DRESS
MAKERS
And Others
SHOULD CALL AT
185 Princess Street,
AND EXAMINE THE
CENTENNIAL
PLAITER!
Before purchasing any other kind.

YOUR ATTENTION IS CALLED TO THIS simple invention, designed for making the different styles and widths of plaiting that are ordinarily made by hand, and also to its construction, which differs widely from any hand machine now in use, being composed of a series of very narrow, flat, "spring steel" bars, permanently fastened to a light frame, so as to leave a very narrow space between each steel. With each Machine is a blunt knife, so made as to be graduated to any width. The plaiting made on the CENTENNIAL PLAITER has the appearance of the very best kind of hand work, and by its use a saving of four fifths of the time consumed in hand plaiting, is effected. This machine is selling rapidly to Dress Makers and private families.

Three Days Trial.

We will deliver the Plaiter to any Dress Maker in Kingston for THREE DAYS TRIAL with the distinct understanding that it may be returned if not wanted at the expiration of that time.
All interested are requested to call and see it or

GIVE IT A TRIAL!

as we feel PERFECTLY SURE that it will do more and better work than any other Plaiter in use in this city, and we only ask for a chance to prove this fact.

DON'T HESITATE TO TRY IT.

THE DUST OF A ROPE.

I turn the key in this idle hour
Of an ivory box, and looking, lo!
See only the dust—the dust of flowers.
The waters will ebb, the waters will flow.
And dreams will come, and dreams will go—
Forever.

Ah, friend, if you and I should meet
Beneath the boughs of the bending lime,
And you in the same low voice repeat
The tender words of the old love rhyme,
It could not bring back the same old time—
No, never!

When you laid this rose against my brow
I was quite unused to the ways of men,
With my trusting heart: I am wiser now,
So I smile, remembering my heart throbs then,
The dust of a rose cannot blossom again—
No, never!

The brow that you praised has colder grown,
And hearts will change—I suppose they must
A rose to be lasting must blossom in stone;
Ashes to ashes, and dust to dust;
Dead is the rose—the love—and the trust,
Forever.

NEW PUBLICATIONS.

RECORD OF THE YEAR. New York: G. W. Carleton & Co. June.

This is a reference scrap-book. It claims to record every important event of any nature worth preserving, and also to give a careful selection of the choicest current miscellany. The frontispiece to this number is a fine steel portrait of A. T. Stuart, his career, death, will and succession. And besides the unique and valuable diary of important events and occurrences throughout the world, this number contains, among two hundred other articles, Monthly Record of Congress, etc., things to be laughed at, popular and touching poems, sketches, incidents, &c., in such attractive variety that it forms the richest amount of valuable and entertaining reading almost ever embraced in a magazine.

DOMINION STEREOTYPER.—We have received the first number of the above magazine, to be published at Arnprior monthly. It contains considerable reading matter, and a number of printers' cuts, which are offered for sale at reasonable prices.

DOMINION PRINTER.—The June number of the *Printer*, which is published by the Dominion Type Founding Co., at Montreal, will be found useful to publishers and printers generally.

"THE LAKEFIELD NEWS."—This is our latest confrere. It is published by a company, which has made Mr. Mark O'Beirne manager. He starts out with a handsome appearance and bright spirits, and if a paper can thrive there at all it will. Its motto, "Truth is Strong," is well enough for a show piece, but it never does to swear by in election times when those Grits have to beaten at all hazards.

CURRENCY.

—Windsor is still troubled with smallpox.

The Ottawa $16,500 has been appropriated during the current year.

—Another African exploring expedition has left England.

—The enquiry into the murder of Mr. Margary has been wholly futile.

—About 10,000 salmon and salmon trout fry have been deposited in Gull Lake in splendid condition.

—The Governor General, with the Vice Regal household, will leave on Thursday for Quebec.

—Mr. J. T. Bertram, formerly of Brockville, has been appointed Surveyor of Customs for Ottawa.

—Lotta's cottage at Newport cost her $2,000 rent this season.

—If you are sick and tired of the world, a trip to the Black Hills will cure you.

—Mr. Davin, the *Mail's* correspondent, has returned to Toronto from Philadelphia.

—During the recent drought in Jamaica water was so scarce that it brought eighteen shillings a puncheon.

—Dundas is to submit a test case to find out if keepers of club houses can sell liquor without being bound by the license law.

—The congregation of the Rev. Dr. Storrs, of the Church of the Pilgrims, Brooklyn, have paid off their debt of $100,000.

—China has given the amplest satisfaction to Germany for the murder of the crew and plunder of the ship Anna by Chinese pirates.

—A Hamilton young lady named Wild Rose, married a man named Bull. A nice name; Wild Bull.

