CITY AND VICINITY

ARRIVED.—The SS. "Peruvian" arrived at Portland at 2 p.m.

GOOD SALE.—Mr. W. A. Donaldson has sold his farm of 100 acres, near McNeil's Corners, Pittsburg, for $5,000.

FRONTENAC CHAPTER.—The Emergent meeting called for this evening has been postponed. The next session will be the regular Convocation on Tuesday evening, May 16th.

REAL ESTATE.—The property on William street, belonging to Mr. John Bowes, was sold by auction to-day, and brought $2,750. The purchaser was Mr. Edward Lark.

PERSONAL.—Mr. Moak, Superintendent of the Rome, Watertown & Ogdensburg RR., and Messrs. E. M. Moore, H. T. Frary and Lawyer, members of his staff of assistants, visited the city to-day on business.

OUR DIT.—That the Canadian Engine and Machinery Company will commence the manufacture of steam fire engines shortly, and that operations on the street railway will be begun soon.

SALE OF GATES.—The sale of toll gates on the Kingston and Bath Road took place yesterday. Mr. C. McMillan was the auctioneer. No. 1 gate sold for $405 to Mrs. Ault; No. 2 was "knocked down" to Mr. Macdonald, the same who had it last year, for $255. The dull times even affect toll gates, it would seem, inasmuch as the proceeds of both fell behind the income of last year by $100.

ENTRANCE EXAMINATIONS.—The following have been referred to Mr. Samuel Woods as the successful candidates who lately attended the entrance examination of the Royal College of Physicians and Surgeons: Messrs. T. C. Donovan, H. A. Craig, Fred. F. T. Koyl, D. K. Cowley, R. W. Harris, John C. Henderson, W. W. Boyce, Geo. Newlands and C. R. Dickson, the last two are of Kingston.

POLICE.—John Mitchel was summoned for obstructing the sidewalks with building material on the corner of Brock and Wellington streets. He promised to have the obstruction removed and the case was dismissed. Henry Mace, drunk, received a sentence of fifteen days. Nothing new has transpired in the case of Richardson, who is under arrest on a charge of robbery. The young man has been remanded for another day in order that efforts may be continued to arrest Little and McGurn.

"ON THE WAR PATH."—This is the title of *Grip's* cartoon of this week, having connection with "The decline and fall of Keewatin; or, the free trade redskins," a humorous satire just published by Bengough Bros. It places the leading politicians in some ludicrous positions. The cartoon shows off the figures of Hons. Geo. Brown, Mackenzie, Cartwright, Blake, Cauchon and Mr. Dymond on the one side, and Sir John Macdonald, Tupper, Patteson (*Mail*), Bowell and Beatty on the other.

"KISS BUT NEVER TELL."—The description of the episode published in yesterday's WHIG under this heading was slightly in error, and since it was likely to convey a wrong impression we are only too glad to make any explanation which will place the case of the young lady mentioned in the article in a proper light before the public. We are assured that she neither by word, look or action encouraged the attentions of the man who has been to her an annoyance of the most aggravating character. Weak in intellect he has been made the ready tool of a circle of wags whose pranks have been carried too far, and who have aided him in frequent exhibitions of vulgarity uncalled for and intolerable. The chap is now where he should have been long ago, and we only feel the more regret in that some of his counsellors are not his companions in the misery of gaol confinement. The young lady's conduct we believe to be perfectly circumspect and unimpeachable. Would that she had been spared the unpleasantness the case has produced.

RESIGNATION OF MR WOODS.—Mr Samuel Woods sent in his resignation to the Grammar School Board to-day. Mr. Woods has been master of the Grammar School for fourteen years, during which time the good judgment and ability which he has shown in its management have acquired a high reputation for the school, and doubtless enabled it to maintain the position which it held. We sincerely hope that a successor will be found worthy of the place, but we are afraid that there will be very great difficulty getting one who will fill it with as much ability. If it give Mr Wood some pain to part from his old associations, it will doubtless be alleviated by the consciousness that the hundreds of boys whom he has prepared will acknowledge and thank him for the careful and thorough training which they received under him. We believe Mr Woods intends entering into business as soon as his duties at the Grammar School end, and we feel confident that the energy and talent which he will bring to it will ensure his success.

