The Prussians before Paris are shovel- &c. "A st that seven practical and experiing a d digging with a zeal like that with | enced | eache s. Double and frequently treble lines of riffe | fully one- had less here than at any othe. brasures, and barricades are elected which | availed themselves of these actantages even Rochefort could not fail to admire All contingencies are evidently being prepared for, and everything goes on fater at pirtuolars, specimens of Penmanship ansecutive and elabor te plan, in which | ac., address every physical feature of the spot has been carefully weighed.

The point of attack selected by the Prossians if they succeed in establishing batterres at Billancourt, will enable them to throw shells as far as the Invalidthe gorgeous tomb of Napoleon." The lin of fire, the guas reach so far, exposes the fuleries and Louvie to destruction The Palace of the Peers, the Luxembourg, the l'antheon, the superb churc' St. Sulpice, and the arist emtic quarter! . Germain, will suffer. Vaugiard Grenille, Auteurl, and Passy, each of the costly residence, will be immediately under the guns of Bill prourt.

The new stege guns brought into use by the Pressians at Strasbourg surpass in pow. er and thinge anything known in theartillery of other nations. The bombs thrown from an unmense distance on Strasbourg? weighed one hundred pounds, and were Chaus, Whareor, Rising Char, Lamp. filled with an igniting sub-tance, destructive in its effects. One fell on a celebrated restaurant, and utterly, demolished, it The Prussians will not hesitate to destroy the palaces, churches, and private dwell ings o Pans, in order to force a surrender, &c. and they possess glins that can effect that work if the Parisians allow them to erect!

from Germany, has furnished some mier. | Chair, Tabics, Night Stools, &c., &c. esting facts relative to the feeling in, and condition of, that country, to the New ! press. The Germans are resolved to prosecute the war to the last, until France expresses herself really to make full ator ment for her crime in precipitating it. plentiful are volubleers for the army, that this gentleman's nephew, who is a son of a member of the Prussi n Cab net, would only be taken as a private, and then only out of mere complement to his father. While everything with the people is war. war, war, they are not carried away by excitement, but are impressed with a seriousness that becomes the condition of affairs. The Frances-Tireus abound in all directions around Metz. They have on several occasions tionbled provision escorts. The Priismans hardly give quarter, yet frosh swarms spring up, and as the war grows more savage, they fight with greater desperation. There is no lack of good within Metz. Scores of horses feed on the glacis, and the potatoe fields abound in crops. and before positions can be gained to burn
