WEDNESDAY EVN'G, NOV. 26, 1873. HEAVEN.

Heaven is nearer than mortals think, When they look with a trembling dread At the misty future that stretches on

From the silent home of the dead. "Tis no lonely isle on a boundless main, No brilliant but distant shore, Where the levely ones who are called away, Must go to return no more.

No Heaven, is near us ; the mighty veil Of mortality blinds the eye, That we cannot see the angel bands On the shores of eternity.

The eye shuts in a dying hour Will open the next in bluss;

And those smiling faces will greet us there, Which on earth we have valued most. Yet oft in the hours of holy thought,

Till too soul is testibes in som anay, And longs for the angel's call. I know when the silver cord is loosed. When the veil is rent away, Not long and dark shall the passage be

named George Franklin, living in St. Francois de Salles street, Montreal, is under arrest on a charge of having murdered ha wife. Both he and his wife were once considered respectable, but latterly were hard drinkers and quarrelled continually. Yesterday he came to the police station and reported that she was dead. She was found lying upon a sofa half dressed and much distigured, with numerous cuts and bruises. To all appearances she had been dragged down stairs and then laid on the sofa, the blood from her wounds being hurriedly washed off. An inquest was held, showing conclusively that her husband had abused her in such a dreadful manner that, to avoid she had slept in a neighboring wood-

offered them. Every bottle of genuine has Peruvian Syrup (not Peruvian Bark) blown in the glass. Examine the Bottle before purchasing. Says the Muscantine (fowa) Courier: We have done and are still doing business with quite a number of Advertising Agencies throughout the country, and have no fault to find with them, but Messrs. G. Rowell & Co., give us more business than any other. Furnishing a large

amount of advertising, and paying

ness, which of itself is worth a fortune. For over twenty years "Bryan's Pulmonic Wafers" have maintained their reputation for curing coughs, colds, and pulmonary diseases. These suffering or threatened with any of the symptoms of brenchitis, or any of the pulmonary complaints, should at once give them a trial. they give almost immediate relief, and if taken in time generally effect a cure. Remember that a common cold or cough, if not attended to in time, often leads to that distressing and fataldisease - consumption.

Price 25 cents per h = The Compound Maker of Phosphates and Calisaya has become a great tavourite on account of its perfect reliability in treating derangements of the stomach, liver complaint, and disease of the kidneys, which are the cause of poor blood and breaking down of the general health. It restores vitality to all the organs, removing suppressions, irregularities, and exhausting discharges, and every description of humors which disfigure the body. It is adapted to all ages and conditions of life, to in a bl d food and nutritive tonic.

Poor Ho ses. - There are thou and of poor horses dragging out a miserable existence, suffering from a variety of diseases, rendering them almost worthless, that would be restored to a healthy and sound condition, and a value given to them of which their owners never dreamed, would they but use the means within their reach. From one or three packages of "Darley's Condition Powders and Arabian Heave Remedy" will in all cazes produce a satisfactory result : hundreds have testified to the fact. Remember the name and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle.Ont., proprietors for Canada. Sold

THE DRUGGISTS HAVE JUST RE-CEIVED a supply Dr. Wheel r's Celebrated Ctemical F. o and Nutritive Tonic, the Compound Elixir of Phosphates and Calisaya This preparation has been in use in private practice for fifteen years, and is confidently recommended to the public as the most elegant and reliable tonic in use for building up constitutions that have for a long time been suffering from Chronic Wasting Discases, depending upon poor blood. It perfects nutrition by aiding the digestion and assimilation of food, and thereby building up and vitilizing all the organs and tissues of the body. In disease peculiar to women, and in delicate children, it supplied safe and agreeable remedy that may be taker, for a protracted period without any mesibility of injury, of becoming repug-
