DEAR SIR, - I have notice da statement Montreal House. 1,000 at Henderson's. in your issue of the 25th inst. under the caption of The Storrington Case, a statement which needs a little correction. The writer of the article referred to says the host of witnesses for the prosecution and defence testified to the peaceful character of defendant's house. THE ROYAL CANADIAN INSURANCE CO.

AUTHORIZED CAPITAL \$5,000,000.

THE present rates for Fire Insurance throughout the Dominion (the result of com-I bination among the various Insurance Companies) are, it is believed, not only excessive, but unnecessary; and however severe the losses to those Companies may have been in the late calamitous fires in Chicago, Boston and other cities in the United States, the losses in the business of Insurance throughout the Dominion do not warrant the great increase which has lately taken place in the rates.

Such being the case, this Company represented by the wealthiest merchants of the Dominion obtained a charter during last session of Parliament, and are now prepared to do business at moderate rates. The promoters can with full confidence rely on the citizens of Kingston giving this Company a libera! support; the Directors pledge themselves that in the event of loss claims will be settled in the most liberal manner, and risks will be taken on their merits irrespective of any Company.
