Dr. Van R. Rich, of Oswego county, New York, has in his possession one of the most curious gems that has ever come before the attention of connoisseurs, and is pronounced by jewellers and others to be among the most exquisite, of nature's Insurance Company, THREE EXPRESS TRAINS DAILY. LIVERPOOL, LONDON & CLOBE pecimens. Experts in gems have been uzzed to give it a distinct name. It was found by a Huron Indian on the shores of Lake Superior, and is a compound of our classes of stones agglomerated together so as to constitute a perfect gem of rare beauty. The stones comprised in it are agate, cornelian, perite and chrystal.

Among the other remarkable features of Life and Accident Insurance. this curious gem are the appearance upon each sid, as if from the hand of an engraver, of a resemblance to a miniature crown, the clearly defined forms of a black-thing desirable in either Life or accidental insurance. It has issued over 215, found in stones of any kind.
