The Hon. Peter Mitchell's motion asking for the details of expenses connected with the Governor General's visit is looked on FOR SALE, THE FURNITURE, Lease and Good Will of the most Popular with the use of the Paris Conformateur, the Hon. (whence comes the title?) D. A. Smith gives the key to the mystery here, he speaks in the debate :

Mr Smith (Selkirk) referred in appreciative terms to the visit of the Governor Gen eral to Manitoba, and said that his speeches had been of more service to that Province than a whole army of emigration agents. (Hear, hear.)

Dear old saint, how I grieve that I was not there to witness his 'umble diffidence towards, ah! Mr ah! Speaker; Mr ah Speaker. I sh!" &c. And then those bonest old paws -how they were washed all the time with the most slippery of invisible soap; and then the perpetual smale on citizens of Kingston and surrounding | about the matter? Simply this : from be-Hudson Bay Co., officials took the whole party in hand, and got all the money, charging their own prices, improving their own property. "Silver Heights" alone-the personal property of the Hon (?) D. A. Smithwas improved by the building of a "Ball Room," which was never used, at the cost of the people of Canada. Such facts as this are the facts that the Hon. Mr Mitchell wants to let in the light on by his motion. So wish him success, and hope that the Hon i.

D. A. Smith will be thoroughly investigated -that is the English of it. I may mention, while on this subject that the Lieut. Governor (Morris) and the whole people of Manitoba were totally ignored in respect to the Governor General's visit to the Province. Governor Morris was never officially notified of the intended visit; and fact had to ask Hudson Bay officials for information on the subject. "Sandy" think this a snub to Governor Morris.

We think it, and take it for an insult to the people of Manitoba, and in turn we will saub D. A. Smith and "Sandy" at the elections. Donald A. Smith was despatched to Manitoba as an "avant courier" to make arrangements for the reception of the Governor General of Canada. The Governor General's Lieutenaut, Morris, was silently and most insultingly ignored. The people were never officially notified of the intended visit. Had it been any other than Lord Dufferin and his wife, they would have been most coldly received. Now what did Donald A. & Co. do with the money? That's the

