The Scason of Navigation.

The season of navigation which is now approaching its end has been one of peculiarities, and one from which vessel owners and the owners of canal craft have not reaped a very satisfactory harvest. Those diated the idea that they did not expect best posted in regard to marine affairs do not prophesy an unusually early glose on account of the ice; nevertheless, vessels in large numbers are being stripped and laid up at all po nts. This is attributable to the utter stagnation of business everywhere along the lakes. There is no precedent for the ruinously low freights that and large numbers of new vessels, many of them of mammoth proportions were put trous to life and property, and it is probable that the aggregate of vessels now nation and the New English Oil Gloths, 24 ft wide.