These, the sentiments of the *News*, we reecho. To many Mr. Wood's resignation will be a matter of regret, but in the new field of labour as which he purposes to embark there is opportunity for the exercise of his marked ability, and we wish him abundant success.

CITY COUNCIL.

HIGH SCHOOL GRANTS—SUNDAY TRAFFIC—FINANCES—CITY PROPERTY—TEMPER AMONG THE BRETHREN—PERSONALITIES.

The regular meeting of the City Council took place last evening. Present: Alds. Allen, Carnovsky, Carson, Drennan, Dupuis, Gaskin, Gildersleeve, Harty, McIntyre, McKelvey, McRossie, Power and Price.

In the absence of the Mayor at Cobourg, Ald. Drennan was called to the chair.

The minutes of the last two meetings were read and adopted.

COMMUNICATIONS.

From Mr. S. S. Phippen, Secretary of the School Board, stating that he was engaged in taking the census for school purposes, and offering, if the wish of the Council, to take the complete census of the city.

After some discussion of a somewhat conversational nature, Mr. Phippen was directed to take the census for the city, he receiving a grant of $100 therefor; on motion of Ald. Gaskin, seconded by Ald. Harty.

From the County Treasurer, submitting an account of the city's proportion of $500 paid to R. Tossel, on account of the reconstruction of the Court House.

From Jas. Agnew, City Solicitor, in Re High School, as follows:

"I am of opinion that the city corporation is liable to provide such monies as are asked for here, provided the expenditure be necessary and is reasonable in amount. The accommodation to be provided is, of course, accommodation for local pupils only, but I suppose the number of foreign pupils scarcely affects the question as to the expenditure. If the proposed expenditure is extravagant, unnecessary and unreasonable, it may be rejected as far as it is so. As to the consent asked to the surrender of the lands I think the Council should not consent unless the Lieut.-Governor in Council agrees to apply the proceeds of the sale of lands to recoup the Council. The Council should not consent and find the money also. These lands were, I believe, granted for the benefit of the Grammar School when the School represented a much larger area, and it may be that another school or schools are interested in the lands. The lands contain 100 acres, and are pretty well cleared of wood. I think a copy of the report of the Inspector should be obtained also, that the Committee should examine the plans, estimates, &c., for the proposed works, also visit the school and report. The Inspector can only recommend these things. The High School Board has to assume the responsibility, for it is with them the Council has to deal. The Inspector's report is not infallible, and may be contested in the proper quarter. The High School Board is appointed by the Council, and is responsible to the Council and will doubtless defer to such as is consistent with their duty and the wishes of the Council. Let the Board make application to the Lt.-Governor in Council for leave to apply the proceeds of the lands to these repairs and alterations, and pass resolutions so applying them. Upon this being done the Council may take action, and perhaps the most prudent course will be to assist the High School Board, and raise the money until the sale can be made. The Council must remember, however, that they must hold themselves liable to find the money necessary at all events, and by adopting the above course the amount to be found may be considerably lessened. The Council should also decline to surrender unless the proceeds of the sale are to be applied to the expenditure."

Ald. McKelvey moved that the communication of the Solicitor be referred to the Finance Committee with the request that the Committee confer with the Grammar School Board, with a view to having the proposed expenditure postponed until next year.

Ald. Allen seconded the motion.

Ald. Gildersleeve explained that he understood the repairs were badly needed, and could no longer be postponed.

Ald. McCammon endorsed Ald. Gildersleeve's remarks, and added that unless the repairs contemplated were made the Government grant would be withdrawn.

