TOWN AND COUNTRY.

THURSDAY EVEN'G, SEPT. 5, 1872.

MACEVOY'S HIBERNICON is coming.

ALL QUIET on Princess street, at night, now.

NEW WALK.—Barrie Street, below Union Street, is having a new pavement. Princess Stseet is being pebbled.

THE REPORT that a vessel was burnt last night, near port is without foundation.

LAST NIGHT the reflection of a large fire out in the Township of Kingston, could be seen from the city.

ONTARIO DIOCESE.—The Synod Hall has been alive with clergymen during the past two days, laitending the regular meetings of the Diocesan Committees.

NEW OFFICES.—The Montreal Telegraph Co. have opened offices at Markdale, Flesherton, Princeville, Maxwell and Singhamton, all in the County of Grey, Ont.

THE BRENNANS.—The entertainment of "Erin and the Brennans," which met such a popular reception here a couple of months ago, is to appear again, at the City Hall, on Thursday evening next, Sept. 12.

THE PAY OF THE POLICE.—We hope the Police Commissioners will favorably consider the petition of the members of the Force, at their ensuing monthly meeting. The faithful public servants are deserving of the common advance which has taken place in all salaries.

IMMIGRATION.—The number of immigrants arrived here during the month of August are in number and nationality as follows: English, 575; Irish, 210; Scotch, 190; total 975; exhibiting a decrease from the previous month. The greater portion of these remained in this Province.

THE summer is ended! The election excitement slyly stole the summer from us before we were aware of the fact, and here we are in the autumn! Already patches of color are noticeable in the forests, the nights and mornings are cool, and our merchants are making vigorous preparations for the fall trade. Time can't be coaxed to wait.

THE ENGINE HOUSE.—The old picket barrack houses on Ontario Street are being demolished to prepare the site for the building of the new corporation fire engine station. The building is to be completed this fall. The bricks to be used are those of the new Kingston Brick Company, whose first kiln was successfully finished last night.

POLICE COURT, Thursday.—Jas. Wright, who has seen over 60 summers, and a young lad, who has fallen into the way of the tempter, were discharged; first time before the Court. A loving husband was bound to keep the peace for a year towards his wife and her family, and an assault case between two citizens was settled. Altogether to-day in Court was dull, stale and unprofitable.

INTERIM SESSIONS.—This morning in the Judge's Criminal Court, Charles Shaver, a boy who has been four times convicted of larceny, was brought before Judge Burrowes, and found guilty. The Judge was under the impression that it was the young Shaver's first appearance, and he merely sentenced him to a month in gaol. Had he recognized him five years in Penetenguishine would have been his lot.

Illness of Mr. Street, M.P.

We are very sorry to learn that Mr. T. C. Street, member for Welland, has suffered another stroke of paralysis. His first seizure occurred a year or two ago, and only affected his arm. The present one has paralyzed the muscles of the throat and adjacent parts, and is reported to have rendered the swallowing, even of liquids, impossible, so that the sufferer has been without food for three days. Every means has been adopted to procure relief, but hitherto without success.

Germany's Navy.

Germany is making gigantic efforts to place herself on an equal naval footing with England, France and Russia. When the ships actually begun are completed, Germany will have a war fleet of 62 vessels, with an armament of 5,000 guns. Bismarck, like all great conquerors, is ambitious to shine in the field in which he has not won his victories. Naval powers however, like poets, are born, not made; or at least they are all built up slowly, and many years must elapse before the fleets of France, Germany, or Russia will be as efficient as that of Great Britain.

COMMERCE OF NEW YORK.—The *Journal of Commerce* sums up a volumn article on this subject with a very significant statement that "the imports of New York for seven months have gained thirty-eight millions on the very large total for the same period of last years and eighty seven millions over the similar statement of 1870; the exports are five millions less than for the same time last year; paper money and its accompanying falsities make this the best market to sell in and the dearest market to buy in to be found among civilized nations."

THE RINDERPEST IN EUROPE.—The Rinderpest yas again made its appearance in Continental Europe, and cargoes of cattle to England have been seized and condemned. The result, of course, is that the price of butcher meat rises. At the sales of lambs in the South of Scotland, the prices have ranged from $1.50 to $1.75 above those of last year. Very large quantities were sold at $8 apiece and upwards. Complaints about the extravagant price of all kinds of meat are prevalent, and meetings are held for the purpose of pledging one another to abstain from all butcher meat till the prices fall. Prices are rising in Canada, but beef is not selling at 30c. a pound, as in England.

ICE, ICE, ICE.

THE SUBSCRIBER is prepared to supply old customers and as many new as his possible with GOOD AND PURE ICE. Steamboats, Schooners, Hotels and the public in general supply.

All orders promptly attended to. All complaints of drivers for non-delivery will be promptly attended to by leaving orders at the Store of the Subscriber, corner of Queen and Wellington streets, Kingston.

FAMILY HERALD.

FAMILY HERALD, WEEKLY 1d.

The *Illustrated London News*, in reference to pure literature, speaks of "THE FAMILY HERALD, that joy to tens of thousands of innocent English households."

FAMILY HERALD, MONTHLY 6d.

The *Saturday Review* says: "The FAMILY HERALD stands at the head, both in age and popularity, of all the penny serials. . . . The editor is the confident and confessor in every station of life. The answers to correspondents cannot be fictitious, a romance and a life history being embodied in almost each of them. . . . Its novels and tales are quite as well written as the best circulating library stories."

FAMILY HERALD, ANNUALLY 7s 6d.

The *Literary Gazette* says: "It must be said of the FAMILY HERALD, that it is the purest reading of all purely amusing literature; it is indeed a family paper."

FAMILY HERALD, WEEKLY 1d.

The *British Quarterly Review* says: "Under the head of 'The Story Teller,' we have novels and tales simpler and purer in structure than in the pages of the other penny serials. . . . There are charming verses let into into its pages, like sunshine, to brighten them. . . . It is well considered with reference to its aims, and is various and amusing, with a fair amount of utility intermixed. Of all these publications we are inclined to consider the FAMILY HERALD is the best."

FAMILY HERALD, MONTHLY 6d.

Leigh Hunt, in his Autobiography, says: "I call out ever week for my FAMILY HERALD, a penny publication qualified to inform the best of its contemporaries."

FAMILY HERALD, Annually 7s. 6d.

The *Bookseller* says: "For amusing reading, such as may be admitted to one's household without fear of consequences, we can recommend the FAMILY HERALD. You get portions of a well-written novel, novellettes useful information, interspersed throughout, answers to correspondents, alone worth the money, and a variety of other matters, which will make readers either merrier or wiser, or perhaps both."
