CONSTITUTIONAL

CATARRH REMEDY

CATARRH

Cannot be cured by Snuffs, Washes, or Local Applications. It is a weakness of the constitution, developing itself in the nasal organs first, afterwards extending to the throat and lungs, ending generally in Consumption, if not checked by proper remedies. Pains in the head, back, loins and weakness of kidneys are its attendant diseases. More people have Catarrh than any other disease. It is easily cured. Thousands of cases, some of forty years standing have been entirely cured the past three years by the Contitutional Catarrh Remedy. Certificates to back the above and a treatise on Catarrh sent free on application to T J B Harding, Chemist, Brockville, Ont. Send name on postal card and it will only cost a cent. Price —$1 per bottle, or six bottles for $5. For sale by all Druggists and Medicine dealers.

T. J. B. Harding, Esq.:

Brockville, Feb. 9, 1872.—Sir: Having had Catarrh for a number of years, and having tried nearly all the remedies advertised that promised relief or cure, without the desired result. I came to the conclusion that it was useless in trying to cure the disease. I was advised last fall to give your "Constitutional Catarrah Remedy" a trial, and did so, with very little faith as to the result. But I am happy now to say, that after using three bottles, I am entirely cured, and do not feel as if I ever had Catarrh. I also cheerfully recommend it to all those that suffer from that disease, and am satisfied that if they will only try one bottle, it will need no other recommend, and will convince the most sceptical.

Yours Respectfully,
JOHN C. BANN,
St. Lawrence Hall.

For sale by all Druggists.

CITY AND VICINITY

GOLD in New York at 12 o'clock 112⅞

POSSESSION.—The Council has taken possession of the Market Battery, granted until wanted by the Government. It is proposed to level and ornament it in some way.

THE ENGINEER.—At the Council last evening a resolution was passed dismissing the City Engineer, his services to be dispensed with on the first of July, or as soon as his engagement permitted.

RAILWAY GUIDE.—The June number of the Railway and Steam Navigation Guide contains all the latest time-tables of the various roads in the country and a large quantity of matter of interest to travellers. It is published by C. R. Chisholm & Bros., of Montreal.

SUICIDE.—On Saturday afternoon a widow, named Mrs. Toole, of Brockville, committed suicide by hanging herself by the neck with a handkerchief to the bed-post. She was very ill and very low in her spirits, which accounts for the suicide. She had stated her intention of visiting the Kingston Hospital for medical treatment.

THE BAND.—This evening the Band of "A" Battery will play in the Park, and continue the concerts every Tuesday evening during the summer, as well as Thursday evenings on the Queen's wharf. We hope for this liberality in music the public will take steps to show their liberality in another way.

THE EXCURSION.—The moonlight excursion per steamer "Maud" to-morrow evening, is much talked of and for it we bespeak the greatest success. Brass and string music will be furnished by the band of "A" Battery. It will be a pleasant trip such as all can enjoy, of whatever age or disposition.

LATE SESSION.—The Council is endeavouring to put on parliamentary airs, and last night sat until 12:45 o'clock The Streets Committee brought things to a close with their report. Both it and the Committee's work have been severely criticised. Public feeling is rising, and speedy action is required to keep indignation in check.

WATERING.—The Council had it warmly last evening anent the street watering. The summary of the debate will be read elsewhere. The public are to be dependent upon the liberality of private subscription, however, for relief from the dust. The city buys a couple of second hand carts and then feels as if they and the people should rest and be thankful.

SCIENCE AND RELIGION.—From Messrs. Dawson Bros., Montreal, we have received the copy of an address delivered at the Convocation of McGill University in May last to the bachelors of applied science, by Alex. Johnson, M.A., L.L.D., Dublin, and one of the Professors of the College. The pamphlet is interesting to literary men. It is handsomely printed.

FULL.—The str. "Spartan" had a full load of passengers on her downward passage this morning. She was so full that it was with difficulty the requisite accommodation could be got for Dom Pedro and his suite. During the stay of the Emperor here he took a walk up the city and conversed in a friendly way with several citizens early afoot, all pronouncing him a perfect gentleman.

GRAB GAMES.—The project for abolishing the toll gates on the Island of Montreal, which has been a subject of consultation between the City Council, the several Mayors of outlying municipalities, and the Turnpike Trust Co., is likely to fall through on account of the exorbitant demand of the Trust for a yearly subsidy and the high opinion of the municipalities as to the amount the city should pay towards it. This all-round game of grab is universal. It is played about Kingston whenever the question of free roads and markets comes up. The City Corporation wants to pay less than the county will agree to, and the county offers less than the city approves of, and the joint stock road companies cordially unite to bleed both municipalities. And as it is a game of checkmate it ends every time in a draw, and the citizens and farmers suffer on.

