp, is the opinion of The Popular Science News. They decompose carbonic acid gas into carbon compounds and oxygen, and thus tend to purify the air. They may also be of indirect benefit by leading occupants to keep the air free from coal gas and other impurities in which plants will not flourish.

Splitting of the Finger Nails.

In not a few people the finger nails split and break very readily. This most annoying condition has been treated by Dr. Irquhart by simply anointing the nails daily with oleate of tin and at night enveloping them in the oleate spread on flannel bandages. In two months all the nails became sound and tough.

Remedies People Advise.

- Hot water for a sprain or bruise. Cranberry poultice for erysipelas. Buttermilk for the removal of tan and freckles. Taking cod liver oil in tomato catsup to make it palatable. Snuffing powdered borax up the nostrils for catarrhal cold. Good fresh buttermilk made from sweet cream as a serviceable drink in diabetes. Bathing the affected parts in inflammatory rheumatism, with half an ounce of saltpetre into half an ounce of sweet oil. The white of an egg beaten to a stiff froth, whipped up with the juice of one lemon and taken half hourly, to relieve the hoarseness and soreness of the chest.

With Spring

Comes to many a feeling of lassitude and weakness; the appetite grows fitful and exacting, and in consequence the nutritive balance is ill-preserved. Neglect only increases the trouble, weakness grows apace and with the advent of the hot season the system impoverished and debilitated affords but slight protection against the inroads of more serious diseases. The tonic and nutritive properties of wine, beef and iron, with quinine, make it of great value in all forms of debility, loss of appetite, lassitude, weakness, etc. Wine, beef and iron with quinine sold at Polson's drug store, 50c and \$1 per bottle.

A Cure for Drunkenness.

Opium, morphine, chloral, tobacco, and kindred habits. The medicine may be given in tea or coffee without the knowledge of the person taking it if so desired. Send 6c in stamps, for book and testimonials from those who have been cured. Address M.V. Luban, 46 Wellington St. East, Toronto, Ont. Cut this out for future reference. When writing mention this paper.

A Hamilton Item.

"My wife has been a sufferer from liver complaint for many years. I am glad to be able to testify to the benefit received from Burdock Blood Bitters, as well as in the case of my little boy, who had glandular swellings." J. S. Miller, 77 Victoria Ave. North, Hamilton, Ont. B.B.B. regulates the entire glandular system.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to the taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Try and be Cured.

Lame back and nervous debility, associated with rheumatism, is sometimes met with in every day life, but as a rule we find not more than two of these complaints in the same party. Be this as it may. The only sure and perfect cure is electricity and the best form of administering it is by Norman's electric belts and insoles. W. J. Wilson is agent, and from him you can procure testimonials and circulars relating to any of your complaints.

Shiloh's Vitalizer is what you need for constipation, loss of appetite, dizziness, and all symptoms of dyspepsia. Price 10 and 75-cents per bottle. W. J. Wilson, agent.

Are you made miserable by indigestion, constipation, dizziness, loss of appetite, yellow skin? Shiloh's Vitalizer is a positive cure. W. J. Wilson, agent, Kingston

Dr. J. Collis Browne's Chlorodyne

THE ORIGINAL AND ONLY GENUINE.

ADVICE TO INVALIDS—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish to calm and assuage the weary aching of protracted disease, invigorating the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff) to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma. CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery. CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms. CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Sympson & Co. Pharmaceutical Chemists, Medical Hall, Simla, Jan. 5, 1880. To J. T. Davenport, Esq., 35 Great Russell Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and judging from their sale, we fancy that their sojourn there will be but evanescent. We could multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhoea, and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Cholera, Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of the opinion that the substitution of any other than Collis Browne's is a deliberate breach of faith on the part of the chemist, to the prescriber and patient alike. We are, Sir, faithfully yours, Sympson & Co., Members of the Pharmacy Society of Great Britain His Excellency the Viceroy's Chemists.

CAUTION—Vice Chancellor Sir Page Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.—See "Times," July 13, 1884. Sold in bottles at 1s. 1d., 2s. 6d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. COLLIS BROWNE'S CHLORODYNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

CAUTION—Beware of Piracy and Imitation. Sole Manufacturer, J. T. DAVENPORT, 35 Great Russell Street, Bloomsbury, London Eng. Aug. 3.

BY REQUEST

Of a number of our customers who were unable to take advantage of our Cheap Sale of Lace Curtains last week, we have decided to continue it for One Week Longer. Having received on Thursday last a Job Lot of

500 PAIRS
