long session in Toronto, on Saturday, and made considerable progress in the revision and amendment of the Municipal Act .-They will probably report to the House by bill in a few days.

ANOTHER SNOW STORM .- The storm of Thursday last was quickly succeeded Saturday night by a much greater one-Sunday people were blockaded completely in the houses, the snow which fell having driftplaces, and raised formidable breastworks against the doors and windows, which required no inconsiderable labor yesterday

The drifts on the roads outside the city, running East and West, were very heavy, and only a few sleighs out of urgent necessity came in from any quarter yesterday. The portion of Princess street, between Williamsville and the city proper, which THE is remarkable for i s drifts, was snowed up to a good height, and a small army of men was required yesterday to clear it. Some of the roads are quite impassible.
