## ITEMS OF NEWS.

Vesuvius shows no signs of relapsing into a state of quiescence. The present eruption has continued longer than any recorded in modern times.

The Genoa papers say that twelve vessels left that port for America during the month of March, carrying 1,066 emigrants of the better class.

A Rochester paper reports that a young man named Cryster was shot by a woman in a house of ill-fame at Clifton, on Thursday last, and has since died from the effects of the wound received.

An attempt of a most diabolical character was made on the 13th ult., between Hagley and Kidderminster, to upset a train containing about a thousand Worcestershire volunteers, who were returning from a review at Hagley Park. The miscreant has been apprehended.

The full-size portrait of the Hon. J. S. Macdonald, recently painted at Toronto, is now hung up in the Court House, Cornwall, where it can be seen at any time by those who may desire to view one of the finest specimens of portrait painting that has ever been executed in this country.

A Minnesota editor says that a man came into his office to advertise for a lost dog, and that such was the wonderful power of advertising, the dog walked into the office while he was writing out the advertisement.

A libel suit is impending over the Chicago Tribune. A reporter brought in at a very late hour a report that a certain well-known firm had failed. It was published as a rumor, and this suit is brought to recover $100,000.

The disgraceful riots which recently took place in Rochdale are being imitated in the neighborhood of Stalybridge. A few nights ago, a number of Murphyites returning from an anti-Popery lecture were attacked by a large body of Irishmen and routed. Since that time, the Roman Catholic chapel and school at Stalybridge have been several times attacked, and great damage has been done. The Roman Catholics having gathered about the church to defend it, rows took place, many persons were hurt, and one was wounded by a shot from a gun.—London Spectator.

On Friday night last the stairway in front of Barnett's Museum, Niagra Falls, gave way, and fell into the river. The accident was occasioned by a portion of the bank giving way. We are informed that persons who wish to go under the falls are now compelled to make a dangerous trip down a ladder. Other portions of the rock look very shakey, and a big crash is expected shortly.

A late fashionable wedding at Toronto, attended with great pomp and circumstance, is said to have turned out extremely unfortunate. The distinguished groom is discovered to be a bogus Italian Count, with neither money or character, and worse than all else, having a previous wife and children living neglected and in poverty. The unfortunate bride has returned to her home, after being robbed of what money and valuables she carried with her on the bridal tour.

In the darkest days of the Atlantic Telegraph enterprise, a friend of Cyrus W. Field bought ten thousand dollars of stock for a ten dollar bill. The investor came to Mr. Field to ask him whether his purchase was worth anything. Mr. Feld offered to take the stock at a considerable advance. "Well, but what do you advise me to do, Mr. Field?" "Take your stock home," was the reply; "lock it up in your safe, and never look at it, nor think, till you come to me for your dividends on it." That man is now receiving on his investment of ten dollars, eight hundred dollars per annum in gold.—N. Y Mail.

ASSAULT IN BELLEVILLE.—The Intelligencer says: Toleration seems to be a virture unknown to a certain class for only a few nights ago a man, quietly walking along the street, was knocked down and brutally maltreated, because he bore a name similar to one of the Fenian informers. Last night three persons taunted him as a spy, and said that the attack was only the first, the next would be worse. He thought it best to get out of their way, and being convinced that they intended evil towards him, he has left the town.

An Ohio paper tells a good story of Colonel Washburn, of Marietta, who has survived a remarkable wound received in the war. In one of Sheridan's battles in the Shenandoah Valley he was shot through the head. The ball entered the bottom of one of his eyes, destroying it, and passed just but under the back of the opposite ear. His face became destroyed and he has a glass eye, but from first to last, he never experienced the slightest pain.

Sir Robert Napier, who has so successfully conducted the Abyssinian campaign, is no relation to any of the celebrated Napiers. He was born in the Island of Ceylon in the year 1810, entered the Indian army in 1826, and has participated in most of the military enterprises in India during the last forty years. Without family connections or patronage he has worked his way upwards to the foremost rank of the Indian army, is a Knight of the Bath and of the Star of India, and will now probably obtain a peerage and large pension for life.

## NEWS OF THE DAY.

FRIDAY MORNING, MAY 8, 1868.

