THE COUNCIL MERTING. -The meeting of the City Council last night was long and at times very stormy. The principal point in dispute was the by law striking the rate of taxation for the year, this being ultimately put down at 16 mills on the dellar. The question of the lowness of the city's assessment was prominently brought out, and it was shown that if the city was assessed at anything like its proper value the taxes need not exceed 14 THE JUBILEE SINGERS. - A good audience mills on the dollar. I am happy to think, as I hope, that you have put them in such a condition that they may last him for many years to come, which otherwise could not, but would have become lost in the course of a short time.
