A Lively Season-Increased beam ties-A Metamorphosis, etc. (From our own Correspondent.)

NIAGARA FALLS, July 18. Notwithstanding the numerous slanders roulated by unfriendly newspapers, Niagara seems to hold her position as the most attractive and instructive of American wating places. People have learned by experience that all the hue and cry FARE about extortions of hack drivers and landlords is but nonsense and that living here is much more reasonable than at many other places that could be named. At any rate the prospects were never more encouraging of a lively season.

NIAGARA'S APPEARANCE. The appearance of the village this season shows that the work of improvement has been prosecuted with a great deal of enterprise.
