The Career of the Virginius

when launched, one of the most rapid vessels ever constructed, her lines being most symmetrical and her engines remarkable powerful for her size. After a successfu' career in running our Southern blackade she was eventually captured at Mobile. cotten laden, when the Union forces took that city. Subsequently the Virgin was brought to New York, and was transfer-Whalen Mrs Mar (2) red by the Naval Department to that the Revenue but after she had entered the service of the United States she was found unsuited for her work, and she was sold auction, but was subsequently transferred to Mr. Jno F. Patterson, of New York. She was then fitted up as a privateer and blockade-runner, in the interest of the Cuban insurgents. She was a very desirable vessel for that purpose, merely on account of her small draught water, only eight feet when loaded with 400 tons of cargo, which gave her unusual facilities for running close in shore on the Cuban coast. On July 20, 1871, Gen. Rafael Quesada being in command, was successful in landing a cargo on the Cuban coast, near Santiago de Cuba. On the 7th July last, under the same commander, she succeeded in landing another cargo on the southern coast of Cuba. Both these cargoes were obtained in Venezuela and the Virginius, although she has con-Sheldron & Davis been in an American port since 1871. then is I mouse Selectors.
