IS THE AMERICAN DIFFICULTY OVER?

From the Morning Chronicle. The enlistment question is but a small part of the issue between this country and the United States. It is a mere passing mptom of a chronic disease. Her Masty's Ministers will find themselves comelled, ere long, to deal with that issue on some definite principle. As was very pertinently observed by Mr Disraeli, a few nights since, they must speedily resolve on the course England is hereafter to pursue with regard to Central America, If the people of the United States are determinen that no Power but themselves shall hold any influence in the neighborhood of the narrow territory which separates the Atlantic from the Pacific Ocean, and which ought to be a highway fice to all nations, there is no course open to England but to fight, or concede, or to negotiate a neutrality treaty with the aid of the greatest Powers of Europe.

The protection of our West India possessions is a question altogether distinct from our disputed claims to a certain terproperty which must be useless for any further notice. purpose but annoyance, we should render a war between this country and the United States sooner or later inevitable, those West Indian possessions may be seriously endangered, and possibly the prestige of the British name impaired; it is, therefore, atil the more necessary that the future course of England on these questions abould be clearly defined, and that we should be clearly defined, and that we recent delivery made by the Quarter Sessions, regular and even; she appears about 16 or 17 wants, accounting for 1, in a should not, as was the case in the late disander and the recent decrease of temptation to plundams' sister; and is evidently controlled altobute with Russia, pursue a foreign policy der of those so inclined, by the favorableness of gether by him.
