From Kingston to Halifax.

merry pace, which was kept up during the Halifax, July 24th, 1878. succeeding twenty-two or twenty-three hours till we arrived here. Of the last secbour of Halifax, my mind runs back over It was a journey through a wilderness of cedars and pines, and snow fences and cover ed cuts. We had very good meals when we consider the country we were in, and it reminded me of a journey through the wilds of thought a slight description of what we Arkansas and Texas. We retired in due saw might be of interest, even though mine time to our berth's in the Pullman and slept. is not 'the pen of a ready writer.' As we In the morning, after breakfast, the country passed Fort Henry and Cedar Island I had took an appearance of civilization, and by 11 my last look at our beautiful city and a.m. we passed through some pretty scenery, and soon reached the bay which forms the every Kingstonian and worthy of admiration by those who have sailed in and out of its unrivalled harbour. I expect to see many sights of interest and great beauty but none champion baggage piler of America, for he claim dicance. No! not even the Lakes of Kiltook four immense tranks on his back. larney or the Loughs of Scotland nor the many scenes on river, lake or bay famous i reached the hotel in safety. This city of history or written of by modern travellers. Halifax is a queer place, so it must seem at hazard the assertion that nothing can equal least to everyone but a native. It is in truth the noble and grand St. Lawrence from its "a city set on a hill," with a fort on the in the ocean. We are all familiar with the crown of the hill, and the city covering the river and its varied beauties for many miles side sloping down to the water's edge. The adown its course, and although I have sailed | harbour, as all know, is splendid, the wharves in and out among the Islands called "Thou. | good, and the shipping indicates considerable sand," I yet enjoyed the sight of the pretty | activity in business, while four men-of-war spots where we had camped, and new beau. | give an air of importance to the city. The ties seemed to burst upon us in this ever. | town is dingy, but that comes from the unichanging panorama as our splendid boat fol. versal use of soft coal. But the funniest lowed the channel-in her swift and easy | thing about the city is that many of the motion she seemed to skim over instead of houses are shingled on all sides, just like the Bird through the water. I may say, en passant, roof. How this is I don't know. The pubthat the Royal Mail boats are very time with | lie gardens are very beautifully laid out, and good capable officers and every accommoda | the people may well be proud of them, as tron that one could wish, for a limited they are ahead of anything in the Dominion,

could supply with state rooms. This, of park on this continent. Even the discomfort I mention could not spoil the delight of the trip, for in every other respect these boats TUM, which is carrying off the infants and are worthy of all praise and the traveller chridren by the thousand at this season of can with every feeling of safety enjoy the the year, can always surely be checked and beauties of unique scenery as we glide among | cured by Dr. Fowler's Extract of Wild the islands and past the towns and villages | Strawberry. It has never failed to give on the shore, while the islands in some cases | immediate relief in the most severe cases. present to the eye of the voyageur, farms It is a bood within the reach of every mothneatly laid out, and houses, barns, &c., er. Do not fail to give it a trial. You will which betoken good crops and give evidence be pleased with its charming effects. For of thrift and economy. We touched at sale by all dealers. Milburn, Bently & lananoque, Brockville and Prescott with-Pearson, Toronto. out anything worthy of note occurring, other than the continued enjoyment of the great seauty around us. As we approached Prescott we met the Passport with "A" Battery on board returning from Montreal. Lusty | Messrs. Milburn, Bently & Pearson, cheers were given and returned. From Kingston to Brockville the river is, of Strawberry has cured the worst case of course, one continuous route between and Summer Complaint I ever knew. Our little

responsibility of guiding one of those large !

steamboats, with its hving freight, through

the boiling waters and swift current. I had

heard of the "Split Rock," and how one or

this passage, but I never could have pictured

ident. We must imagine the water rushing

to my mind the scene of such a dreadful ac-

along with a velocity truly startling, then

picture on either side of you rocks showing

their rough brads out of the water, and think

of a large steamboat, running at the rate of

from 20 to 30 miles an hour, as she does run,

so that we pass by the shore so rapidly that

you cannot clearly distinguish anything

thereon, although quive close, and then last

of all imagine the water foaming and boiling

as though it were a witch cauldron on a large'

scale and all the demons of the earth were at.

hually see as you race along the water rush

and run to mad billows past us, and at times

a great wave would strike our bow as though

and all this while our boat is actually going

down, for again and again you could feel the

deck give way under you as she seemed to

dive down, and yet never stayed nor stopped

took a long, deep breath and glanced up at

had actually held your life in their hands.

They had four mon at the wheel, one being

the pilot, and also two men aft at the tiller

to hold her in case of accident to the rudder

chain. We passed three grand rapids, al-

though the centre one is subdivided into

four. We now passed under the Victo-

ria Bridge and ran alongside the Quebec

boat where passengers were transferred to

very elegant boats, and reminded me of the

boats between New York and Boston. This

passage is uneventful, being made between

p.m. and 7 a.m. The evening, however,

was delightful, there being a large number of

passengers on board, and a few of them mu-

sical, while the night was cool and bright

with moonlight, which was all the more en-

joyable, since the thermometer reached 89

ing. As we neared Point Levis we could

above and vast shipping below, but though

anxious to see the city we were compelled

to journey on. Point Levis is not a very en-

ticing spot nor do they serve you a very ele-

gant breakfast, but travellers soon learn to

Levis about 7:30 a.m. on board the Interco

lenial train but G. T. R. track, and the dis-

tance to Rivieredu Loup is gotten over rather

alowly, while the country and surroundings

make you wish many times that you had

tario as being very barren, and a large num-

ber of the farms bearing what we would con-

ompleted that part of your journey. The

it would crush and break us into fragments

work stirring and troubling its depths, and

more steamers had struck as they attempted
