BY ATLANTIC CABLE.

Madrid, Oct. 12.

General interest is manifested in Cuba in regard to the representation of that island in the government of Spain, and also in regard to the abolition of slavery. The ministers promise Cuba equal liberties with Spain.

The Provisional Junta is sure of the adhesion of Lesaundi, the Captain-General of Cuba.

London, Oct. 13.

Mr. Gladstone commenced the political canvass in Lancashire with an able speech at Warrington, in which he denounced the Tories for their bad financial policy and for their course in the Irish Church question.

LATER.

Paris, Oct. 13.

General Prim has written to the Emperor Napoleon, stating the Provisional Junta desires close relations with France. They prefer a ruler who will be acceptable to France and to Europe. The Provinces of Barcelona and Valencia being strongly progressionist, hesitate to recognize the Junta.

London, Oct. 13.

A meeting was held here to day for the sufferers by the earthquakes in South America. The Lord Mayor presided. Among the prominent persons who took part in the proceedings were the Governor of the Bank of England, the Rothschilds and Barings. Nearly seven thousand pounds sterling was raised.

The Junta has seized the property of the Jesuits and abolished the order.

Madrid, Oct. 13.

The Junta has issued another circular urging the extinction of all religious corporations. Internal taxes on home or foreign wars have been abolished.

NEW EXTRADITION TREATY WANTED.—Commenting upon the recent discharge from custody of the Rano Express robbers, by the Police Magistrate of Toronto, the Chicago Republican says:—"That a great criminal, whose crime is admitted by their own confession, can escape punishment by a mere technicality, and the ruined look upon the community, is sufficient reason for an immediate change in the extradition laws between this country and Canada. By a quibble, these infamous scoundrels are found guilty of 'embezzlement' instead of robbery and attempted murder, and as embezzlement is not provided for in these laws, they go scot-free. We presume this defect in the law will be speedily remedied."

THURSDAY MORNING, OCT. 15, 1868.

MASONIC FESTIVAL.—On Tuesday next, the 20th instant, the M. W Past Grand Master Simpson, with full Masonic Ceremonies, will lay the Corner stone of the new Masonic Hall, now in process of erection by Mr. Town, in the Market Square. Public notice of the Ceremony will be made.

NEALE'S PATENT.—Now that Gold is known to exist in many of the Canada Rocks, the best means of extracting it is engaging the attention of artists and mineralogists. Dr Rae, of Syracuse, is devoting a great portion of his skill and energy to the application of Chemicals to the Crushed Rocks, and a Mr. Neale, of that locality, has recently taken out a Patent to assist Dr. Rae in his labors. Between them, there is every hope of great success, in extracting the precious metal and largely encreasing the quantity. The combined invention is highly spoken of in Madoc.

FROST.—The heaviest frost of the season was felt on Tuesday night, proving destructive to the late vegetables. Yesterday the weather was warm and delightful, predisposing a strong belief that the Indian summer had visited us at an early date this season.

AGRICULTURAL SHOW.—The Glenvale Club, an association of well to-do farmers of the township of Kingston, living in the vicinity of Glenvale Village, held a show of their own on Tuesday, at which a large display of live stock, grain, and farm and garden products was made, fully equalling in merit many of the annual township shows. The cattle especially were excellent in quality. The Glenvale Club has given many lessons in spirit and enterprize to the farmers of Kingston and other townships, of which this last example is not the least worthy to be followed.

GUNBOAT HERON.—This steamer lies off the Atlantic wharf, having arrived on Tuesday night from Toronto.

INSPECTION.—On Tuesday night Lt.-Gen. Wyndham, K.C.B., Commander-in-Chief of the Forces, arrived in this city, on an irregular visit, and yesterday he inspected Forts Henry and Frederick and the whole garrison. At 10 a.m. the Troops, consisting of the Batteries of Royal Artillery and Royal Canadian Rifle Regiment, paraded on Barriefield Commons, and were inspected by the General, who was pleased with their fine appearance and general efficiency. The Brigade marched past in grand divisions in quick time, and performed other evolutions. The Review was quite short, and there were very few people to witness it, on account of no previous announcement having been made of its taking place. The inspection was not very minute, as the regular half yearly inspection takes place next week, when Major-General Bissett will arrive from Montreal for the purpose of making it.

CONVICTS.—The regular quarterly instalment of prisoners from the Montreal gaol, under sentence of imprisonment in the Kingston Penitentiary, arrived here on Monday, eight strong, well guarded by police constables, by whom they were safely handed over to the Warden and his officers. Two are to spend five years each in this congenial situation, three are allotted three years, and two more are allotted two years, while the eighth, the soldier who shot his comrade, is under sentence for life.

DR. FRANKLIN AND THE GOUT.—In Dr. Franklin's imaginary dialogue with the Gout, the Gout has the best of it. The reverse would have occurred had Radway's Ready Relief then been extant. The Doctor would soon have put the enemy to flight with that invincible Painkiller and counter-irritant. A single application of R. R. R. will often compose a fit of the Gout for months.

Price 50 cents per bottle. Sold by Druggists. 241

A CARD.

A CLERGYMAN, while residing in South America as a Missionary, discovered a safe and simple remedy for the cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Sexual Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, FREE OF CHARGE. Address

SCIENCE VS. IGNORANCE AND HOTTENTOTS.

Intelligent agents under pay from Dr. Radway are sent to the following countries to engage the most competent natives to gather and select the vegetable substances used in DR. RADWAY'S SARSAPARILLIAN RESOLVENT. To wit:

Brazil, S. A.
Jamaica, W. I.
British India,
Persia and
Japan.

