### SKEPTICISM.

Nowadays people doubt nearly everything They forget that the known facts of to-day constituted the knotty problems of hypothesis but a few years since. Unsuccessful practitioners of medicine quote the doubts and uncertainties experienced by Sir Astley Cooper, who lived not long after Harvey the most reasonable prices. discovered the circulation of the blood, as evidence that but little is known of medicine aside from conjecture, entirely ignoring the fact that their competitors are daily healing diseases which Cooper thought incurable. Is not such ignorance criminal? Catarrh, the most common and most incurable of all serving as a volunteer officer in the Kaffir nor and that action has been pronounced chronic diseases, readily yields to the healing Remedy when used with Dr. Pierce's Nasal Dauche. If the case be complicated the blood must be enriched and purified by Dr. Pierce's Golden Medical Discovery. No remedy yet known equals the Discovery in permanently curing affections of the lungs, liver, blood and skin. If allicted with constipation try Dr. Pierce's Pleasant Purgative Pellets. They are a sure cure. Dr. Oliver Wendell Holmes, in a late address, speaking of our progress, said. "To those of my gen Kingston, delivered a lecture on "The eration this modern world, which most of ual source of wonder, a standing miracle. Science and art have so changed the aspect of every day life that one of a certain age might well believe himself on another planet or in another stage of existence." No longer does the sedentary man or the delicate woman suffer from torpid liver, constipation or drastic medicine. Science has demonstration that the concentrated extracts are more potent and reliable than the huge doses resorted to by our forefathers, hence the great sale and popularity of Dr. Pierce's Pleasant Purgative. Pellets, which are safe and certain as a cathartic and anti bili
