A LAST GREETING.

Among the numerous notable sympathetic reations of the celebrated artist, Gabriel Max, who stands first among the painters of the Munich school, are the touching scene f the blind girl holding the lamp for her atacombs, and that of the poor motherless child, "Julia Capulet," carried by the nun, also the crushed widow compelled to look on the auction of her distrained property. But by many, "A Last Greeting" is considered master-piece. It represents a lovely maiden, who has been cast into the arena in agan Rome, to be devoured by the savage beasts, for the delectation of the inbuman . She leans against the encircling stone wall; at her feet, broken by her falt, lie some simple wild flowers; impleringly she looks up, seeking the hand from which they ish brain; every ast stands out with painful f that same strong hand, which now alone be-Ably it would have protected, besides ensurnot earelessly and disdainfully turned away. Women suffering from those chronic weaknesses peculiar to their sex are prone to just such actions. Every day they hear of the Favourite Prescription of Dr. R. V. Pierce. of the World's Dispensary and Invalids' Hotel, Buffalo, N.Y. Thousands of these uiferers write in universal commendation o its great excellence and worth. Once within the dreaded pale of disease, it is worse than folly to be careless, and delay the use of this positive means of cure. Ladies suffering from weakness, bearing-down pain, or weak | O back, and nervous prostration, will find this a specitic remedy. On receipt of \$1.50, "The People's Common Sense Medical Adviser," a book of over nine hundred large pages, will be sent post paid. It contains a THE HANDSOMEST AND BEST STO Address the author, R. V.
