HALL'S
Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and* falling out of the hair; *and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the* cheapest *preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

SARSAPARILLIAN
AND ITS ASSOCIATES.

DR RADWAY'S SARSAPARILLIAN is no a *direct diuretic* or a *direct alternative*, but it combines all the properties of a emedial agent, essential to purify, cleanse, heal, repair, strengthen and invigorate the broken down and wasted body.

It purifies and enriches the blood; make it strong, healthy, and vigorous; supplies it with strong constituents essential to health that disease and bad humors have changed or deprived it of; sound flesh and healthy fibre or hard muscle is not made from weak, impure blood. The SARSAPARILLIAN RESOLVENT makes the blood rich and strong, and supplies the waste of the body with new and sound material. No matter what the name of the complaint be designated by, either Scrofula, Syphilis, Ulcers, Sores Tumors, Boils, Erysipelas, Salt Rheum, either of the Lungs, Kidneys, Bladder, Womb, Skin, Liver, Stomach or Bowels, either chronic or constitutional. The virus of the disease is in the blood which supplies the waste, and is absorbed to build and repair these organs and tissues of the system, which, if the blood is unhealthy, must be unsound, and can only be exterminated and the parts made healthy by pure blood, which is secured by the SARSAPARILLIAN RESOLVENT.

The SARSAPARILLIAN RESOLVENT is a compensating remedy. It secures the harmonious action of each of the organs. It does not augment the secreting orifices of the kidneys, nor is the liver interrupted in its functional duties of secreting bile, by its assisting the lungs in throwing off the pure ent matter that fills and obstructs the air cell or tubercuious deposits. It establishes throughout the entire system functional harmony, and supplies the blood vessels with a pure and healthy current of new life. The skin, after a few days use of the Sarsaparillian, becomes clear and beautiful. Pimples, Blotches Black Spots and Skin Eruptions are removed; Sores and Ulcers soon cured. Persons suffering from Scrofula, Eruptive Diseases of the Eyes, Mouth, Ears, Legs, Throat and Glands, that have accumulated and spread, either from uncured disease or mercury, or from the use of "*Corrosive Sublimate and Potassium that forms the basis of most of the decorations and solutions in the large bottles of Sarsaparillas that smothers* but never cures, may rely upon a cure if the Sarsaparillian is continued sufficiently to make the blood pure and secure the harmonious action of the several organs in secreting the proper constituents of each; and this will soon be made manifest by the patient's own state of health. The ingredients used in SARSAPARILLIAN RESOLVENT are such that, prepared under the ordinary process, are recognised by medical men as the best in the materia of medica in their special ranges; and, as prepared under DR. RADWAY'S NEW PROCESS, for obtaining extractive matter from vegetable substances, and the peculiar mode of uniting these several ingredients so as to assist and increase the medicinal power of each, gives to the sick a remedy that one or two spoonfuls possess a greater and quicker power than a dozen doses of the uncertain decoction of ordinary Sarsaparillas. (One tea spoonful of Radway's Sarsaparillian to a pint of molasses or syrup will make as strong and efficient a remedy as any of the large Sarsaparillas). Those who are afflicted with chronic disease, who desire to be free from it without overloading the stomach with a lot of inert and useless syrups, —one tea spoonful of the Sarsaparillian Resolvent will answer a better purpose than a wine glass of the ordinary sarsaparillas. Add one bottle will make a better curative agent than ten of the others, besides being free from corrosive sublimate, which accumulates the mercury in the system that forms the basis of most of the remedial agents.

The Sarsaparillian used in this Resolvent is the Jamaica (Red.) This species contains less starch and more extractive principle than all others. Dr. Radway associates with his agent, REMEDE-MUS INDICUS, PARKIRA BRAVA, LIXIVE FUCI, and newly discovered roots, with other ingredients, (see formula in Paine and True, Dr. Radway's Almanac for 1868,) which roots are selected and gathered, in their proper season, by agents under pay from Dr. Radway, in Brazil, S.A., Jamaica, W. I., Hindostan, &c., and imported direct, and the active medicinal properties of said roots only used in the preparation of this remedy. For a more complete description of the medicinal properties of the several ingredients used in the Sarsaparillian, see Paine and True, Dr. Radway's new medical publication, illustrated with figures of the organs of the system, free of charge, by calling at 439 St. Paul street, Montreal. Price of Sarsaparillian resolvent, $1 00, or six Bottles for $5 00. Sold by all of Dr. Radway's Agents, by Druggists, and 439 St. Paul street, Montreal.

VICTORIA

STOVE and PLOUGH
FOUNDRY,
Kingston, Ontario.

CHOWN & CUNNINGHAM,

DESIROUS of retaining the liberal patronage hitherto accorded to them by the public generally, beg to intimate that they have lately added several new patterns to their already large assortment of Stoves, and are now in a position to offer their customers, both wholesale and retail, a large and varied stock of

Cooking, Parlor & Box Stoves,
FOR BOTH COAL AND WOOD

We would particularly direct attention to our new Parlor and Hall Sale Feeding Coal Stove,

THE ORIENTAL, (Assorted Sizes.)

in which all the good qualities of a base burning Stove are combined. In this Stove, when a fire is once made the work is done for the season; the fire can be kept with great ease from Autumn to Spring. All that is required for the successful operation of the Stove is to replenish with fuel once or twice a day, and to shake the ashes from the Grate and empty the Ash Pan.

We also continue to manufacture Steel and Iron Ploughs, Rollers, Harrows, Cultivators, Lumber Waggons, Iron Sinks, Hollow Ware, Ornamental Railing for Cemeteries, and Castings in general.
