Opening of the New Brunswick Legislature.

SPEECH OF THE LIEUTENANT-GOVERNOR—RE-ENDOWMENT AND ECONOMY STRONGLY URGED.

Fredericton, N. B., Feb. 13.

The Local Legislature met at 3:30 p.m., to-day. Mr. Hanford was elected Speaker without opposition.

The Lieutenant-Governor delivered the following speech:

Mr. President and Honorable Gentlemen of the Legislative Council:

Mr. Speaker and Gentlemen of the House of Assembly:

I have much pleasure in meeting you in general assembly, and in being able to congratulate you on the generally prosperous state of the Province. Providence has, during the past year, blessed the labors of the husbandmen.

The fisheries, so far as prosecuted, have been generally successful; and, although, while circumstances beyond our control have, to a certain extent dampened the prospects of our enterprising ship-builders, yet, I trust, with the continuation of peace in Europe and the consequent improvement in the trade and commerce of the world, this Province, and the acknowledged energy and skill of our people, that we may reasonably hope for an improvement in this most important branch of business.

The Provincial Exhibition, held at St. John during the last autumn, gave satisfactory evidence of the advanced state of our manufactures. It is highly gratifying to me to be able to inform you that the state of our Revenue is very satisfactory, and after providing for all the ordinary services there will be a surplus amply sufficient to enable you to make the usual provisions for Roads and other Public Works; at the same time taking in consideration the increasing wants of the Province, with a Revenue to a certain extent limited, I would earnestly recommend you to adopt and enforce a rigid system of economy, and as far as practicable retrenchment in every Branch of the public service. With this view new measures will be submitted to you, for the abolition of such public offices, to which salaries are attached, as are not absolutely required for the exigencies of the public services. Also for the more careful collection and management of the public revenue, and for the most speedy collection of Crown debts. Your attention will be called to amendments in the County Court Act, with a view of rendering those courts as beneficial as possible to the public interests. Your attention will be invited to those matters tending to develope the resources of the Province and facilitate its settlement, and amend the educational system.

Mr. Speaker and Gentlemen:

I have directed the accounts of the Provincial income and expenditure to be laid before you; also the estimates for the ensuing year, which have been framed with a due regard to the resources of the Province.

Mr. President and Hon. Gentlemen:
Mr. Speaker and Gentlemen:

Since the last meeting of the Legislature of this Province the Act of Parliament for the Union of the Provinces has come into force, and I confidently trust that when the operation has been fully tried and tested, it will be found to advance the social, material and political interests of the Dominion over which it extends.

From Halifax.

THE REPEAL MOVEMENT—DEPARTURE OF MR. HOWE.

Halifax, Feb. 13.

Mr. Howe has engaged a passage in the Royal Mail Steamship "City of New York," which leaves this port for Liverpool to-morrow, as the delegate commissioned by the Imperial authorities for the repeal of the British North America Act. It is reported in well informed circles that Mr. Annand, who is Provincial Treasurer, and Mr. Troop, of Annapolis, also a member of the Government, will be the other delegates in the anti-Confederate interest, and will depart in the steamer which leaves here on the 26th inst.

In reply to a question by the leader of the Opposition in the Assembly to-day, the Attorney-General stated that it was the intention of the Government to adjourn Parliament upon the departure of the repeal delegates, and resume the session about the first week in May next, when the answer of the Imperial authorities to the repeal resolutions would be taken into consideration.

NEWS OF THE DAY.

MONDAY MORNING, FEB. 17, 1868.

KING STREET SKATING CARNIVAL.—The first Fancy Dress Carnival of the year came off on Friday (St. Valentine's night) at the King Street Skating Rink. The attendance was all that was expected, the available space being entirely occupied. The characters were not so numerous as those present on two or three former occasions, but as a general thing they were well made up. The fancy costumes were outnumbered by the less costly, but far more interesting extravagancies, and excepting the lady skaters, of course, were not of particular note. The irrepressible Nigger was as usual the most favored character, and there was a large quota of Turks, Cadets, Students, &c., with a pleasing variety of nondescripts too numerous to mention. No groups were seen. An Apple-pie man, dragging round a large tin stove and oven, familiar known to all in Kingston, was next to an enormous bottle, labeled "Bass Ale," the most conspicuous object. Adopting the popular notion, he vended his pastry "for the benefit of the Kingston General Hospital." The amount realized is to be added to the proceeds of the late Minstrel Concert, and handed over for the immediate relief of the Institution. Among the other most noticeable characters were a well dressed Harlequin, a capital Lord Dundreary, a rather graceful African driver or keeper, whose dress once before composed a part of a capital group, and a harmless Indian, with the "crosse" in hand. A Chinaman Japanese, and Abyssinian did not find themselves out of latitude. The best lady character was the School Girl, whose admirable get up was cleverly carried out. The Fish Woman was only second in point of excellence. An old woman sold cakes in opposition to the Fie-man, but as she was not laboring on behalf of a charity, like her successful rival, she was not so well patronized. The fancy dresses of the ladies were very pretty, and were greatly admired, one especially that of a French lady of a previous century. The enlivening scene closed about ten o'clock, when the Band of the Royal Canadian Rifles, which played during the evening, gave "God Save the Queen." This it is thought will be the only Carnival of this season, unless one be got up for the benefit of the Band of the Volunteer Rifles.

POLICE COURT, Saturday.—John Nelson, a young lad, was charged with being disorderly, and frequenting a disorderly house. He was remanded until Monday, to procure witnesses.

LATEST FROM WASHINGTON.

The Stanton Affair.

New York, Feb. 15.

The World's special says:—The friends of the President urge him to remove Stanton and appoint one of the members of the Cabinet ad interim, thus involving a peaceful judicial appeal for the decision of the matter. The position Gen. Grant has placed himself in is also mentioned as a cause for his arrest and trial by Court Martial.

The chances are in favor of McClellan being appointed Minister to England.

It was agreed informally among Senators to-day, to pass a resolution on Monday, calling on the President for a statement of his purpose in creating the Department of the Atlantic. It was further resolved to bring in a bill to redistribute the Military Departments so as to virtually abolish the operation of the President's order

FROM QUEBEC.

Mr. Dunkin's Speech—Prompt Legislation—Provincial Council.

Quebec, Feb. 14.

The reporters from several enterprising English journals are to be accommodated with seats on the floor of the House, to take in extenso Mr. Dunkin's financial statement of this evening's session.

Business of session, as prorogation approaches, is being despatched with a promptness and carefulness quite refreshing,—no shoving over; no half-measures. Five bills were introduced yesterday.

Messrs. Cartier and Langevin leave here for Ottawa on Thursday next, to attend a full Privy Council meeting on the 20th.

The fourth Provincial Council of the Roman Catholic and diocese of Quebec will be held in this city on the 7th May. The Archbishop, Mgr. Baillargeon, and 10 bishops, besides other clergymen, will assist. Mouseigneur Baillargeon will be the presiding prelate.