THE LIQUOR TRAFFIC.—When the *News* undertakes to lecture the WHIG it should know what it is talking about. That's the first common-sense move. In last night's issue our contemporary pays particular attention to a paragraph alluding to a denial given by Mrs. Youmans and a correspondent to the *Gazette* to a report printed in the *News* respecting Mr. Despard's monopoly of the legalized liquor traffic in Prince Edward. We but gave the denial of Mrs. Youmans and copied the rest of the paragraph from the *Gazette*. The *News'* bilious article we have not read, and unless hard up for literature don't want to read it.

MINDEN LODGE.—Last evening at the regular communication of Minden Lodge, No. 253, A.F.A.M., the annual election of officers took place, the best of harmony and unanimity being displayed. The brethren elected were:—

W. Master—Bro. E. J. Barker Pense.
S. Warden— " W. D. Gordon.
J. Warden— " Wm. Baillie.
Chaplain— " the Rev. J. Craig.
Treasurer— " R. W. Bro. G.M. Wilkinson.
Secretary— " Jas. Kearns.
Tyler— " E. Ball.

The Installation takes place on St. John's Day (Saturday, 24th,) according to constitution and practice, and for the sake of convenience to the business members, has been appointed for 9 p.m. A committee has been appointed to determine the mode of the annual celebration.

WIND WAFTS.

—Peruvian in sight at Father Point at 5:45 p.m. yesterday.

—Light shower of rain last evening. Green things blooming.

—Can't get into the Military College without a pass. That's military style.

—Farewell temperance address of Rev. J. F. Porter, in Victoria Music Hall.

—Picton defeated Newburg yesterday at base ball by 9 runs.

—Further Street Railway discussion on Wednesday evening. Council adjourned until then.

—The annual meeting of the stockholders of the R.W. & O. RR. Company will be held in Watertown to-morrow.

—It is singular that when there is so much wet weather in the vicinity of this neighborhood it is comparatively dry.

—Picnics are again becoming the rage. They are a means of amusement and pleasure which will never lose popularity.

—The St. George's Society will meet this evening for business. Attend ye members.

—The City Council will have to mend its ways as well as its plankwalks. This sitting-up-past-midnight business won't do.

—William Dougherty, who was annoying the public by drawing slop on the sidewalk, was reprimanded this morning at the police court and dismissed.

—Base ball playing on the streets must be stopped by the police or there will be a row. Windows are being smashed and the mischief played generally.

—The Rev. Jas. Elliott is announced as one of the speakers at the Grand Camp meeting to be held at Wells' Island during the ensuing summer.

—The barge "Milwaukee" (M. T. Co.) has been sunk with 20,000 bushels of wheat in the river near Alexandria Bay. The tug "Lady Franklin" has gone to her assistance.

—Mr. D.H. Fletcher, formerly of this city, has passed as fourth of the senior class with honors the law school examinations at Toronto and was granted a remission of 18 months of his time.

—"So far this season we have not had an opportunity to acknowledge the receipt of a single boquet of flowers. What can the matter be?"—*Watertown Despatch.* The want of a better looking man in the office, sure! That's an easy conundrum.

—"A Citizen's" contribution in our spirited contemporary looks very like one of those letters which are manufactured in the office to give effect to the editorials when the special correspondence of the *Mail* cannot be made thoroughly effective for the purpose. The disguise is becoming too thin to be useful any longer. The silly child's play might be stopped.

BASE BALL.

The difference between the Base Ball Club and the Cricketers has been sunk by the former procuring the ground on the west side of the Regiopolis College for the matches which they will play with foreign clubs on Dominion Day. The attractions will therefore be divided. Both clubs could not play on the field and so this arrangement is the best that can be made under the circumstances. The Cricketers talk of having the Battery Band engaged during their match, and that a small admission fee will be charged. It will be interesting to count the number of spectators.

On Friday next the local clubs are to engage in another friendly contest as both need practice. It is to be hoped that there will be no more such exhibitions of hooting and yelling as both clubs condemn it. The Earls have signified their determination to leave the field if such a thing happens again, and they do not at all think those would be friends of theirs for their sympathy expressed in such a way. A few of the principal ring-leaders are known, and will be made an example of, if detected. The match will be between the Earls and St. Lawrence Clubs.

