MORSE'S GLYCEROLE of CELERYCOMPOUND New Remedy for Teething Infants and Adults suffering from Nervous

Diseases, Etc. (CONTAINING NO OPIUM).

Celery Compound is a safe and pleasant substitute for opium and other powerful drugs, leaving no bad after-effects; in fact, acting as a tonic, building up the system.

See following letter we publish by permission

INFANT'S HOME AND INFIRMARY, TORONTO, 29th December, 1882. HAZEN MORSE, Esq. Dear Sir,—I must thank you for the bottles of Celery Compound. I have used it especially with the teething infants, and have found it a certain remedy for feverishness and every form of indigestion, and for the weak and sickly ones t was invaluable as a tonic, and I shall have the greatest pleasure in recommending its use the greatest pleasure in recommending its use to everyone. Wishing you every success, I beg to remain, yours very respectfully, M. WHITH, Head Nurse.

We recommend Celery Compound. Every mother should have a bottle in the house. We have on hand constantly a fresh and

complete stock of DRUGS, FANCY GOODS, PERFUMERY, ETC.

Also all the leading Patent Medicines, and a full stock of Paints, Oils, Etc. ** Prescriptions carefully dispensed. Good value guaranteed. Favor us with a call.

A Creaking Hinge

Is dry and turns hard, until oil is applied, after which it moves easily. Which the joints, or hinges, of the body are stiffened and inflamed by Rheumatism, they cannot be moved without causing the most excruciating pains. Ayer's Sarsaparilla, by its action on the blood, relieves this condition, and restores the joints to good working order.

Ayer's Sarsaparilla has effected, in our city many most remarkable cures, a number of which baffled the efforts of the most experienc ed physicians. Were it necessary I could give the names of many individuals who have been cured by taking this medicine. In my own case it has certainly worked wenders, relieving

Rheumatism,

After being troubled with it for years. In this and all other diseases arising from impure blood, there is no remedy with which I am ac quainted, that affords such relief as Ayer's Sarsaparilla.-R. H. Lawrence. M.D., Baltimore,

Ayer's Sarsaparilla cured me of Gout and Rheumatism, when nothing else would. It was eradicated every trace of disease from my system. -R. H. Short, Manager Hotel Belmont, Lowell, Mass.

I was, during many months, a sufferer from chronic Rheumatism. The disease afflicted me grievously, in spite of all the remedies I could find, until I commenced using Ayer's Sara paralla. I took several bottles of this preparation, and was speedily restored to health.—J. Fream, Independence, Va.

THE CURIOSITY SHOP.

The Currents of the Ocean and Their Relations to Each Other.

All the currents of the ocean seem to form a connected system which has been compared to the circulation of the blood. They are principally caused by differences of temperature and prevalent winds. Warm water rises, cold water sinks. At the equator there is a continual flow of expanded, rising water toward the poles. At the poles there is a constant sinling of contracted or cooled water, which flows an undercurrent toward the equator, the water of the equator moving on the surface to supply its place. This motion is modified by the shape of coasts or prevalent winds, forming the different ocean cur-

Occupation of Authors in 1850.

In the preface to Harper's Magazine, established in June, 1850, is given the whereabouts of some prominent authors at that date, showing their connection with periodicals and newspapers at that time. Here is a quotation:

"Lamartine has just become the editor of a bewspaper. Dickens has just established a weekly journal of his own, through which he is giving to the world some of the mest exquisite and delightful creations that ever carrie from his magic nen. Alison writes constantly for Blackwood. Lever is enlisted in The Dublin University Magazine. Bulwer and Cook publish their greatest and most brilliant novels first in the pages of the monthly magazines of England and So tland. Macaulay has cariched The Edinburgh Review with volumes of the most magnificent productions of English literature."

The Prolific Sparrow.

Some thirty years ago the inch worm became such a nuisance, especially in the parks of large cities, that a gentleman living in Brooklyn sent for a pair of English sparrows from which to raise a progeny for the destruction of the worms. This pair was liberated on Columbia heights. Another pair were placed in Madison square, New York, and afterward large numbers were brought over. They have spread all over the country in such numbers that it is now questionable which would be preferable, the sparrows or the inch

Naval Flags.

Each of the higher grade of officers of the United States navy has a feg, from the secretary of the navy to commodore inclusive. The secretary's flag is a blue field with a white star in each of the four corners and a white anchor in the center. An admiral, vice admiral and rear admiral each has a flag with a blue field, and for admiral four white stars, vice-admiral three white stars, and rear admiral two white stars, the latter being on a red, white or blue field. A commodore's pennant is one white star on a red, white or blue

Poe and Longfellow.

