" THE CASE OF ARCHDEACON DENISON. -The late decision of the Judicial Committee of the Privy Council, though relieving the Arctideacon from the sentence of deprivation pronounced against him by the Arch bishop's Court, does not in reality amount to the recognition of his heretical notions respecting the Sacrament of the Lord's Supper, although it is represented as a triumph by his friends. The case has now been tried by all the Ecclestastical Courts into which it could successively be brought; and it is remarkable that the only courtthe Archbishop's -- which took the question o. doctrine at all into consideration, pronounced his doctrine heretical, and contrary to the Churches of England. The ing, expressly, withho ding any opinion on the nature of the offence but ruling that the objection was valid. The sentence the Arenbishop's Court was reversed by the Court of Arches, on the ground that by the 2 th section of the Church Disc pline Act 3d 4th Vic., cap. 86, "Every suit or proceeding against any such clerk in holy old re for any offence against the laws ecclesiastical shall be commenced within two years after the commission of the offence," which had not been done in this in. stance. This decision was confirmed on appeal by the judicial Committee, the report of whose judgment concludes thus,-"For the reason that had now been stated, it was their Lordships intention to report to her ! Majesty that, in their judgment, the present appeal should be dismissed, but with ut costs. Of course it was understood that upon the question of heterodoxy whether