—The Rev. W. J. Hunter, of Ottawa has been denouncing from the pulpit the theatre, dancing, social card-playing cricketing and horse-racing.

—Gibraltar is being victualled to support a garrison of 2,000 for six weeks. Certain merchant vessels have been chartered for Government service.

—The fees which lawyers get from people who don't know any better than to quarrel in court, annually amount to $35,000,000 in the United States.

—By authority of the Minister of Education all the Public Schools in Ontario close for the summer holidays on Friday, July 7th, 1876.

—The last of this season's drive of saw logs on the Moira, consisting of 45,000 pieces, passed through Stoco lake on Saturday.

—Prof. Max Muller has gone to Germany for a year's holiday, which, combined with change of air and society, he hopes will completely restore his health.

—It was a New Jersey wife who said, 'My dear, if you can't really drink bad coffee without abusing me, how is it that you always drink bad whiskey without abusing the bar keeper?'

WOMEN IN EUROPE.—Writing from Europe, Mrs. Swissheim says:—The thousands of women here hitched up with dogs and donkeys, drawing heavy loads over highways and byways, insulted, beaten, degraded, despised; the women, too stupid to feel a shame for their condition, who do the meanest and heaviest drudgery to leave masculines at liberty to fight the King's battles, and win or lose victories in which it has no interest beyond a change of masters, it carries me straight back to the silly, mischievous moths at home, who are eating up warp and woof of our national flag; to the painted things that have gained wings by preying on our national honor, to the fine ladies who have made us the scoff of the world that they might loll on silk cushions, sweep streets with velvet trains, and flash like fireflies in the light of the chandelier. For this they have inflicted a cruel, perhaps irreparable wrong, on these toiling, long-suffering millions, by confirming many doubts of the capability of the people for self-government.

"THE LEAVES . . . WERE FOR THE HEALING OF THE NATIONS."

In the modest little plant found growing by the roadside and known as Smart-Weed, or Water Pepper, reside medicinal properties of more than ordinary value. In Dr. Pierce's Compound Extract of Smart-Weed, these wonderful properties are combined with other vegetable extracts of acknowledged virtues in such a manner as to make it a most efficacious remedy for Colic, Cramps, Summer Complaint, Diarrhœa, Dysentry, Cholera and Cholera Morbus. A celebrated medical author says: "A friend of mine had an only child dangerously ill with the Summer Complaint. He had employed a great variety of the usual means for relief, but all appeared unavailing. The child was finally given Smart-Weed which was entirely successful. It arrested the vomiting and purging in a short time, and without the aid of other medicine entirely restored the little patient." Dr. Pierce's Extract of Smart-Weed is sold by all druggists.

A GOOD HOTEL.—The American House Boston, has been long and favorably known as one of the best hotels in the East. Its central location, only a few rods from Washington Street, and within two minutes walk of State Street, Faneuil Hall, the old State House and City Hall, makes it equally desirable for business or pleasure. It was the first hotel in Boston to introduce the greatest of modern conveniences, a Passenger Elevator, and the proprietors have ever been ready to adopt any improvement that might add to the comfort of their guests. The latest change, and one that will be appreciated by all, is the reduction in prices, which are now placed at $3.00, $3.50 and $4.00 per day. The large number of its apartments, its long and spacious corridors, general convenience of arrangements, liberality of management and uniform excellence of its table, have given it a wide spread reputation, and enable its managers to offer inducements to be found at but few other New England Hotels.

DYSPEPSIA.—This disease has been called the "curse of America," the "go ahead impatient Yankee," has not time to eat his meals properly, and so crams the food into his stomach in a condition impossible to digest, one or two of WINGATE'S DYSPEPSIA TABLETS, dissolved in the mouth after eating, will soon relieve this distressing complaint, they can be carried in the vest pocket, and are always ready for use.

Dr. Earle's Testimonial.—Mr. James I. Fellows, Manufacturing Chemist—Sir: For several months past, I have used your Compound Syrup in the treatment of incipient phthisis, chronic bronchitis, and other affections of the chest, and I have no hesitation in stating that it ranks foremost amongst the remedies used in those diseases. Being an excellent nervous tonic, it exerts a direct influence on the nervous system, and through it it invigorates the body.

It affords me great pleasure to recommend a remedy which is really good in cases for which it is intended, when so many advertised are worse than useless. I am, Sir, yours truly, Z. S. Earle, Jr., M. D. St. John, N. B. January, 1868.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas Eclectric Oil. Read the following and be convinced.—Thos. Robinson, Farnham Centre, P.Q. writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas Eclectric Oil, and since then have had no attack of it. I would recommend it to all." —J. H. Earl, Hotel Keeper, West Shefford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and are pronounced by the public, one of the best medicines they have never used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Ruzan, Township Percy, writes, "I was persuaded to try Thomas Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Maybee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine."