The Chairman stated that the city grant was dependent upon the Government grant. If the latter granted nothing the city would be relieved of its liability.

Ald. Allen thought the Council could lose nothing by delay. The Committee should certainly report it. He argued that in his opinion the school system was wrong altogether; and that while he approved of education to a certain standard those wishing for the superior training of their children should pay for it without seeking municipal aid, by which means the poorer classes were made to contribute their quota, and received none of the corresponding benefits.

Ald. Price presumed it was now too late to save the work done during the Easter holidays, hence the matter could not suffer by being referred to a Committee to report. The question was as to the reasonableness of the repairs; it was a matter for the Council to decide. He differed with Ald. Allen as to the effects of the school system, and by some logical argument showed that the poorer classes were most benefited by the method of education now followed.

Ald. McKelvey pointed out that the money was wanted more for alterations rather than repairs. Under the present state of the finances it were advisable to lay the matter over until next year unless unavoidable.

Ald. McKelvey's motion was then carried.

PETITIONS.

From Messrs. Bawden & Magbar, solicitors, to the effect that a client of theirs in Scotland who held $10,000 of the city, 6 per cent. debentures, forwarded to them the information that two coupons, No. 234 and 242 had either in some way disappeared, and had not turned up. The lapse of time makes it improbable they will be presented now, and they asked the Council to direct the Chamberlain to pay them the interest represented by these coupons.—Referred to Finance Committee.

PETITIONS.

Ald. McIntyre—The petition of James Gowdy, for leave to lay building material on Princess st.—Granted under the supervision of the City Engineer.

Ald. Metcalfe—The petition of Messrs. Newlands, asking permission to lay down building material on Queen st. and to open the drain.—Granted on usual conditions.

Ald. Allen—The petition of Francis Tracey, relating to taxes.—Referred to Court of Revision.

Ald. McIntyre—The petition of Ephriam Brown, asking that the Council purchase a quantity of broken stone from him.—Referred to Street Committee with power to act.

FINANCE.

Ald. McIntyre presented Finance Report No. 1 (the one that would have been passed at the last meeting had the Council not adjourned so unceremoniously): Pay list, ending March 25, $20.08; W. Sheridan, drawing hook and ladder cart to fire, $1; D. Robb, do., do., $1; P. Maloney, do., do, three times, $3; P. Lyons, cab hire, $2.50; Geo. Newlands, on account of Registry Office, $400; Citizens' Aid Fund (21 tons stone) $43 50; R. O. Carter, coal, Fire Department, $14.50; T. Ofrerend, sundries, $11.24; A. a. Oliver, examining lunatic, $5; City Commissioner, removing nuisance, $1; R. W. Allen, bill posting, $3; Wilson & Davis, livery account, $13.25; use of gaol and maintenance of prisoners to 31st March, 1875, $4,130; R. W. Barrow, photos of City Buildings, &c., for Centennial, $50; frames for photos, R. W. Barrow, $42.75; taxes collected and paid to Chamberlain up to 10th of April, $782.71.—Received and adopted.

Ald. McIntyre—Finance Report No. 2, as follows: Pay list, ending April 8, $75 74; F. Tracey, sundries, $7.85; Citizens' Aid Fund, broken stone, $10.50; J. Eves, cab hire, $3; Gas Company, $218.15; Fire Department, $43 85; messenger's quarters, $6.45; J. Henderson, $5.71. The Committee report that in regard to the communication of Thomas Clyde, respecting his claim of costs, having consulted with the City Solicitor they found that the city is not liable to pay said costs, and recommend that no further action be taken. The Committee note the large amount paid for shovelling snow, seventeen men for about a week, from March 26 to April 3, having drawn $75.74. They recommended that the sum of $58 be paid to witnesses in criminal cases by the City Treasurer for attendance at the last assizes, under the operation of the recent act of the Ontario Legislature.

