Pimples, Boils,

And Carbuncles result from a debilitated, impoverished, or impure condition of the blood Ayer's Sarsaparilla prevents and cures these eruptions and painful tumors, by removing their cause; the only effectual way of treating them.

Ayer's Sarsaparilla has prevented the usual course of Boils, which have pained and distressed me every season for several years.—George Scales, Plainville, Mich.

I was badly troubled with Pimples on the face; also, with a discoloration of the skin, which showed itself in ugly dark patches. No external treatment did more than temporary good. Ayer's Sarsaparilla effected

A Perfect Cure,

I was troubled with Boils, and my heart was much impaired. I began using Ayer's Sarsaparilla, and in due time, the eruptions all disappeared, and my health was completely restored.—John R. Elkins, Editor Stanley Observer, Albemarle, N. C.

I was troubled, for a long time, with a humor which appeared on my face in ugly Pimples and Blisters. Ayer's Sarsaparilla cured me. I consider it the best blood purifier in the world.—Charles H. Smith, North Craftsbury, Vt. Is sold by all druggists and dealers in medicine. Ask for Ayer's Sarsaparilla, and do not be persuaded to take any other.

I and have not been troubled since.—T. H. Boddy, River St., Lowell, Mass.

Prepared by Dr. J. C. Ayer & Co., Lowell Mass. Price \$1; six bottles, \$5.

THINGS WORTH KNOWING. THAT SIMSON'S LINIMENT

Is what may be called an EVERY DAY MEDICINE, and does not perform miracles, nor cure every disease, but as a remedy for the many complaints which are usually treated by Liniments it is unsurpassed by any other preparation and has well been called THE HOUSEHOLD REMEDY.

It affords the Proprietors much pleasure to say they are continually receiving kind words and good wishes in its favor.

Messrs. BROWN BROTHERS & Co.,

Druggists, Halifax, N.S. Gentlemen,—I have been terribly troubled with rheumatic stiffness of the cords of my hands, and for seven years I have not been able to do any needle-work or sewing. I spent a great many dollars in trying to find relief, but without success until six months ago. I used a bottle of Simson's Liniment which has acted like magic. My fingers have regained their suppleness, which I despaired of ever retaining, and now after applying the contents of two bottles I can sew for hours without fatigue to my hands.

Yours truly, MRS. A. L. ANDERSON, Meadow Cottage Hotel, Cow Bay, C.B., May 17th, 1887.

I CURE FITS!

When I say cure I do not mean merely to stop them for a time, but to have them return again. I mean a radical cure. I have made the disease of FITS, EPILYPSY or FALLEN SICKNESS a life-long cure. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give Express and Post Office. It costs you nothing for a trial, and I will cure you. Address DR. H. G. BROTHERS,

Branch Office, 37 Yonge St., Toronto.

COMMERCIAL MATTERS.

THE AMERICAN MARKETS. UTICA, N.Y., July 18.—The cheese market was an excellent one and salesmen were quite happy. There was an advance of 1/2c in the ruling price, and as the buyers were quite anxious to buy at the advance salesmen held off for the highest figures. There was no secret of the advance, and from the opening of the market until its close competition among the buyers was quite hot. The present hot weather has made considerable shrinkage in the product; in some cases only 10 per cent., and in others from one-quarter to one-third. The transactions were the largest of the season, being 179 lots, or 19,475 boxes. One lot reached 9 1/2c, but the number of boxes was not stated. The ruling price was 9 1/2c.

LITTLE FALLS, July 18.—There was a stand off until late in the day. Finally prices were advanced to meet the demands of the salesmen, and the ruling price was 9c, about 1/2c above last week's price. Transactions were 9 1/2c, 9 1/2c and 9c; total 9,985 boxes. There were sales of 980 boxes at 7 1/2c @ 9c, the bulk at 8 1/2c. Eighteen packages dairy butter sold at 18 1/2c @ 19c; also 22 packages creamery at 19c.

CANADIAN CHEESE MARKETS. MONTREAL, July 19.—The boom is still going on in the country, but in Montreal there is none of it, and the boomers are taking all the cheese that reaches this market before they get hold of it. The prices given in the country should be equivalent to 9 1/2c to 10c, but 9 1/2c appears to be about the best that has as yet been given here.

