MARY SCORELL,

### CATARRH.

The Constitutional Remedy.

The Constitutional Catarrh Remedy is the irst article placed before the public that proposed to cure Catarrh by building up the Coustitution. It struck at the root of the whole difficulty, and thousands upon thousands of letters have been received by the proprietors, setting forth the marvelous cures, and what is remarkable, enring not only the Catarrh, but all other ailments at the same time. This is what it always does. The following statements are only samples of what we are constantly receiving, from well known people to whom you can write, and not bogus ones. Catarrh and its attendant evils, cold in head, hacking cough, incipient consumption eadache, pain in the back and loins, dizziness languidness, loss of appetite and general weak-ness, all leave together-when the Constitutional Catarch Remedy is taken as recommended. Home Testimony in favor of Littlefield's Cutarrh Remedy;

T. J. B. HARDING, Esq., Brockville, 12th Feb., 1876. My Dear Sir,-f can earefully endorse, from my own experience, the favorable account of the Constitutional Catarrh Remedy. It has afforded me relief from Catarrh and Cold every time I used it, and then when I could not take proper care of myself in bad weather.

C. W. VOLNEY. Brockville, Feb. 9, 1872.-Sir: Having had Catarrh for a number of years, and having tried nearly all the remedies advertised that promised relief or cure, without the desired result. I came to the conclusion that it was useless in trying to cure the disease. I was advised last fall to give your "Constitutiona Catarch Remedy" a trial, and did so, with very little faith as to the result. But I am happy now to say, that after using three bot am entirely cured and do not feel as if I ever had Catarrh. I also cheerfully recon disease, and am satisfied that if they will only mend, and will convince the most sceptical.
Yours Respectfully,
JOHN C. BANN,

SLAUGHTERED. One poor, unfortunate dog has passed from this life. He was shot last evening -the first of the slaughtered under the the by-law, by the carrying into effect of which the city hopes to make a little money and remove such "critters" are friendless or have failed to gain the appreciation of master or mistress. The city can spare a few vagrant dogs, 'tis true; but then we should like, if death be the ultimatum of the untaxed, that as mild a means of punishment be adopted as possible. A leading city functionary yesterday consigned a nondescript species of dog to the police to be made away with, It was handed over to P. C. Grey and the new detective for slaughter. During the afternoon the animal was led to the dock and a stone attached to his neck, and then he was hurled into the water. He sank, but rose again. The execution was a failure, the stone not being anticient to hold him down. The revolver was then called into requigregations of Glenvale, Earrowsmith and sition, but it was not oiled enough and Wilton, held on Thursday evening, a would not deal a wound requisite to end manimous call was given to Rev. FRIDAY'S MATCHES. There was a match game of base bal played at Odessa on Friday, between the Collegiate Institute Club of Kingston and the Flyaway's, of Odessa. The game commenced at 10 o'clock a.m., and lasted two hours. It resulted in a victory for the former by a score of nineteen to eleven. After the game the Flyaway's treated the Kingstonians to a sumptuous dinner at Mr. Emery's Hotel. In the afternoon the Kingstonians played at Newburg against the Wideawakes of that place. The game commences at 3.30 p.m. and lasted until 5 30; it resulted in the victory for the latter by a score of 20 to 7. The Kingston boys were pretty tired after playing at Odessa, and could not be expected to play as well as if they were fresh and were playing under a disadvantage. After the match they were handsomely treated to a good supper by the Wideawakes at Hope's Hotel. It is not known when the return match will be played, but if the Collegiate boys can not beat the Wideawake's at base ball will try to equal them in hospitality.
