It is often inherited, but may be the result of improper vaccination, mercurial poisoning, uncleanliness, and various other causes Chronic Sores, Ulcers, Abscesses, Cancerous Humors, and, in some cases, Emaciation and Consumption, result from a scrofulous condition of the blood. and, for the past year, have not found it necessary to use any medicine whatever. I am now in better health, and stronger, than ever before. -0. A. Willard, 218 Tremont st., Boston, Mass,

I was troubled with Scrofulous Sores for five years; but, after using a few bottles of Ayer's Sarsaparilla, the sores healed, and I have now good health.-Elizabeth Warnock, 54 Appleton street, Lowell, Mass,

Some months ago I was troubled with Scrofulous Sores on my leg. The limb was badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy failed, until I used Ayer's Sarsaparilla By taking three bottles of this medicine the sores have been entirely healed, and my health is fully restored. I am grateful for the good this medicine has done me. - Mrs. Ann O'Brian I58 Sullivan st., New York.

MESSES, BROWN BROTHERS & Co.,

Druggists, Halifax, N.S. Gentlemen,—I have been terribly troubled with rheumatic stiffness of the cords of my hands, and for seven years I have not been able to do any needle-work or sewing. I spent a great many dollars in trying to find relief, but without success until six months ago. I used a bottle of Simson's Liniment which has acted like magic. My fingers have regained their suppleness, which I despaired of ever retaining, and now after applying the contents of two bottles I can sew for hours without fatigue to my hands. my hands.

Mothers,

There are upon the skin of every human being, child and adult alike, 2,300,000 pores. Through these pores, in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions, which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from there two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin that Castoria acquired its worldwide reputation. With plenty of water for the body, pure air for the lungs, and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a vegetable prescription without morphine or other narcoti: property. Thirty years extensive use have given it a history never attained by another medicine. Pienie Hams and Rolls at 10c.
