The Advantages of Morse's Carbolated Cod Liver Oil.

It is believed that the not unfrequent and discouraging failures of plain Cod Liver Oil and other tonic and alterative treatment to cure consumption, grow out of the fact they have no positive power to arrest the decay of the lungs; that while Cod Liver Oil supplies the waste of adipose tissue and vitality that the disease has made, as no other known substance can, it does not exercise any controlling power over the disease itself; it only gives Nature a fair chance to work her own cure. Something more is wanted—SOMETHING TO ARREST THE DECAY THAT DESTROYS LIFE—some prompt remedial agent that shall act directly upon the disease to check if while the Cod Liver Oil is building up the system. This important addition we have in Morse's Carbolated Cod Liver Oil. The power of Carbolic Acid—to arrest decay—something marvelous. The destruction of matter cannot proceed where it is administered. Its disinfectant, purifying and cleansing properties are truly remarkable, and have been of the greatest practical value to medical mon. It is palatable, and now put up in bottles holding a full pint. Price, \$1. Formula on every label.

We have on hand constantly a fresh and complete stock of DRUGS, FANCY GOODS, PERFUMERY, ETC. Also all the leading Patent Medicines, and a full stock of Paints, Oils, Etc.

Enjoy Life.

What a truly beautiful world we live in ! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up dis-heartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flow. er will make them as free from disease as when born. Dyspepsia and liver complaint are the direct causes of seventy-five per cent. of such maladies as biliousness, indigestion, sick headache, costiveness, nervous prostration, dizziness of the head, palpita-tion of the heart, and other distressing

ROYALTY RAKED UP.

Duke of Consaught Said to be Unfit for the Position He Holds. LONDON, May 12 .- In the house, to-day,

Sir John Gorst, secretary to the India office, moved the second reading of the bill granting leave of absence to the Duke of Con naught, commander of the forces in India, in order that he might attend the jubilee. Lewis Dillwyn, liberal, moved to reject the motion. Sir John Swinburne, liberal, a retired captain of the royal navy, seconded Mr. Dillwyn's motion. Sir John said it would be a graceful act on the part of the Duke of Connaught to retire, in order that some distinguished officer might take his place. There was an enormous amount of ineffective service and waste of money in consequence of exalted persons holding high rank. The speaker then ruled Sir John out of order. Mr. Labouchere denounced the bill as obsequious and servile. A division was taken resulting in a vote of 318 for and