With a little discussion on the snow item the report passed and was adopted.

SUNDAY LABOUR.

Ald. McCammon.—The report of the Committee on Sabbath Labour, recommending that the petition of James Macnee et al be granted—that is, that no by-law be passed authorising Sunday travel on the Street Railway. Ald. McCammon, seconded by Ald. McIntyre, moved the adoption of the report.

Ald. Gildersleeve suggested that the report be held over until the by-law came in for consideration.

Ald. Price held that the report was out of order.

Ald. McIntyre argued to the contrary.

Ald. Allen was an opponent of Sunday traffic and travel in any shape for pleasure; this he distinctly stated. He contended that the report and petition were out of order, in fact they referred to what had no existence, no by-law being before the Council, and they had no call to act in anticipation of one. He advocated the moving of the matter to the Committee to report, believing that they would not favour anything savouring of Sabbath desecration. In the course of his remarks he spoke most disparingly of the writer of a certain communication in the WHIG who had written upon his action in reference to this matter. He judged very severely of his critic.

Ald. Dupuis had consulted the City Solicitor and the opinion given by that gentleman had tallied with common sense. He said the Council had no power to make by-laws granting powers or restricting the Railway in their movements. The statues of the country regulated the car running traffic on Sunday exposed them to punishment on the complaint of any citizen for a violation thereof. The Council had no jurisdiction in the case.

Ald. Price moved, seconded by Ald. Dupuis, that in the opinion of this Council it is inadvisable to take any action pertaining to the extension or limitation of the Street Railway respecting Sunday travel, leaving it a question between the citizens and the Company.

Ald. Price did not move the resolution from want of appreciation or recognition of the petition. But the Council had no power to pass a by-law granting the running power feared by the petitioners, but merely to regulate their running. Supposing such a by-law passed would it be legal? There was no question, in his mind, that it would, if passed in the shape suggested, be quashed at the expenses of the city.

Ald. Gildersleeve moved that the report of the Committee on the petition of James Macnee et al., be considered simultaneously with the by-law.

Ald. Harty seconded the amendment.

Ald. McKelvey contended that the petition and the report as presented were in order. The Committee had discharged the duty devolving upon it.

Ald. McCammon strongly supported the report.

Ald. McIntyre spoke of the desirability of giving expression to the sense of the Council in the adoption of the report. He had a different view from other Aldermen, alleging that in the general statute for Sabbath observance exceptions were made of carrying mails and travelling. The street railway might run on on Sunday for the benefit of travellers, and thus evade punishment. A by-law defining their power would then be in order, and in his opinion perfectly legal.

Ald. Allen looked upon action, in the absence of the by-law, as very foolish. He supported Ald. Gildersleeve's amendment.

Ald. McCammon withdrew his motion; Ald. Price withdrew his, and Ald. Gildersleeve's passed.

CITY PROPERTY.

Ald. Power—The Committee on City Property, recommending, as per Architect's report, a new galvanized iron roof on the Fire Station, a new roof of shingles laid in mortar, on William Lemmon's house, that photos be taken of the oil paintings in the City Hall, and that they be insured; that on the petition of P. Clark, Wm Elliott and Wm. McCammon, praying to be allowed for four gates erected by them in the market shambles, the Committee recommended an allowance for each of $16.—Adopted.

STREETS.

The report of the Committee on Streets, as presented at the last meeting of the Council, was brought up again it its intirety by Ald. Allen, who moved its adoption.

Ald. Gildersleeve declared that proceeding improper, the last clause regarding the K. & P. RR. and the Battery water frontage having been amended at the last meeting.

Ald. Allen held that under certain quoted rules he was in order.

Ald. McKelvey wanted the Chairman's ruling.

The Chairman ruled in favor of Ald. Allen.

