### Incontrovertible Facts.

Mr Charlton, M.P., for North Norfolk and a Reformer, in 1876 laid down six propositions concerning the National Policy which cannot be controverted. These are the following :-

1. A Government may be paternal and yet

No nation has attained to greatness in manufactures or commerce without having imposed exactions and restrictions. 3. That protection is especially neccessary in a new country and ours is a new coun-

try -- to enable it to compete with countries where manufactures are established. 4. That judicious protection here fits the nation at large, and especially the farming interests that it created a home market for

5. That the experience of the United States under protection was a clear and marked illustration of the benefit of protec-

6. That the tendency of protection is not
