AIR-"Steer my barque to Erin's Isle.

I've strayed thro' England's fertile vales.
Where peace and plenty smile.
I've roamed o'er Scotia's health clad hills.

And Erin's sunny isle; But speed me, speed my gallant barque.

The thistle, shamrock, rose, More dear to me the glades that gleam

Then speed ye, speed my swift winged barque.

Across the ocean's foam.

Across the ocean's foam, And bear me back to Canada,

My own, my native home.

Where bright Ontario flows;

Tho prized the daized della :

And bear me back to Canada.

My own, my native home.

In Canada the maids are fair,

And bright the sunset's glow.

And hearts that fear no foe

From Canada no more I'll strav.

Nor even wish to roam :

For Canada's my home.

Then bear me back to Canada,

In Canada there's right good cheer.

## CATARRH.

Secretary.

The Constitutional Catarrh Remedy is the irst article placed before the public that pro posed to cure Catareh by building up the Conritution. It struck at the root of the whole difficulty, and thousands upon thousands of letters have been received by the proprietors, setting forth the marvelous cures, and what is comarkable, curing not only the Catarrh, but all other ailments at the same time. This A Car Load Oshaws Flour at \$2.20. is what it always does. The following statements are only samples of what we are constantly receiving, from well known Crashed Sugar lower than ever people to whom you can write, and not bogus ones. Catarrh and its attendant evils, cold Medium do at 400. in head, hacking cough, incipient consumption, headache, pain in the back and loins, dizziness, anguidness, loss of appetite and general weakness, all leave together when the Constitutional Catarrh Remedy is taken as recommended.

Home Testimony in favor of Littlefield's Catarrh Remedy: T. J. B. HARDING, ESQ., Brockville, 12th Feb., 1876. My Dear Sir,-I can carefully endorse, from my own experience, the favorable account of the Constitutional Catarrh Remedy. It has afforded me relief from Catarrh and Cold every time I used it, and then when I could not take oper care of my self in bad weather.

Yours respectfully, C. W. VOLSEY.

J. B. Harding, Esq.

Brockville, Feb. 9, 1872.—Sir: Having had C. W. VOLNEY. Catarrh for a number of years, and having tried nearly all the remedies advertised that promised relief or cure, without the desired result. I came to the conclusion that it was useless in trying to cure the disease. I was advised last fall to give the "Constitutional Catarrh Remedy" a trial, and did so, with very little faith as to the result. But I am happy now to say, that after using three bot tles, I am entirely cured and do not feel as if I ever had Catarrh. I also cheerfully recommend at to all these that suffer from that disease, and am satisfied that if they will only try one bottle, it will need no other recommend, and will convince the most sceptical.

Yours Respectfully, St. Lawrence Hall For sale by all Druggists. Price \$.00 per T. J. B. HARDING. Brockville, Ont.

up stairs most of the time, or walk across boards in his lower flat. Every farmer has the same complaint. They say that some years ago when first they dammed up the lakes the Government only in-

one hundred yards wide choking up many

his shores to build a city. Mr. Bedore,

his neighbor, also has about 30 heres of

his finest grain-growing land covered,

while the sitting room of his dwelling is

ankle deep with water. He has to live

tended to raise the water three or four

feet, and many of them accepted small

amounts to compensate them for loss of

land. They had either to accept what

was offered or go without. One man took

\$25 for the loss of a fine piece of bottom land. I think the man that will take \$25 for the loss of land that would yield yearly a revenue of about \$150 without making a big fuss about it ought to lose it. What right has the Government to drown ont its emigrants ? One farmer ventured to ask a man of influence how it was that after years of incessant toil-after chopping his way through the woods, clearing

once the Government puts all his very choicest bits of it under water. "My good man," replied the man of influence, "it is the best thing that could happen to you. It will drive you off to a better section of the country." But theu, the man of influence is a mill owner. It is of the highest importance to the City of Kingston that these lakes

best to develope the land-that all

looked after, and that the people living about them may be protected. Altho' the land is not as a whole adapted to agriculture, on account of its rocky and thing like it for curing lameness. It is agreed that both matters it is without doubt public benefit. -A. M. Hamilton, Warkworth one of the very best stock raising sections of the Dominion. Sheep thrive wonderfully here, so that a man with a farm on well. The grass that grows in patches on

have, up to within a year or two, been notorious for the excellence and quantity of their fish. Even now-ruined almost as they are by damning fish are caught in large quantities. But they are gradually dying off. At certain seasons during the past three or four years - hundreds of tons of pike and other fish lie floating dead