They are undoubtedly the two most noted American poets. Poe had more of poetic genius than any of his countrymen. Longfellow is one of the most popular poets of any country. There is something healthful and soothing and comforting in his works, which accounts for their popularity rather than brilliant poetic inspiration. Poe wrote but little. Longfellow wrote a great deal, and his works have a large sale, not only in America, but abroad.

Chinese in America.

In 1880 there were 105,465 Chinese in this country. The immigration from China was in 1880 7,000; in 1881, 20,000; in 1882, 35,000, Then legislative action came, in 1883, to check the tide. In that year the number fell to 381 and in 1884 to 84. It is estimated that nearly one-half of those who come go back. With fortunes of from \$500 to \$1,000 each these people can live in China in comparative comfort on the income of their savings.

Lunar Rainbow.

A rainbow produced by moonlight is a very rare phenomenon. A solar rainbow is produced by the direct light of the sun on drops of water, each drop breaking up the rays into the primary colors. The lunar bow is caused by the moonlight (the sun's reflected light) acting in the same way; but it is not sufficiently powerful, except in very rare instances, to show anything more than a gleam of pale yellow light.

A Gentleman's Card.

If a man have an honorary title or rank, he never permits its appearance upon his card. According to social etiquette, he leaves all admissions of such fact to his fellow citizens. If, however, he have a pro, ssional, naval or military title, it is etiquet a to other it engraved before his name instead of Mr., because it is an explanation or admission which is considered candid and perhaps need-

The Honeymoon.

The word honeymoon, or fire ment's of married life, is said to be derived from the ancient Teutons. They were accustomed to drink for thirty days after marries a kind wine made from honey. Hence the words honey and moon, or the period from one new moon to another, have been hand down to indicate the blissful period spent by a bride and groom immediately after marriage.

Wagner's School of Music.

Wagner's theory is that the highest end of musical scunds is to represent partry, and that without some such aim, or as merely instrumental, music is without sou. In his operas he represents the acts and emotions in the sounds themselves, leaving out what is called melody. The style is recitative, and the whole abounds with harmony and justrumentation.

Nearest to the South Pole.

Sir James Ross, in command of two expeditionary vessels, the Erebus and Terror, reached a point nearer the South Pole than any other man before or since. On Feb. 23, 1849, he reached latitude south 78 degs. and 11 mins, on a large island, which he named Victoria's Land. He was only 11 degs. and 49 mins, from the pole.

Reducing Flesh.

The Banting system for reducing the flesh is to abstain from the use of fat, butter, milk, cream, bread, potatoes and sugar, or their use in extreme moderation. Persons who have thus reduced fish, are not apt to have a strong, hearty look. The best method for reducing fat, where it can be adepted, is

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to the taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bewels, and is the best known remedy for diarrhoga, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take so other

Miraculous.

Try and be Cured.

Lame back and nervous debility, associated with rheumatism, is sometimes met with in every day life, but as a rule we find not more than two of these complaints in the same party. Be this as it may. The only sure and perfect cure is electricity and the best form of administering it is by Norman's electric belts and insoles. W. J. Wilson is agent, and from him you can procure testimonials and circulars relating to any of your complaints.

A Cure for Drunkenness.

Opium, morphine, chloral, tobacco, and kindred habits. The medicine may be given in tea or coffee without the knowledge of the person taking it if so desired. Send 6c in stamps, for book and testimonials from those who have been cured. Address M.V. Lub on, 46 Wellington St. East, Toronto, Ont. Cut this out for future reference. When writing mention this paper.

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from dandruff, and promotes the growth of the hair. It prevents premature greyness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. G. King, A. P. Chown, and all druggists.

A Living Miracle

"My infant daughter was taken ill with cholera infantum, the doctor said she could not live. . The Reverend W. McWilliams would not allow her head to be lifted when he baptised her, she was so weak. Dr. Fowler's Wild Strawberry gave immediate relief. She is a living miracle, hale and hearty. Since that time (7 years) our house has never been without that remedy." From a statement of George Johnston, Harwood,

Catarrh is not a Blood Disease, No matter what parts it may finally affeet, catarrh always starts in the head, and belongs to the head. There is no mystery about the origin of this dreadful disease. It begins in a neglected cold one of the kind that is "sure to be better in a few days." Thousands of victims know how it is by sad experience, Ely's Cream Balm cures colds in the head and catarrh in all its stages. Not a snuff nor a liquid.