(By correspondence.)

Some years since it was deemed necessary for the protection of the public against the importation of spurious roots and drugs, for Congress to pass a law establishing an Inspector of Drugs in every port of entry in the United States. But this wise precaution does not prevent the importation of spurious roots and medical herbs. Nearly one half of the Sarsaparillas, Pereira Brava, Peruvian Bark, etc., brought into this country and Europe are spurious, and when prepared for medicinal purposes are, in fact, useless, and all to produce the beneficial results that the chemist and physician expect to realize. That a useful objection may exist, and the public may depend on securing the true roots in the Sarsaparillian Resolvent, Dr. Radway has adopted the plan of gathering the several roots, etc, used in his medicines, under the direct supervision of trusty and intelligent agents.

This is an enterprise never before attempted, and it is one long needed. The loose manner in which vegetable barks, roots, leaves, gums, and other medical substances are gathered by ignorant natives, half savages, Hottentots, &c., and the cupidity of these rascals of substituting spurious for the true, in selling these roots, &c., to traders, causes many mistakes, and often disappoints physicians in prescribing a root possessing known properties—in not fulfilling their expectations.

Hence the wisdom and liberality of Dr. Radway in adopting a plan that will secure the true and genuine vegetable substances, and from their native soil, cultivated in gardens and attended with care.

In Brazil he obtains pareira brava; Jamaica, W. I., sarsaparillas; India, E. I., hemidesmus indicus; Persia the Persian oil is expressed from the smygdale nut; Japan, three newly discovered roots are grown under contract by a distinguished horticulturist, and the only country where these roots are grown. These Japanese are held in high estimation by the Nobles, Kaimos and distinguished savans, are purifying agents, also in the cure of dyspepsia, indigestion, jaundice, and liver complaints, and are used as teas, after dinner beverages, and as tonic drinks, diet, mixed wine, &c.; also, possess the most astonishing virtues over skin diseases and impurities of the blood. RADWAY'S SARSAPARILLIAN RESOLVENT is therefore, the most perfect remedy in the world. No wonder the sarsaparillas of the shops are such poor, weak washes compared with Dr. RADWAY'S SARSAPARILLIAN. The ROOT ITSELF differs from all sarsaparilla roots ever seen in this country. Those wishing a pure, perfect remedy to cleanse the blood and system from all impurities, try DR. RADWAY'S SARSAPARILLIAN RESOLVENT.

Sold at 439 St. Paul Street, Montreal. Six bottles for $5 will be sent by express.

HYPOCHONDRIASIS

Is one of the most difficult to treat successfully of all nervous diseases. Reasoning with nervous or hypochondriacal and insane persons rarely proves serviceable. The mind cannot be overcome while the nervous system is weak. In many instances the deriding laugh at the unfortunate or the more temperate appeal to the reason is absolutely injurious, by exciting irritation in the mind of the sufferer, who thinks his advisers either unfeeling or incredulous toward his complaint. There is, however, no longer necessity of resorting to such treatment. Both the feeling and the reasoning faculties are now successfully treated by

FELLOWS' COMPOUND SYRUP,

through its direct and potent action on the nervous centres.

Sold by Apothecaries. Price $1,50 per bottle, or 6 for $7,50.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and* falling out of the hair; *and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

The County Election.

To the Electors of the County of Frontenac:

GENTLEMEN,—The death of your late member, Sir Henry Smith, having rendered vacant the representation of the County of Frontenac in the Legislative Assembly of Ontario, I am induced to think that the offer of my services might be acceptable to the Electors. Long identified with the County Interests, and having, as an old member of the County Council, and a Warden, become thoroughly conversant with your local affairs, I am I think, in a position to be of service to you in the Legislature. Many of you, too, have had knowledge of me in my business transactions, and you can thus in both respects form an opinion of my fitness for the honor which I seek at your hands.

Agriculture will have in me a warm and active friend, and I shall always be ready to lend my aid to all measures having its advancement in view.

The promotion of the settlement of the country I shall endeavor to further by seeking to have the Back Roads completed, by endeavoring to secure the passage of a generous Homestead Law, and the adoption of a more liberal policy with respect to Free Grants of Public Lands.

Education has been greatly fostered in Canada for many years past by grants of public money. I believe that most good can be done with such grants by adopting the channels which the various denominations of Christians among us have selected for the expenditure of their own means, and I will advocate the continuance of the Grants to the several Colleges in Ontario which they have hitherto received.

The present Government of Ontario has met the just expectations of the people in the economical administration of public affairs, and is entitled to my cordial support.

I will endeavor to see you as far as time will permit, between now and the Election, and will be ready to explain my views on all public questions.

C. W. ANDREWS,

Merchant Tailor,

Wellington Street, Kingston.

WE are frequently told, for our encouragement, that a steady perseverance in the prosecution of a laudable undertaking will eventually end in the accomplishment of the object.

I take the consolation to myself, and indulge the hope that each succeeding season (as it has in the past) will bring with it INCREASING PATRONAGE, and that my constant efforts to please my Patrons by fair dealing them with QUANTITY, QUALITY & ARTISTIC SKILL in the formation of GARMENTS will continue to be appreciated.

My Large Stock is constantly supplied with the Novelties of the Season.

An inspection invited.

Gentlemen's Hats and Hosiery, Gutta Percha Cloaks and Coats, and Waterproof Overcoats.

Just Imported direct from Dublin, Ireland, One Truss of Real Irish Tabinet.