We shall not attempt to give an outline of the debate that followed. It was warm—exceedingly so—and the language used by certain speakers was not to say good tempered, while others indulged in severe strictures and a few in scurrilous personalities. In print some of these terms employed would disgrace the Council, and that is saying a great deal. The discussion hinged first on the point of order, to surmount which Ald. Gildersleeve moved that the report be only adopted as amended.

Then Ald. Dupuis felt that some immediate steps should be taken regarding the opening of streets, and moved that that part of the street report relating to the opening of streets be struck out, and the following substituted: That a Committee, composed of Messrs. Ald. Carson, Clements, McIntyre, McKelvey, Pense, Price and the mover, be appointed to obtain the estimates of the cost of opening one street across said block, the desirability of opening such street as soon as possible and the possibility and probability of opening such street immediately, and to report at the next meeting of the Council.

Ald. Price seconded it to give it effect, although differing on its merits.

Ald. Allen finally consented to drop the clause carried at the last meeting and allow Ald. Gildersleeve's motion to go to a vote.

The motions were then put. Price's was lost; so was Dupuis', and Gildersleeve's was carried.

Ald. Price then gave notice of a by-law respecting the Street Railway, this notice to be in lieu of the first meeting.

On motion, the Council adjourned until this evening, when the unfinished business will be taken up.

WIND WAFTS.

Bishop O'Brien has returned home from his visit to Brockville and Prescott.

A couple of young men informed us to-day that they didn't feel like themselves since the dinner last night. From all we can learn of Old George we believe him to have been a sensible gent, who would discountenance gorging in any man's honor.

The Tandys and Prof. Philp, of Port Hope, are going to tone down the fighting proclivities of the Guelphites on the 4th of May. As music soothes the savage beast, we hope the Tandys will sing loud and that the captain of the Base Ball Club will rest himself high on a front seat.

The stables of the Street Railway Company in Belleville have been commenced. But the people in Belleville have less difficulty in deciding who the Sabbath-breakers are.

Yesterday the summer arrangements of the Cape Vincent branch of the R. W. & O. R. R. went into effect. The Cape train, says the *Despatch*, will not back up to the station. A start will be made at 9 a.m. commencing at the junction instead of at the depot.

Edward Vardell would rather take money that other people earned than earn it himself, and then the authorities forced a visit upon him of 3 years to the K. P.

For ye gods in the gallery the Council proceedings last night were "nuts"—that means spicy things which tickle and please the boys. There was lots of fun, but some of the members afterwards and now feel as mean as if they had been sat upon.

The Sabbath observance agitation still continues. The City Fathers again cudgelled the question last evening, and an army of correspondents want to say their say. It would seem that there never was a time when missionary work was so much required. There are quite a number of heathen stalking around amongst us.

This evening Prof. Dupuis will lecture in the City Hall on the beginning and end of the world. He should have a good many hearers.

It is held that the illness with which many people and especially children were lately and are now affected is a kind of epizoo, similar to the disease which played such havoc among the horses not long since. It is a painful illness while it lasts, but not fatal.

Mr. Phippen is now finding out how many old maids, &c., there are in the city as well as babies. The latter are most numerous so far, but in Ontario Ward and in Rideau and Frontenac it is thought the two classes will tally pretty closely. For the old maids' sake the census is a most inopportune affair.

The License Commissioners will meet to-morrow afternoon and decide who are to be licensed to sell bug juice for the next year.

The rocks which punched the holes in the bottom of the Corsican last fall are carefully preserved. It is suggested that they be sent to the Centennial. They would make very nice parlour ornaments.

CURRENCY,

—Weldon Champness, of Ottawa has made assignment; liabilities, $120,000.

—The Hon. George Brown sailed for Canada from England on Saturday.

—The population of London, England has increased 44,459 during the past year.

—Hon. Mr. Geoffrion will return to Ottawa next week after his protracted absence completely restored to health.

—Guelph has a population of 10,176 and Windsor 9,189, according to the 1876 assessement.

—The new bonnet is high and overwhelming in appearance, and is to be worn far on the back of the head.