"Kittson & Co." means a St. Paul Ring of Hudson Bay sharpers, who have for the past seven years been fleecing the people of not Manitoba alone, but of the whole of the Dominion of Canada, public certain facts which have been long in freight. Fancy-it is about 500 miles from St. Paul to Winnipeg. Well, from Toronto to Duluth, above 1,000 miles, costs about 70 cents a ton (2,000 lbs.) From St. Paul to Winnipeg, via "The Kittson Line," costs from 21 to 41 cents a pound, \$45 to \$90 a ton !- three times what it costs from Liverpool to Toronto-100 times what it costs from Toronto to Duluth. So that "Kittson & Co.," D. A. Smith, the Hudson Bay Co., or whatever name they call themselves by, take from \$300,000 to \$500,000 . year from the people of Canada, and to the extent of that amount assist in building up St. Paul at the coat of the people of Canada in general and of Manitoba in particular. Other lines have been started in opposition . to this "Kittson" monopoly. "Hill, Griggs & Co." were bought off. "The Merchant's Line" had their principal steamer run down 500 3-lb catties IMPERIAL TEA at \$1 | reso BE SOLD BY PUBLIC AUCTION, deliberately and sunk in the river. And then in pursuance of the power of sale con- their steamers were gobbled up by a naked tained in a mortgage, bearing date the fleece on the part of the "Kittson Line." will be produced at the time of sale, on | "Kittson Co." simply means banding over SATURDAY, the 27th day of April, A.D. the whole carrying trade of the great Northboth Hudson Bay officials, and the nephew of D. A. Smith-Stephens of Montreal. "Sandy" still intends to hand us over to the American Railway Ring, and "Kittson & Co," and D. A. Smith & Co, are the mediu. through which we are to be sold, and are among the principle vampires by whom our fearful iniquity to be consummated? The Colonization Railway Bill of Minister Min is but a blind. Once let the vampires get held of the "Pembina Branch" and they will afraid it may be already too late. The iniquity, I fear, is already consummated. The Hon. Mr Mackensie declared, in answer that no such lease had been entered into Pittsburgh, are requested to make payment I find Donald A. And it is scarcely ing the opening of the Spring campaign on worth while for any party or any persons the Indians, when plunder and thievery can antagonistic to the bondholders' interest to be practised with perfect safety, as the heads amuse themselves or others with any doubts departments are too busy themselves as to the financial ability of the purchasing sharping to have any time to look after the party. Such doubts can only be suggested lesser rascalities of their subordinates. All by those who do not know, or affect not to tine, and you can rely on the information extinguish all real or pretended scepticism on this subject, it will suffice to; say that the financial head centre of the new organization, which has succeeded to the bondholders' interest, is Mr Stephens, the President of the Montreal Bank, the wealthiest and most powerful institution in North America, one of his chief associates in the purchase being Hon. Donald Smith, the governor of the Hudson's Bay Company, and one of the chief directors of that great bank. M. Stephens is one of the wealthiest men on this side of the Atlantic, and Mr Donald Smith is also a very heavy capitalist, and their own means and credit are so great and their connections with the great capitalists of England are such that they can unquestionably command any financial support they may desire for any enterprise they undertake. Their great financial strength sufficiently indicated, indeed, by their abili ty to swing such a colossal transaction as the purchase of the twenty odd millions of St. Paul and Pacific bonds, an achievement L fore which all competitors recoiled as beyond their strength, and though by the terms finally agreed upon they are not required to pay money down for the bonds, but to replace them with new bonds not to excee-\$12,000 per mile, their ability to make such an arrangement is itself sufficient proof of with our great variety of BOX AND PARthe exceptional degree to which they command the confidence of the whole public. Such is the financial standing of the gentle- times at men whom Messrs. Hill and Kittson have enlisted to back them up and co-operate with

them in this great enterprise. More than that, through their influential Canadian associations they have been enabled to obtain the support and co operation of the Dominion Government in the adjustment of their connections with the railroad system of Manitoba. They have, in fact, effected a lease, on favourable terms, of the Pembina Branch of the Canadian Pacific, which the Dominion Government is about to put under contract to be completed to the boundary line simultaneously with the completion of the St. Vincent extension." It is immensely fortunate for the Minnesota that the St. Paul & Pacific railroad lines which gather in their immense sweep the whole central, western and north-western regions of this State have fallen indo the hands of these powerful Canalian capitalists and their Minnesota associates; for by this means the St. Paul & Pacific system [will be united in intimate alliance with the Canadian aystem of railways traversing Manitoba and the fertile belt west of the Rocky Mountains, while the inlerests of the Canadian and Minnesota parties furnish an ample quarantee that this system will forever be kept free and independent o, the Chicago lines. The great capitalists who 100 bush Eastern Timothy, now control the St. St. Paul & Pacific are not only immensely strong in their financial resources but they are still stronger in their command of all the instrumentalities necess ary to assure the future of the enterprise, to the sharks of St. Paul and the Hudson and we hazard nothing in saying that in five years the St. Paul & Pacitic will be one of the best paying, most prosperous and strongest railway companies in the United States. We have deemed it proper thus to make

> well known to us in regard to the financial footing of the new bondholding organization of the St. Paul & Pacific in order to diabuse some of the antagonistic parties of misappro hensions which may lead them into a useless waste of their valuable time. The following is from the Free Press of to day. I think it will be quite plain that A. Smith is quietly sacrificing the true interests of Manitoba, and of Canada, to a St Paul Ring, of which he himself is one of the ringleaders, and of which Minister Mills, Alexander Mackenzie and the rest of the "copper" fastened Ministry at Ottawa are

the pure tools and silent partners :
