CHOLERA PREVENTIVE.

THIS preparation is composed of Opium, Camphor, Catechu, Turkey Rhubarb, Essence of Peppermint, &c., and will, under ordinary circumstances, invariably check the Diarrhœa in a few hours; and as a preventive of Cholera, should be in the hands of every family. The materials from which it is prepared are those known by our most eminent Physicians to be the most efficacious in use.

Rappe, Weber & Co.,
LARGE MANUFACTURERS OF
GRAND OVERSTRUNG SQUARE
PIANOS,
Corner of King & Princess streets,
KINGSTON, ONTARIO.

RAPPE, WEBER & Co. announce to the Public that they are now in possession of facilities for manufacturing Pianos unsurpassed, if equalled, by any in the Dominion

The members of the Firm are Practical Piano Makers, and are anxious to establish their success in manufacturing enterprise by careful workmanship rather than by mere speculation. They are able skilfully to superintend every department, and are prepared to guarantee every instrument they sell.

For strength of manufacture and materials, beauty of finish, and durability and excellence of tone, they challenge the Dominion to produce superior instruments; and while they claim for their work every excellence that can be expected from skilful and enterprising workmen, they beg to announce that their resources are sufficiently ample to enable them to compete in prices with any speculator in Pianos.

The Subscribers keep no Travelling Agent All orders addressed to the Subscribers, or sent through any respectable Music Dealer will receive attention. Orders through mail will be attended to as if selected in person.

RAPPE, WEBER & CO.
Kingston, May 20, 1868. 121

A CARD.

RAPPE, WEBER, & Co., deem it unnecessary in their announcement above to notice the advertisement of their competitor, Mr. F C. Cline. They beg to inform the public that it was not the privilege of Mr. Cline to retain all of the late J. C. Fox's workmen.

The Advertisers were selected by the late Mr. Fox from the best establishments in New York, (Steinway's, Stoddard's, Weber, Gabler etc.)

After Mr. Fox's death, and before Mr. Cline's purchase of a part of Mr. Fox's stock, Rappe Weber & Co., had determined to go into business on their own account. As at present constituted, their establishment consists of four Proprietors, every one of whom have been foremen, and their workmen who have been foremen; so that so far as the "culling of workmen" (a novelty in language) is concerned, Rappe, Weber & Co., have the honor to announce that they made *their* selection before it was permitted to Mr. Cline to make *his*. If Mr. Cline was a practical Piano maker, it might be competent to him to remark upon the skill of other workmen; but as he is not, it may be well to remind him that the shoemaker should stick to his last.

The Advertisers do not press upon the public the merits of any Travelling Agent, and any person holding himself out as such may be treated as utterly unauthorised. Our Pianos are candidates for popular favor, and we have no doubt they will win it.

R. W. & CO.
Kingston, May 21st 1868. 121

THE AMERICAN
Lightning Apple Parer,
Manufactured by the Patentee in New York.
GREATLY IMPROVED IN WEIGHT AND STRENGTH.

BEING now made much heavier and stronger than formerly, it is the most Perfect Machine made, and greatly superior to the imitations of the same.

A very little comparison between this make of the Lightning Parer and its imitations will show its superiority.

A thorough trial of this machine last season established the fact that it is the best Parer in the Market. It will pare either smooth or uneven apples better, easier, and three times quicker than any other machine ever produced. The parings are carried entirely clear of the machine, so that there is no gumming, sticking nor clogging, as in other parers, and the parts are always clean and in good order. The turning of a crank, so tiresome to the wrist and arm, is avoided. The only motion required to pare an apple is to push the handle once the length of the semi-circle. Cheap at

A. CHOWN'S.
Kingston, Sept. 4 1868. 210

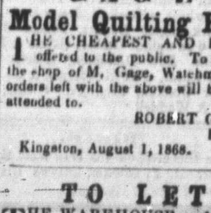
Montreal, Aug. 17th, 1868. 196&24



Royal Italian Bitters.
OR
Tonico Reale,
DEL DOTTOR F. P. VERRI,
Professor of Chemistry in the University of PADUA, ITALY.

THIS celebrated Preparation—for which a Certificate of Merit was awarded to the distinguished original preparer at the National Exposition at Torino, Italy, by whose favor Mr. GIANELLI obtained the Recipe and was also awarded a Diploma at the Provincial Exhibition of Canada held at Montreal in September, 1865—is, without exception, the most Genuine, Salubrious and Agreeable TONIC ever introduced to public notice either in Europe or America.

For seventeen years it has, in Italy, been a universal favourite among the elite of Society, being generally served in the Drawing Room immediately before Dinner, in preference to Vermouth.

The ingredients of its composition have been imparted to the leading Physicians of Montreal, and have received their unqualified approval on every account.

The Proprietor has no idea of parading or puffing it before the public, but merely asks a sound and unprejudiced trial.

Kept by the principal Wine Merchants Druggists and Grocers in Canada.

Prepared and sold wholesale by the Proprietor,

A. M. F. GIANELLI,
26 Hospital Street, Montreal.

NOTICE.
Legislative Assembly of Ontario,
Toronto, 31st August, 1868.

ALL Applications to the Legislature of Ontario for Private Bills require a notice, clearly and distinctly specifying the nature and object of the application, to be published as follows, viz:—

A Notice inserted in the Ontario Gazette and in one newspaper published in the County or Union of Counties affected, or if there be no newspaper published therein, then in a newspaper in the next nearest County in which a newspaper is published.

Such Notice shall be continued in each case for a period of at least six weeks during the interval of time between the close of the next preceding Session and the consideration of the Petition.

When it is intended to erect a Toll Bridge, such Notice must state the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a Draw-bridge or not, and the dimensions of the same.

N.B.—For a full description see Ontario Gazette.

CHARLES T. GILLMOR,
