TUESDAY EVEN'G, JAN. 4, 1876.

THE REASON WHY.

An impertinent youth at Saratoga amused himself by exhibiting the following lines to one of the ladies at a hotel:

Men scorn to kiss among themselves,
And scarce would kiss a brother;
But women want to kiss so bad,
They kiss and kiss each other.

[Whereupon a young lady pencilled this retort on the back of an envelope and left it for the fool's instruction:]

Men do not kiss among themselves,
And it's well that they refrain:
The bitter dose would vex them so,
They would never kiss again.

THE KISS AT THE DOOR.

When I took my leave last night,
Nettie—she could do no more—
Softly brought a candle-light
Just to show me to the door.

How it was I cannot tell,
When I felt her hand in mine,
Something said "Why not as well
Press her pretty lips to mine?"

Then I clasped one hand quite tight—
T'other held the light, you know—
So that Nettie, helpless quite,
Felt she couldn't say me "No."

But she gave a little scream,
That did ne'er the bliss deny;
And—too brief the happy dream—
In went she, and out went I.

A BOILING LAKE.—The discovery of a boiling lake in the Island of Dominica has excited much scientific interest, and investigations of the phenomenon are to be made by geologists. It appears that a company exploring the steep and forest-covered mountains behind the town of Roseau came upon this boiling lake, about 2,000 feet from the sea level and two miles in circumference. On the wind clearing away for a moment the clouds of sulphurous steam with which the lake was covered, a mound of water was seen ten feet higher than the general level of the surface caused by ebullition. The margin of the lake consists of beds of sulphur, and its overflowing forms exit by a waterfall of ...

UNLIMITED REMEDIAL RESOURCES.—People sometimes suppose that Dr. Pierce's Family Medicines represent the entire extent of his resources for curing disease. This is an error. Experience proved that while the Golden Medical Discovery, Favorite Prescription, Pleasant Purgative Pellets, Compound Extract of Smart-Weed, and Dr. Sage's Catarrh Remedy, would, if faithfully used, cure a large variety of chronic complaints, there would be here and there a case which, from its severity, or from its complication with other disorders, would resist their action. These exceptional cases required a thorough examination into their symptoms, to ascertain the exact nature and extent of the disease or diseases under which the patient was laboring, and the use of specific remedies to meet and overcome the same. This led to the establishment of the World's Dispensary, at Buffalo, N.Y., with its Faculty of Physicians and Surgeons, each of whom is skilled in the treatment of chronic disorders in general and those belonging to his own special department in particular. To one is assigned diseases of the throat and lungs; to another, diseases of the kidneys and urogenital organs; to another, diseases of the digestive system; to another, diseases of the nervous system; and to another, diseases of the eye and ear. Thus the highest degree of perfection in medicine and surgery is attained. No establishment of this institution enables the Doctor to meet a longfelt want in the treatment of the more severe chronic affections. By a careful consideration of symptoms as ... given in writing, he sees ... of cases at their homes ... Dispensary in person. The amplest sources for the treatment of lingering affections are thus placed at the disposal of every patient, and those on whom our proprietary medicines do not have the desired effect can procure a more thorough and efficient course by a personal application to the proprietor of the World's Dispensary.

There is no absurdity in the fact that an impaired nervous system causes consumption, neuralgia, bronchitis, dyspepsia, asthma, pile ptic fits, whooping cough, heart disease and a host of others; then why is it absurd that Fellows' Hypophosphites, which effectually cures nervous debility, should cure these diseases also. Remove the cause and the complaint will cease.

Bryan's Wafers, (the great public remedy,) have now been in use over twenty years, hence it cannot be said that they are on trial. One fair trial will convince the most skeptical. Sold by all druggists and country dealers. Price 25c per box.

Caution to Housekeepers—Owing to the increased cost of vanilla beans used in the manufacture of extract Vanilla, spurious compounds are being thrown upon the market, purporting to be pure vanilla but prepared principally from Tonqua beans. This nauseating substitute costs the manufacturer less than one-twentieth part as much as the vanilla bean. It can readily be detected by its odor. It is used principally by tobacconists for perfuming snuff and cigars, and was never intended to be used as a flavoring for the various compounds prepared for the human stomach. Burnett's Extract of Vanilla is prepared from selected vanilla beans and is warranted entirely free from Tonqua or other deleterious substances.

Horses Saved—The lives of thousands of horses have been saved during the past year, and the credit is due to "Darley's Condition Powder and Arabian Heave Remedy." This preparation is being extensively used, and exacts from all the highest praise. Nothing of the kind has ever before been half as successful or given such universal satisfaction; it cannot be equalled. We can confidently recommend it, and would advise all who own horses to keep a supply of it on hand—it may be the means of saving your horse's life. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors. Sold by all medicine dealers.
