FRONTENAC
IRON WORKS,
Rideau St., Kingston.
Important to the Users of Steam.
REASONS
WHY TANDY'S PATENT BOILER IS SUPERIOR TO ALL OTHERS:
1st.—It is simple in construction, easy to keep clean and less liable to get out of order than any other Boiler.
2nd.—It is constructed on sound scientific principles, the water circulating as near as practicable at right angles with the action of the heat.
3rd.—The water circulates inside the tubes which gives double the strength and one third more effective heating surface with the same number and description of tubes when fixed in an ordinary Boiler.
4th.—It is one third lighter than other Boilers with the same amount of evaporative power and cheaper in a corresponding degree.
5th.—It cannot prime, it gives perfectly dry steam and effects a saving in fuel of at least 30 per cent on any ordinary Boiler.
6th.—It requires no brick work to set it and is applicable to every variety of purpose, both for steam engines and heating buildings by water or steam.
☞ N.B.—I will replace any other boiler now in use with my Patent Boiler and take the saving in fuel in part payment. It can be seen in operation at my Works.

TIM JUGSO.

I ain't no kind of a scollard, gents,
And my larnin' quickly falls.
But I kin pan out a verse or two
When you talk of the Prince of Wales:
For she was the puritest, bulliest boat
As ever scraped a keel,
And Tim were a middlin' high-toned cuss
As he calmly stood at the wheel.

Tim Jugso never sot up for a saint,
It weren't his way at all;
You'd 'low there wasn't a cuseder cuss
Along the whole canawl;
But he had a kind of a holy look,
Like Joe or the Golden Rule,
As he stood with his starboard eye ahead
And his larboard eye on the mule.

And this was all the religion he had:
He b'lieved it were orthodox
To bring in his craft ahead of time
And to cheat the man at the locks;
And in his keerless way of lawin'
Tim Jugso used to swore
Ef anything ever ailed his mule
He'd tow the line ashore.

Mules hev their day and then flunk out,
For they ain't Methusclems;
And so one noon it come to pass
The death-grip catched on Tim's.
It come a suddent, you see, gents,
From bein' as chipper as most,
He just flopped over in the tow-path
And yielded up the ghost.

There was runnin', and cussin', and yellin',
And — to split on board;
But while the crew was froze with skear,
Tim Jugso kep his word.
Through the awful din of the racket,
And the cook's infernal roar,
He ca'mly drawed his coat off
And ca'mly jumped ashore.

Lord! How he boomered up that tow-path,
His gait were a regular climb;
And he rousted along the Prince of Wales
And brung her in on time.

You may talk of yer gilt-edged heroes,
And the gammon we all have heard—
Tim Jugso seen whar his duty were,
And, durn him, he kep his word.
And when it comes to Jedgment,
I'll back his old tow-line,
And the cussedness ahold on it,
Agin your faith or mine,

Suicide.

William Alleg, who lived about two miles from Rednersville, committed suicide on Thursday afternoon by cutting his throat and both wrists. The unfortunate man had been at Mr. Bush's on the day mentioned, and left there at four o'clock in the afternoon. His body was found about ten o'clock yesterday morning near the bay shore, on the front of Mr. Bush's farm, about a mile from Rednersville. The appearance of the ground in the vicinity of where the body was found indicated that the man had died in great agony. After committing the act he walked about one hundred yards, the snow for that distance being marked with the blood which flowed from his wounds. The commission of the rash act is supposed to have been caused by the thoughts of his coming marriage, combined with the fact that he was to be visited with the results of former indiscretion. Deceased was about forty-five years of age. An investigation was to have been held yesterday by a coroner, but the result has not reached us at this writing.—*Ontario.*