THE NEW POST OFFICE LAW.—The public generally may not be aware that all "drop letters," that is, letters intended for delivery from the Post Office at which they are posted, require to be prepaid by postage stamp—one cent each. If not so treated they are sent by the Postmaster to the Dead Letter Office, to be returned to the writer.

SPORTING NEWS.—The practice of the Kingston Cricket Club commences to-morrow afternoon at three o'clock. The Oswego Club has accepted its challenge and will play the match in Kingston in about five weeks' time. The Port Hope Club have declined to play a match, owing to prior engagements.

The Cricket Ground will not be occupied by the Cricket Club on the Queen's Birth Day, and the Kingston La Crosse Club are in favor of improvising a friendly match on that day, after the usual review. It would be no mean attraction. Could not a match be arranged with the Barriefield Club, which is very well versed in the science of the national game, and by no means a weak antagonist?

The Ottawa La Crosse Club is selecting its twelve best players to send to Montreal to play the Champion Club.

Clubs are flourishing in all parts of the country. It is gratifying to the lovers of our national game to see the steady increase. We would remind new Clubs that the National Association is the guardian of the game, and that to avail themselves of its privileges, and to be entitled to vote at the forthcoming Convention in the Fall, it is necessary that they should sign the constitution. Clubs outside of the Association are not recognized, nor are their challenges noticed.

THE LIGHTNING ACCIDENT.—The younger son of Mr. Wm. Knapp and his uncle, Mr. Jas. Knapp, have both recovered from the effects of the stroke of lightning which prostrated them on Tuesday last, at Crow's Island, Rideau Canal. The body of the elder son of Mr. Wm. Knapp has been brought home to the sorrowing family.

DOMINION RIFLE ASSOCIATION.—The adjourned meeting of the Council of the Dominion of Canada Rifle Association assembled at Ottawa on Tuesday. Amongst other resolutions carried was the decision that the first annual prize meeting should take place in Montreal early in the month of September; that the Committee reassemble on the 24th June, at which time the rules for firing and the nature of the prizes about to be offered for competition will be published; and that one-third of the whole of the annual revenue of the Association be devoted to prizes for all affiliated Associations connected with the Dominion.

At another meeting of the Association, held on Wednesday, committees were appointed to frame rules for firing, to arrange ranges for the forthcoming prize meeting, and to arrange for the amount and nature of the prizes to be offered for competition. Lt.-Col. Paton, Kingston, is a member of the last named committee.

17TH REGIMENT.—The companies of this regiment have ceased a portion of their garrison duty, and are packing up in view of their early departure for Quebec en route to England.

POLICE COURT, Thursday.—Henry Wood was charged with stealing a coat and a pair of pants from Thos. Shambeaux, but as both men were under the influence of liquor at the time, the Magistrate discharged him. Margaret Spooner, a miserable vagrant, was sent to the Hospital. John Reynard, Barrie Street, was charged by Inspector Mostyn with selling liquor without license. Judgment deferred.

THE ARRESTS IN TORONTO.—No new developments have taken place at Toronto. A telegram from there says: "Much indignation is expressed at the arrest of Hynes. His friends talk of prosecuting Fallis (who laid information against him) for perjury. The only society he was ever known to belong to here is the Typographical Society, of which he was once President. He is a French Canadian and Irish extraction, and went to school with Sir John A. Macdonald in Kingston." The Fenian papers sent to Ottawa are being examined by Mr. O'Reilly.

EARTHQUAKE IN CORNWALL.—A telegram from Cornwall says a severe shock of an earthquake was felt there on Tuesday night at 11:54 p. m. The movement does not appear to have extended to any other place.

The U. S. authorities have seized 117 heads of cattle in Buffalo, which had been imported from Toronto, and invoiced at one half their real value.

Suspicious parties, supposed to be Fenians, have been seen taking observations in Durham, Eastern Townships. The inhabitants are excited over the affair.

The total national debt of the Great Republic on May 1st, less sum in Treasury, was $2,500,627,827.

The booksellers of Toronto have of their own accord, come to the conclusion of sell no pro-Fenian organs from this date. Their example should be followed by every newsdealer in the Province.
