An excellent tea was provided by the ladies of the congregation, who did all in their power to minister to the wants of their guests. During the afternoon Montgomery's band delighted the audience with sweet music, and Mr George Abrams, piano agent in Kingston, placed upon the grounds, at his own expense, a very handsome and powerful piano, which helped much to make the afternoon pass pleasantly. About sixty dollars, clear of all expenses, were made, with which it is intended to thoroughly renovate and retint the inside walls of the church.

A REASONABLE REQUEST. - Dr. Day, dentist, petitioned the City Council on Monday evening to have a young tree removed from opposite the window of his operating room, which faces on William street, opposite Dr. Yates' surgery, and which somewhat interferes with the light in the room. The request is a reasonable one; and while the Council encourages the planting of trees, no objection can be made to the reasonable request of Dr. Day. No doubt the Committee on Streets will report favourably.