The Blue Stockings of Portsmouth and the Beavers of the city, will play in the Cricket Field to-morrow, commencing at 2 p.m. A lively game may be expected.

A correspondent writes: Last week the "Emerald" B.B.C., sent a challenge to the "Lily" B.BC. The Lilies consented to play on Saturday afternoon. On Saturday afternoon the Emeralds were ready, but the Lilies were not present, but sent a delegate to tell the captain of the Emeralds that the pitcher of the Lilies was ill. The captain of the Emeralds offered to let the Lilies take any man on the field to fill his nine; but the excuse was, he didn't want to play without his own men. We must therefore count the score 9 to 0.

Boston, June 1.—Chicagos, 9; Bostons, 3.

BAND.—The band of "A" Battery will play in the Park this evening at 7:30 o'clock. Programme:

1. Overture—Fra Diavolo—Auber.
2. Quadrille—Good Night—Prepsant and [Marie.
3. Selection—Martha—Flotow.

It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. PETER TOLAND INTERVIEWED.

Learning that the Kingston Pound was not just in the condition it should be for such a fine, respectable city as this, and that Mr. Toland, the Commandant, was not civil to a caller, and desiring to get at the truth regarding the same, and remembering the New York *Herald's* beautiful style of doing things, the WHIG Commissioner donned his white cravat, parted his hair in the middle, and with a nobbly black thorn in hand he sailed up to interview Peter Toland, Esq., with as majestic an air as circumstances and the weather would permit. Lest any should imagine that the WHIG man was uncivilly treated, when he called around, we have interrogated our Commissioner. The questions put and answers received were as follows:

"Q.—How did Peter Toland receive you?

A.—Freezingly polite, to use a notable phrase. I was introduced by Mrs. Lowry, who sat on the edge of a wheelbarrow.

Q.—Ahem, yes; aw, was he aw—at all uncivil, aw, or what is usually termed "snobbish?"

A.—Not at all. Peter, you know, is kind of abrupt in his answers, but he is a "rail ould Irish gintleman," and wouldn't do such a thing.

Q.—Then he could not have been "boorish," as you understand the meaning of the word?

A.—Oh dear no; decidedly not. There's nothing of the boor about Peter.

Q.—Aw, yes! Did you ask to be shown through the pound?

A.—I did not ask to be shown the pound, but went through it myself. Says Peter to me, with a loving look which nearly melted me, and the smiling sweetness of which I shall never forget, says he, "take a 'jant' round, young man; it's a beautiful day, and the smell to Heaven perfumery of this illigent and private ratrate will do ye good." So I wandered. It was bad walking, and the pleasant scene and surroundings were somewhat spoiled by the plash, plash through muck and mud and barn-yard scrapings. Suddenly halting as the wet penetrated my shoes, I asked, "Peter, why haven't you a sidewalk here?" It was a sad drive I made at His Highness, as he instantly and coolly referred me to the Chairman on City Property. "He's the bird ye shud ax," said Peter, and he damped my enthusiasm for several minutes by his cutting sarcasm.

Q—Do you remember the questions asked in reply to which Peter Toland told you to apply to Ald. Drennan.

A—There were so many that I couldn't remember—there were two—but one was in reference to Ald. Drennan and the appointment of Mrs. Lowry to the staff. I used no note-book so I can't remember what was said.

Q—What did you infer from Peter's reference of you to Ald. Drennan—did you regard it as reply to get rid of you?

A—I cannot explain, but I felt "taken down." I saw Peter strike out for a flock of vagrant geese, and I supposed he wanted to interview them; besides, he don't like to bandy words with newsmen.

As Peter disappeared in the distance I loudly called to him: "Say! Ahoy there! when does Mrs. Lowry commence her duties?" Peter looked scornful; folding his arms in the most sublime and haughty manner he took a survey of the sky and Mrs. McCumisky's chimney, and then waving his hand imperiously he referred me to Ald. Drennan, and whirled right about face and left me without saying as much as "good day."

Q—Is that official snobbery?

A—No, that's what the Princess street gentleman's journal would style official snubbery."

These replies dispose of the charge of "boorishness" and incivility, as alleged by some parties against Peter Toland, who enjoys the reputation, as we stated the other day, of being in every respect a courteous gentleman. We may also remark that the fashionable style of newspaper interviewing has been scrupulously adhered to by our commissioner. It could not have been better done by the imported Newtonlimnivady article.

