The British Peerage.

FACTS FOR AMERICANS INCOMMATION.

(N. F. World.) The English peerage consists of five orders baions, viscounts, earls, marquesses, and dukes. The oldest o these titles, and the only exclusively English title of them all, that of earl, stands third in the order precedence. It is of one origin, as the best authorities now agree, with the estimable title of alderman; but as at present A correspondent of the London Standar used it corresponds more nearly with the says: Full paniculars of this tragic affair Teatonic title of graf and the Latin title of are supplied by two eye witnesses, prisoncount than with the designation best wed ess themselves, whose escape from the by admiring citizens upon the fathers of fate of the other "hostages" seems little our municipal body.
