ROCHESTER RACES. - Messrs. Folger and Hanley advertise a reduction in the fare for passengers desiring to attend the Rochester Races, which commences this week, and which are always a great attraction to the sports.

THE TONNAGE TAX. - Another official ruling from Washington has been received by the Collector of Customs at Chicago, and it is found not necessary for vessels leaving that port to take on nominal cargo, (as yesterday detailed by us), for an American port in order to be able to carry bulk of cargo to Canada without paying tonnage dues.

COGN BUSINESS CHANGE. - The Etina Life Insurance Company is re-organizing its agencies in this Province, and purposes establishing headquarters for Eastern Ontario at Kingston.

SUNDAY OBSERVANCE. - There is a wild field in which the Sabbath Reformation may operate advantageously, and not only the Sabbath Reformation Society but all who are anxious for a proper observance of "the day of rest."

WATER-TOWN AND AROUND IT. - The Jefferson County Sportsman's Club has received 450 birds more; shooting has begun. - No business at the Dairyman's Board of Trade on Saturday; no entries; no sales; too hot.

TOURISTS. - Great numbers of tourists are daily passing down the river on the steamers and propellers which run among the Thousand Islands and afford a good view of the beautiful scenery of the St. Lawrence.

FAVORABLE. - R.E. Camp, Somerville, the Grand Superintendent of the Central District, has returned to Ottawa, and reports favorably regarding his visit to Frontenac and Ontario Chapters of this City.

THE CITY MONEY. - It has been suggested that the Council should appropriate a sum of money to be spent in the celebration of the civic holiday.

BURNED! WITH THE BIRD-HUNTER'S OF FRONTENAC. IN CAMP, AUG. 30, 1876.

We are to-day called upon to narrate the particulars of a very painful accident which occurred last evening about 6 o'clock, a little girl named Maggie Jordan being the sufferer.

PUBLICATIONS. The "New Dominion Monthly" for August is out - an excellent number, in appearance and reading.

"BALLU'S MONTHLY." - The September number of this magazine has just appeared. In spite of the hard times the people seem determined to read Ballou's, and the circulation has fallen off less than that of any magazine in the country.

A few days ago we took a trip into a region highly interesting to the sportsman. Our route led us through three lakes, whose waters were all connected by a winding and intricate stream flowing from one to the other.

COMPLIMENTARY. - We understand that a number of gentlemen, who have felt the kindness of the steward of the steamer King, desire to acknowledge it in some way, and tender him a complimentary excursion, to take place early in September.

ERGO ANSWERS, WHEAT! - One of the candidates for a vacant seat in the Belleville Council has issued an address to the electors, in which the following eloquent passage occurs:

AGONY METEORS. - The August meteors very rarely miss their appointment on the night of the 10th of that month in each succeeding year, and may be seen of all degrees of brilliancy, from the insignificant globe of light moving across the firmament in stately grandeur, and emitting a fiery train, to the barely perceptible thread of silver light of the smallest shooting star.

FAVORABLE. - R.E. Camp, Somerville, the Grand Superintendent of the Central District, has returned to Ottawa, and reports favorably regarding his visit to Frontenac and Ontario Chapters of this City.

THE CITY MONEY. - It has been suggested that the Council should appropriate a sum of money to be spent in the celebration of the civic holiday.

STABBING AFFAIR. - Intelligence reaches us of another serious stabbing affair at Gattins Point. On Sunday morning the three notorious Laroque Brothers paid a visit to the village, and picking up a fight with one George Wellington, with whom they had had a difficulty on a previous occasion. During the scuffle that ensued, one of the brothers made a thrust at Wellington with a knife, which the latter caught between the thumb and forefinger of his right hand, lock jaw set in as a result of the wound, and it was not expected that the man could survive.

CAMPING OUT. - To-day 'A' Battery went into camp at Lemoine's Point for a camping season of eight days. The men were in heavy marching order, and were headed by the band, which played in its usual inspiring style.
