☞ *SEE FIRST AND FOURTH PAGES.*

MASONIC.—Napanee is to have another Blue Lodge.

WE are this A. M., informed that the insurance business is warmer than it was last night.

APPOINTED.—John Prinyer, Esq., of Odessa, has been appointed to be Preventive Officer.

DR. W. W. Meacham, of Woodstock, has removed to Odessa, and commenced his practice.

POSTERS are affixed about town calling for applications for appointments on the Toronto police force, and announcing that the increase of pay asked for by the disbanded, will be paid.

Garden Sass, rhubarb, asparagus, onions, and other early productions of the garden were in the market to day in great abundance. Housekeepers go for the luxuries with great avidity.

CHANGED HANDS.—Hillside, Earl St., the property of Mr. Jas. Moore, recently advertized for sale, has been purchased by Mr. William Nickle for the sum of $5,500.

OVERCOATS were shed to-day in large quantities. No amount of style in a Spring overcoat could to-day conceal the fact that there was no coat under it and no coat to put there.

TEMPERANCE.—The County Lodge of Good Templars, held at Newburgh, last week, decided to hold a grand temperance demonstration on Dominion Day, at Ebenezer Grove, near Violet, similar to those held there for the past two years.

IN the Senate on Thursday was presented the petition of the Board of Trade of the City of *Kingston*, praying for the establishment of Weather Signals throughout the Dominion, on a plan similar to, and working in connection with the system adopted in the *United States*.

THE LATE SYDNEY SCOBEL.—We regret to learn the death last night of Sydney Scobel, Esq., an old and well-known resident of Kingston and father-in-law of Mr. ex-Mayor Livingston. Mr. Scobell was in business here many years and was highly respected.

DRESS GOODS.—Mrs. A. B. McDonell, (Princess street, next to the Medical Hall,) has opened a splendid assortment of millinery and dress goods of the latest patterns and fashionable styles. Intending purchasers should make an early call; they cannot but be highly and satisfactorily pleased with her choice and show of the above articles.

KINGSTONIANS ABROAD.—By our Manitoba exchanges we see that Mr. A. M. Brown, an old and favorably known Kingstonian, takes a prominent place among the leading men of Manitoba. They are so badly governed up there that frequent meetings of protest are held, at which Mr. Brown figures as a prominent speaker.

THE WEATHER.—Know all men by these Presents that whereas to-day is a fine day we hasten to chronicle the fact. Contrary to the statute in that behalf and against the peace and comfort of Her Majesty's subjects the sun was as hot as on a July day, as if to make up for the recent neglect of duties on the part of him the aforesaid sun.

THIS IS GOOD HEALTHY weather for planting and things. This is the time for planting dried apples if you wish a good crop. Acacias, flox drummondis and scabies septentricsis should be carefully ploughed in with a subsoil plough and covered over with a Harrow or Rugby; according to where you were educated. Hens are beginning to lay around loose. If your hens won't lay plant them carefully at the foot of the old apple tree. They'll lay there steady enough. Hens, you know, that can lay and won't lay must be laid out.

Trying for a School

A gentleman from Swampville was telling how many different occupations he had attempted. Among others he had tried school teaching.

"How long did you teach?" asked a bystander.

"Wal, did'nt teach long, that is, I only went to teach."

"Did you hire out?"

"Wal, I did'nt hire out; I only went to hire out."

"Why did you give up?"

"Wal, I give up for some reason or nuther; you see I travelled into a district and inquired for the trustees. Somebody said Mr. Snickles was the man I wanted to see. So I found Mr. Snickles, named my object, introduced myself, and I asked him what he thought about letting me try my luck with the boys and unruly gals in the deestrict. He wanted to know if I rasly considered myself capable, and I would'nt mind his asking me a few easy questions in 'rithmetic, jography, or showing my handwriting. He said 'no, never mind, I can tell a good teacher by his gait.'"

"Let me see you walk off a little ways," said he, "and I can tell jis't as well's I'd heerd you examined."

He sot in the door as he spoke, and I thought he looked a little skittish; but I was considerably frustrated and did'nt mind much, so I turned round and walked on as smart as I knowed how. He said he'd tell me when to stop, so I kept on till I thought I'd gone far enough; then I s'pected something was to pay, and looked around. Wal the door was shet and Snickles was gone.

"Did you go back?"

"Wal, no, I did'nt go back."

"Did you apply for another school?"

"Wal, no, I did'nt apply for another school," said the gentleman from Swampville, "I rather guess my appearance was agin me."