A PLEASANT SURPRISE.—The ladies of Trinity Parish held their last sociable for the season, on Monday evening, at the residence of John McCarty, Esq., and made it the occasion for an agreeable surprise to their Rector, Rev. Thomas W. Barry, whose successful ministrations to the people of the Parish during the past year, have won for him their love and esteem. After an hour or two spent in social intercourse, and the generous partaking of the goodly refreshments prepared by the aforesaid ladies, Major Preston in behalf of the ladies of the Parish and others, appropriately presented to the Rev. Mr. Barry, as a slight token of their regard, a purse of about $50, being the amount of the collection for the evening. Although this part of the proceedings was not anticipated by Mr. Barry, he quickly recovered from his surprise and embarrassment, and in a feeling manner expressed his thanks for this evidence of love and good will, hoping at the same time that it might serve as another link to bind him more closely to a people already greatly endeared to him, a sentiment to which his parishioners and numerous friends in this place most heartily respond. Considering that this was almost wholly an impromptu affair, it may be regarded as highly successful as well as a testimonial to the popularity of this zealous and talented young clergyman with his growing congregation.—*Gouverneur, N. Y., Times.*

VESSEL SALES.—Among the vessel sales recently made the following are reported: Barque Emma at Oswego, L. Coyne to Captain John Pridgeon for $11,065.69, subject to a mortgage of $4,000 and liens of $3,000; one-sixteenth schooner Moonlight to C. W. Norris, $2,000; one-twelfth schooner David Vance to C. W. Norris, $2,500; one-eighth schooner G. G. Roughton to John Carroll, $2,000.—*Palladium.*

BEECHERISM.—The Rev. Dr. Richard Storrs has resigned the Presidency of the American Congregational Union and his Directorship in the Home Missionary Society. The cause is the interpretation of the congregational policy by the recent advisory council. This rebellion of the leading minister of the Congregational Church is full of significance.

REDUCTION.—In consequence of the dullness of trade and the necessity of economy in the working of the Grand Trunk Railway, forty clerks in the general offices of the Company at Montreal have been notified to leave on the first of April next. A short time since a reduction of twenty per cent. was made in all salaries.

Colds produce catarrh, catarrh produces laryngitis, bronchitis, and consumption. The slightest cold therefore tends toward consumption, and especially is this the case where there is a scrofulous constitution or tendency. Hence, how important that the cold or catarrh, either acute or chronic, should be arrested and subdued at once. For this purpose take Dr. Sage's Catarrh Remedy. It is unnecessary to add testimonials, as where once tried it recommends itself. It is sold by druggists and dealers in medicines.

Oshkosh.—The Syrup (Fellows' Compound Syrup of Hypophosphites) gives the best of satisfaction, no fault has yet been found with it and there is yet a person to say they have not been benefitted by its use. H U CASWELL,
Oshkosh, Wisconsin, Feb 1873.

Hemorrhoids (or Piles) are permanently cured by Mathieu's Pile Ointment, or money refunded. Price $1 per Pot, or 6 Pots for $5. Sold wholesale and retail by the Wingate Chemical Company, Montreal, and retail by all druggists, or will be forwarded to any address on receipt of price by Dr. E. Mathieu, 198 Notre Dame Street, Montreal.

☞ Two or three colds in succession will with many constitutions, securely establish the seeds of consumption in the system, thus converting what was originally fatal. O DAY prudence therefore makes it the business of everyone to take care of a cold until it is got rid of. Fortunately Bryan's Pulmonic Wafers, are thoroughly adapted to remove speedily all coughs and colds and are equally effective in the primary stages of consumption, asthma and bronchitis. Sold by all druggists and country dealers. Price 25c per box.

Physicing Horses.—Many persons physic their horses frequently—especially every spring. This is a great error and one which has caused the loss of many valuable horses, as physic as it is usually given, often produces inflammation of the bowels which generally proves fatal; it also weakens the horse and thus renders him more liable to disease, or less able to throw it off—what is required is a medicine which will operate gently upon the bowels and act upon the liver and lungs removing all obstructions therefrom, purifying the blood and enabling all the organs to do their work without overtasking any, which is accomplished by the use of "Darley's Condition Powders and Arabian Heave Remedy," it is safe and certain. Remember the name and see that the signature of Hurd & Co.'s on each package. Northrop & Lyman, Toronto, Ont., proprietors. Sold by all medicine dealers.