British Whig ound the shores of these lakes, viz E gle Lake, White Lake, Crow Lake, Bobbs Lake, Mnd Lake and other lakes, the names of which I forget just now. The farmers say the stench is simply dresuful that arises from this great mass of corruption. Dakie and I have frquently caught large pike by trolling, but their appearance, covered with hie-deons looking boils and sores caused us to quickly release them. So far the pickerel that we have eaught have been splendid—there seems to be no sign of disease on them, but I am told, even they, as the season advances, fall victims disease and die by thousands. It is easy to account for the mortality among the lish of these lakes. If you will take the trouble to examine any rotten old tree stump, you will find that the fibres of the wood having been deprived of all ita pieces by exposure to the air will crumble. by slight pressure, into dust. If you throw a handfull of this into a bucket of

the rocky blile is very rich, and will provide pasture for stock from early spring until late in the fall-sheep will get their living until after the snow is fallen.

What a farmer around here needs most,

is the portion of his land that lies at this

moment submerged. Without it he cannot make headway. He can live and that

is all. There is another highly important

matter in regard to these lakes. They

be something like water in the lakes under the present damming system. While Mr. Wilmot is busy in propoga EDITOR OF THE WHIG, - What a kind- ting fish of all kinds, and stocking the rivers and lakes in one part of the Dominion, they are being permitted to die by

the fish at the Scotchman ! The latter | nonseuse, does it not ? went home rejoicing from our camp in In answer to our enquiry, why these lakes are dammed up we are told, the possession of a new hat (one of Clark that it is to supply the Rideau Canal Wright's best styles) and a new pair of with water at certain seasons of the year. pebble spectacles, optical master pieces Well, all I can say is the Rideau Canal of Messrs. Heath & Gunn's. Nor did he must be an immensely profitable affair to go empty away as far as the inner man is | warrant all this fearful destruction of timber-loss of land and fish. How many scows in a year go through that old ditch, again, and by supper time had a meal fit any way! I wish you could come and for a prince to sit down to. We found take a sail among the submerged timber the Scotchman a most worthy man. He here. It would open your eyes a little. Somebody will attend to this matter when it is too late. The farmers are all Dakie or I could appreciate. He wants discouraged, and will probably leave for to see the Scotch mother tongue intro- other parts unless something is done duced into the public schools of Canada. pretty quickly. If there is one man He says he will live to see it yet. May above another that deserves encouragement from the Government it is he who he live a thousand years. I have been will, axe in hand, chop his way into those wondering whether it is best to give you | wild backwoods and endeavor to bring the the particulars of a hurricane that passed land under cultivation. The water in over our camp the other day. Dakie these lakes ought to be allowed to go back to its natural level. On every lake thinks I had better not, as you would a man should be appointed and paid by doubt the whole thing. All I will say Government to watch over the lish-to is we were blown, tent and all, from the propagate them; for the time is coming top of a bluff, or cape, or whatever you when, by a system of canals, all these lakes will be joined to the railways, so small bill comparitively being call it, into the lake, and we were car- that fish caught here at night will be in ried four miles away-and this in the Kingston, Belleville, Brockville, Napaless than four feet of Gas per night-time, mind you, and in our night nee, and other places in the morning. dresses. By the kindness of a widow Then will every man have his bottom woman, who lent us a dress a piece and lands again. He will raise great herds of cattle and sheep, (and boys and girls a straw hat and bonnet, we got back to for that matter) adding to the wealth and our camp all right and saved the tent population of the Dominion. A places of into the bargain. Notwithstanding all resort for sportsmen and pleasure-seek-

kept our eyes open and made a few notes | mond. of the condition of the country through In my next I will tell you something