—Senator Parry is sufficiently recovered to admit of his being removed to his home at Cobourg.

—Correspondence has been opened with a view to the Emperor of Brazil visiting Ottawa this summer.

—Talmage's church in Brooklyn suscribed on Sunday $15,000, to relieve Lay college from a mortgage which was about to be foreclosed.

—It seems probable that New York State legislation will drive about $30,000,000 of insurance capital over into New Jersey, New York taxes are too oppressive.

—The charge of the Mounted Police of the North-West has been transferred from the Department of Justice to that of the Secretary of State.

—Dr. Kenealy is about founding a Magna Charta Temple, in which he will conduct religious services.

—The Rideau and Ottawa Forwarding Company have rebuilt several barges and given their whole fleet a thorough repairing at.

—The Indians recently scalped an entire family, consisting of a man, his wife and two children, near Custar City.

—On Thursday, last week, there was trotting and boating on Red River, skating in the rink at Winnipeg, and cricket playing on the prairie, all within the radius of a mile.

—A young man named Ashley Richie, who had tried a blackmailing dodge on one of our prominent merchants, Toronto, got a public thrashing for his baseness.

—The assessors give the number of scholars attending the public schools in Brockville between the ages of five and sixteen years, as 1,450.

—Londoners are looking forward to an unusually gay season during the spring. The Queen's drawing-rooms begin soon, and a number of grand ntertainments are announced. The Prince of Wales is to be welcomed home with great rejoicing.

—A colored preacher in St. Catharines thinks that three hundred years hence the whites will be all blacks and the blacks all whites. We would not live forever.

—There are two hundred thousand head of cattle in the county west of Chicago awaiting transportation to the Eastern markets. They are valued at twelve million dollars and it is expected all of them will be shipped within next seven weeks.

NOISY SESSION.—The Council got to business last night and spent such a night as cannot be said to have flattered any member or added to the credit of the body, individually or collectively. We are not opposed to discussion, short or lengthy, when conducted on a sensible basis, but what is certainly annoying, and what is most objectionable is the indulgence in all sorts of irrelevant harrangues which consume time and serve most generally to make the members say unkind things of each other. For personal interests and the interests of the public we hope language such as was used last night will never be used again.

J. M. MACKAY & CO'S Great Spring Sale seems to be the place for Cheap Dry Goods, that is judging by the rush they have to-day.

Clothing and Furnishings.

ORDER YOUR

SPRING SUITS

—AT—

McNAUGHTON & CO'S.

Corner King and Princess Streets.

WHERE YOU WILL GET THOROUGH SATISFACTION AS REGARDS COST, MATERIAL and WORKMANSHIP. A newly arrived and complete stock of material now on hand, consisting of Scotch Tweeds, Canadian Tweeds, English Broadcloth, Worsted Stuffs, Venetians, Meltons, &c. McNaughton & Co.

April 20, 1876.

Stop a Moment and Read this, Then Consider how it is that

F. X. COUSINEAU & CO.

CAN SELL DRY GOODS SO CHEAP!

Yet, it be very easily explained. First—they buy for cash and attend large Trade Sales regularly, both in Montreal and New York, where Bargains can always be got with the ready money. Secondly—they mark their Goods at a small advance on the cost and effect quick sales, which enables them to renew their Stock monthly. Such has been their Motto, and that is why they they have done the largest Cash business in Kingston for the past two years. Consequently, they take this opportunity of informing their numerous customers and the public generally that their FIST CHEAP SALE will commence on SATURDAY, the 22nd April, when they WILL OFFER EXTRAORDINARY BARGAINS.

April 18, 1876.

EPPS'S COCOA.—GRATEFUL and COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.* Made simply with Boiling Water or Milk.—Sold only in packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, 48, Threadneedle Street, and 170, Piccadilly, Works, Euston Road and Camden Town, London."
