vessel was taken by a Russian privateer, brought into port and condem: the English Admiralter

of the capter. If he cannot not really belong to a belligerent, in which | reply. case he would have to pay heavy damages to the State to whom it does belong. By the Treaty of Paris certain countries, in the exercise of their sovereign rights, agreed henceforward not to have recourse, seting under letters of marque, granted by the State.

As to what constitutes contraband war no two countries have ever agreed. Russin would, therefore, pretend to find an excuse for issuing letters of marque, or pleading that we were unfairly condemning as contraband of war what, by international law, is not contraband.

But the radical error in the whole Times correspondence is to suppose that your-tongue-and feel-of-your pulse doctor Russia could not prey on our commerce, were she to maintain the Declaration of | regard to Dr. R. V. Pierce's original method Pagis in regard to privateers, and were of distinguishing all forms of chronic disher ports to be hermetically sealed up, case without personal consultation. Some Nothing would be easier than to have even suppose that he accomplishes this what, practically, would be privateers, of professional jugglery. All this is utterly without violating the agreement to abolish false. He claims to determine disease "la course" A term which is used in a the rational method of science only. Says bechuical sense is most limited in its ap. Comley, in his Biographical Encyclopedia of plication, and, if used in a general sense, New York State, speaking of this distinmost vague. What would occur would be | guished physician : "He perceived that in precisely what did occur during the Ameri- | each of the natural sciences the investigator can civil war. A Russian agent would | proceeds according to a system of signs. The buy a ship, say in a Spanish port. It | geologist in his cabinet accurately determines would be equipped to act as a vessel of and describes the cleft of rock, which he has war, but it would not be armed. It would never seen, from the minute specimen on his then innocently sail out of the port. At table. And the chemist in his laboratory say the Azores, there would be guns for it in another ship. The first vessel would rock salt. The analogous system developed sail to the Azores. The second vessel by Dr. Pierce in Medical Science is worthy would issue from the Azores. Beyond of his genius, and has made him celebratthe three miles territorial limit-that is ed." For a full explanation of this ingeniou to say, on the high seas-the guns would system of diagnosis, see the People's Comfirst vessel. A Russian naval officer, to any address on receipt of one dollar and Stoves and Tinware, be transhipped from the second into the | mon Sense Medical Adviser, sent, post-paid, | 7 his commission, and the vessel would Pierce, M.D., Buffale, N.Y. become a Russian ship-of-war.

TWO CURIOUS SUGGESTIONS. It may be said that (1) our consuls for the purpose of paying off an enormous debt. Free Frade has driven Canada deeper agents from playing this trick. I deny and deeper in debt. that it would be possible to watch every trick, but that the business of selling such essels is perfectly legitimate. 2. That the Grand Central Hotel, New York. It is such a vessel of war should be unable to concededly the best kept and most popular oal. Rather, it ought to be said, that among all its rivals. for, if it would pay a heavy price, it The Reform Press have been claiming M. would be certain to be able to obtain coal Turcette, lately elected for Three Rivers by and other supplies.