COTTON MARKET. LIVERPOOL, July 20.—Cotton firm; up-plands, 5 11-16; Orleans, 5 11-16.

Say William, Who Are You? A slugger, Billy Griswold by name, of Kingston, is just now the terror of Foxboro. He has sacrificed a victim every day for the past week. One of his latest victims was in the city to-day looking for a justice of the peace.—Bellevue Intelligencer.

For Impoverished Blood. Scott's Emulsion of Cod Liver, with Hypophosphites, has no equal in the whole realm of medicine. Read the following: "I gave Scott's Emulsion to my own child for scrofula, and the effect was marvelous."—O. F. Gray, M.D., White Hall, Ind. Put up in 50c. and \$1 size.

They Receive Their Pay. This year the 14th battalion is stronger, by 50 men than the government requires it to be. It was thought by the officers that some difficulty would be experienced in getting the pay for the extra men. A letter was written to Ottawa regarding the matter and the answer came back that all the men would be paid for their services.

An American Cutter. Mr. Prevost has secured the services of Mr. D. F. Sherman, who has been cutting for some leading establishments in the United States. As Mr. Prevost does not feel disposed to carry over any summer goods to next season, he has made a reduction of \$2 per suit on the bulk of this season's goods in stock. He guarantees a first-class fit and satisfaction in every respect.

Casting a Propeller Wheel. At the locomotive works yesterday six labourers were asked to assist in casting a wheel, to be used in the M. T. company's new tug. The labourers, considering that the work should be done by moulders, refused to act. The men were discharged. The moulders are still on strike. Through the assistance rendered by others the wheel was cast.

The Rev. Dr. MacBeth. Rev. Dr. John MacBeth, rector of the parish of Killarney, Ireland, is on a two months' visit to the United States and Canada for the purpose of soliciting aid for the Irish society. He will appear in Kingston. The doctor was indignant at the statements, which had been made, that his mission here was a political one, and that he was to try to undo O'Brien's work.

Only Two Bottles. Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well-known U. S. A. general had been cured of catarrh by the two bottles of Ely's Cream Balm.

He Got the Laurel Crown. Capt. Booth and W. Strange had a thrilling race at Channel Grove yesterday. When the big fellows ran against the wind four small boys were knocked over by the great pressure of it. Strange, strange to say, won. Three years ago he was defeated by Booth, but since then daily practice has enabled him to win the laurel crown held by the pastor of the Baptist church for the successful man.

No Reflection Upon Him. Officer Small is indignant because the papers did not give him credit for being two blocks away from Austin's jewellery store at the time it was supposed there was a burglar in it. It has since been learned that Officer Small was near the corner of Clergy and Princess streets when Austin fired off his pistol. The policeman ran down the street as rapidly as possible, and on arriving at Austin's met Officer Tuttle. The reference made to Small was not wickedly conceived. He is an excellent officer, being at all times faithful to his trust.

Mothers. There are upon the skin of every human being, child and adult alike, 2,300,000 pores. Through these pores, in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions, which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin that Castoria acquired its worldwide reputation. With plenty of water for the body, pure air for the lungs, and Castoria to assimilate the food, there need be no unaccounted-for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. Thirty years extensive use have given it a history never attained by another medicine.

Give Them a Chance! That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter, which ought not to be there, your lungs cannot half do their work. And what do they do they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption of any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

An Excellent Number. August Harper's contains an article by Howard Pyle upon the "Buccaneers and Marooners of the Spanish Main," giving the accurate history of these sixteenth-century pirates, about whom the world has heard only exciting fiction. Niagara Falls and river are also graphically described by fifteen views, that of the whirlpool being very fine. An interesting study of sails is made by an English expert, Robert C. Leslie, with sixty-six drawings of styles of "sea wings," developed in different nationalities. "The Irish Party" is one of the seasonable articles. Edward Brown outlines the course of Irish influence in parliament, and gives a biography of the prominent leaders from Isaac Butt to Parnell with fourteen portraits.

Yachts for the Toronto Races. On the 26th instant the races, arranged by the Toronto yacht club, will be held, and on the following day races will be contended by the Royal Canadian yacht club. Baillie (sailing master), Messrs. John Charles, James Murray, John Begg, A. B. Gillies, G. Jack, Jos. Dix and T. Spruile.
