GRNEYA, MW (TREERLAND,

The foreigner in Paris will never realize

he is ready to leave the botel where he has een struggling for subsistance. The k-cneved chamber maid and the man who assist her have observed that your papers and books, which have been scattered over the room, are no longer scattered, and with remarkable forecast say to one another ; he going to leave, those a tickes are in his value. All at once they have become wonderfull attentive, and anxious for your comfort and welfare, want to know if monsieur is about t sortie, and if he will return. No matter. how much you have been neglected during the weeks of your stay, it will be atoned to new try politeness, in the space of half an hours and, just as you are ready to turn your back on the hotel with its landlady, d whom the Thenardieress of "Lea Miser ables" is not an overdrawn type; with its table d'hote prelude of famine, and its bank rupting bills, all the attacks appear around you as instantaneously as the hests of High landers at the blast of Rhoderick Dhus bugle. They have some for their pair lairy The table boys, who never brought you half enough, and, thên, not till it was cold the negligent chambermaid and her assistant the cook's assistant, and the boy that did not black your boots. Give them three francs apiece; it is the custom of the country-always something more to pay after you have been overcharged. When I complained of the exorbitance of my bill, my laudlady | large and increasing number of people are kindly re-examined it, and added four items | of opinion that the issuing of promises to she had overlooked. I have heard of nothing | pay in the form of bank notes and circulike it, except that the French courts will | fine a man for allowing himself to be run over by a cart on the Boulevard. But to return to the subject : give the servants their pour | by the Government of the country, on the loire, it is about all they get. Their lot is hard It is a said thing to be a Frenchman, but to be a French servant is an interno of

abjectness and misery. "Tis sweet to turn from civic revelry to We had no water to drink, and suffered other discomforts from their antideluvian railroad accommodations. Morning dawned upon us in the beautifule district of Savoy, near Dijon. I have never seen any French country that was not beautiful and highly prospect pleases and only man is vile. Farm labourers were at work with their primitive farming implements, cutting grain women, with wooden shoes or bare feet, were watching little herds of cows, to prevent their transgressing the boundaries of

beir fenceless farms. The plows were drawn by oxen, not in vokes as we harness them, but with a pad fastened around their horns, and pressing this, because Mr George Brown openly against their foreheads, they were pushing | boasted to a gentleman at Hamilton stathe resistance from the beam end of the plow. I tion that the candidate referred to would Inasmuch as the bovine race night by push- be prevented by financial reasons from ing, it being the position that develops their utmost strength, this may after all be the | hoof and letting it be seen that the action most sensible way of harnessing oxen. Now let some American invent an improved pad for the ox to butt against, and he might develop the idea so far as to utilize the kicking

energy of a mule. of French cavalry horses that were being be done to innocent parties, but if it trained and exercised. Their tails were cut | should appear that the public good reshort, a fashion, I observe, quite common quires that the names should be given, in France and England, and coming into use and the public warned of the tacties of in America. It is a cruel fashion for horses one of our great monetary institutions, we have a right to their tails to night flies; be- will not hesitate to lay bare the whole tremity is necessary to the health of the President referred to-he will know who vertebrae. The bobtailed horse will in time become discouraged and cease to wag his tail, and this disuetude will react upon the health of the animal. No horse should be deprived of the usufract of his tail. I find I am at the bottom &t the page without having written about Geneva. There is nothing | wages and developement of her national much to write about except fine views of the resources. Aips and Mont Bianc. The city seems to be about equally divided between watch factories, music box factories, mosquitoes and