LAST NIGHT'S NEWS.

—Government has consented to the bridging of Burlington Cana by the Hamilton and Nor'-Western Railway.

—Although a large number of physicians have stated that the deposed Sultan committed suicide, their report is scouted in Paris, Rome and other European cities.

—The Conservatives of North Middlesex, at a meeting at Parkhill last night refused a hearing to Mr. R. Reid, of London, who spoke in the interest of Mr. Scatcherd.

Murad V. has demanded from the representatives of the European Powers recognition of his position as Sultan. It is expected this will be forthcoming.

—The writ for a new election in South Wellington will be issued in a few days. The election will take place about the end of the present month. It is expected nominations in the two Ridings of Ontario will take place about the same time.

—Great excitement was created throughout the Province last night by the report that the two escaped murderers Young had been arrested at Sarnia. The men have been captured near that town, but it is not thought they are the Cayuga fugitives.

—The Blaine-Mulligan controversy came up in the House of Representatives yesterday, and all the letters were read. Mr. Knott, of Kentucky, was particularly severe on the ex-Speaker, and the House followed his attack by snubbing Mr. Blaine in refusing a motion he made in reference to the subject.

—The first session of the Supreme Court of Canada was held yesterday. Argument was begun in the case of the Queen v. Taylor, an appeal from the Courts of Ontario, involving the right of the Provinces to compel brewers to pay license fees when they have been already licensed by the Dominion Government.

MONTREAL.

Montreal June 15th.—Dom Pedro, the Empress of Brazil, and suit of twelve have secured rooms at the St. Lawrence Hall in advance of their arrival.

An effort is being made to prevent the Orange procession on the twelfth of July, as should the Orangemen persist in their intention to walk in regalia, a street fight is inevitable. The *Witness* to-night says:—"If the Orangemen walk on the Twelfth they will do so against our advice."—*Mail.*

On Tuesday last a desperate attempt was made by three convicts to escape from St. Vincent de Paul Penitentiary. The guard had occasion to remonstrate with one of the prisoners for not working, when the fellow pulled out a knife, cut the strap holding the gun, snatched it from the guard, and knocked him senseless with the butt end. The fellow was joined by two of his villainous companions and all three attempted to escape. They were espied by one of the guards who called upon them to surrender, but refusing to comply he fired, wounding one named Jackson, it is supposed fatally in the thigh. The party then stopped, and were secured.—*Globe.*

THE NEWS CORNER.

—General Smyth has so far recovered his health as to be able to leave his residence.

—A man without arms was sentenced to eight days' hard labour in Montreal for drunkenness. The poor fellow has to be fed by his fellow prisoners.

—Mr. Amor De Cosmos writes to correct an inaccuracy in Sir A. T. Galt's speech. He contends that British Columbia bargained in the first instance for a railway.

—Owing to the high water in the rivers a great deal of the timber for Quebec will be one month late in reaching that market. On the other hand, owing to ice in the Gulf, the majority of the lumber vessels have not yet been able to reach Quebec.

—On June 22nd, a Mammoth Pic-Nic, in connection with the R. C. Church of Kitley, will be held at Mill Pond Grove, near Toledo, under the direction of Father Kielty.

—The *Mail* kindly recontracts the Government again. It puts Messrs. Geoffrion, Cauchon and Huntington out, but has not apparently yet decided who to put in their places.

—A Canadian girl, Miss Allison, of St. Catherins, runs the engine which works the power looms and printing press in the woman's pavilion at the Centennial.

—A fearful scandal has been caused in London through the error of a telegraph operator. The Milner safe is to England what the Herring is to America. Being desirous of obtaining some of them for the safe transportation of his presents from India, the Prince of Wales telegraphed to London: "Send me five milners three without drawers." The intelligent telegraph operator got it all right except one word, and that he made "Milliners."

—A decline of sixpence per cwt, in the English market makes cheese buyers rather cautious. The prevailing rates are 9 to 9½ cts.

—The most valuable recent Western contribution to the language is a new verb—to "kornewoggle." As nearly as we can get at it, it means to swindle artistically.

—Messrs. Thos. and Wm. Grieves, of the 8th con., McGillivray, have lately fallen into possession of $40,000 by the death of a brother, who has for some time been living in Australia.

—Troops are held in readiness at Halifax to sail for Sidney, C. B., where a disturbance between the colliers and shovellers is feared, the former threatening the latter because they refuse to strike.
