STEADINESS AT SEA. - Everybody knows how the mariner's compass is hung on two crossed axes, so that it stands level whatever may be the inclination or plunges of the vessel. A Yankee has recently applied the same principle to some extent to berths for passengers, to avoid sea-sickness; and more of our ocean-steamers are said to have their berths so arranged. The Astronomer Royal of Scotland is recently announced as having invented a grander and far more important application of the same principle-the free axis of rotation-the design being to carry delicate astronomical instruments and the observer with them as steadily as or land, so that a ship's place can be ascertained by obwith the small instruments now held in hand.

The passenger trains on the Hudson River Railroad were detained several hours passengers going or coming were obliged Post Office until January 1st 1847. There 4 Prizes of \$400 approximating to \$50,000 to his friends in Canada, that he has at last posse of men to repair the break and clear the track.

Special Notices.

LIFE INSURANCE. - The British Commercia Life Insurance Company of London, established in 1820, capital and assets over one million sterling, affords the highest security to persons desirous of insuring their lives. Bankers, Glyn, Halifax, Mills & Co. Proposals for Assurance in the above-named Company-received and all information given by S. Rowlands, No. 4 Wilson's Buildings.

INSURANCE .- Mr Ambrose W. Thompson, No ! 10 Wall Street, has been appointed agent in this city of the Farmers and Mechanics Fire and Marine Insurance Company of Philadelphia. This Company is one of the most respectable in Philadelphia, and has the Hon. Thomas B. Flerence for its President. It has complied with the law of this State in regard to companies belonging to other States, and has provided an according trust Fund of \$100,000 with Messrs-Dancan, Sherman & Co. Messrs. Bushing & Co publish a card of thanks in the Philadelphin North American for the prompt manuer in which thus Company settled its losses on their establishment, thus enabling them to resume business without delay .- N. Y. Tribune. S. Rowlands is agent for the above-named Company in Kingston. Office No. 4, Wilson's

Holloway's Ointment and Pills a certain remedy for Erysipleas. - Thomas Hilton, of Toronto, was a most severe and hopeless sufferes from this powerful and irritable disorder for upwards of four years, which rendered him absolutely pitiable, large purple blotches came all over his body, and made him a complete object of horror | IL Street: 2 Tierces Sugar-cured Hams. consulted many medical men, in the hope of being benefitted, but without success. Determined not to be baffled, and in spite of what the faculty had told him, he determined as a last resource, to commence using Holloway's Ointment and Pills: these two remedies, used conjointly, for a short space of time, effected a perfect cure, and he now enjoys the most robust health, after years of intense suffering.

Buildings, Wellington Street.

A WORD ABOUT SICKLY SEASONS .- The lives of thousands of children and grown persons might be saved and restored to perfect health by the Saratoga. - A Tale of 1787, 6s 3d. timely use of Dr McClintock's Diarrhea Cordial. By its use Diarrhea, Cholera Morbus, Dysentery, Cholera Infantum, and Summer Complaints are instantly relieved and speedily cured. Discovered, and administered to over two hundred cases in a single day, at the City Chelera Hospital and City Prison, Philadelphia, during the dreadfulepidemic of 1832.

While Thousands of Scientific Men have kept the result of their discoveries a secret, or laid away in musty books on publishers' shelves, Dr. Jas. McClintock, late Dean of Philadelphia College of Medicine, brings out his discoveries in medicine in the way of a real scientific remedy for each disease. His Dyspeptic clixir and Tuesday the 29th and 30th days of Septemhis Tonic Alterative cures dyspepsia and indi- ber next. gestion, and purifies the blood, invigorates the system, and prevents disease.

Dr. Jas. McClintock is known wherever profound science and vast experience are appreciated, as the most successful of living physicians in the treatment of Pulmonary complaints. His Cold and Cough Mixture removes Colds, Coughs, Hoarseness, and all Ordinary Irritations of the Respiratory System, as certainly as water quenches flame; while his Pectoral Syrup is the only reliable cure for Consumption, Bronchitis, and all serious diseases of the Trachea and other portions of the breathing apparatus.

The Pale, Emaciated, Broken-down victim of Fever and Ague, derives immediate relief from £40 Dr Jas. McClintock's Fever and Ague Specific. In the first place, the chills are broken, and the subsequent effect of the medicine is to fort.ly the system against any further attacks of the disease. Scarcely less celebrated are Dr Mc Clintock's Auti-Bilious Pills, for their catraordinary operations upon the Bilious secretions they impart a healthy tone to the liver when all other remedies fail.
